RE: Early Graduation Request/Plan

I am writing to request permission to graduate from Irrigon High School after the completion of my junior year. I have listed below some of the reasons this would be best for me.

I completed LA 1 my 8th grade year, and also received 2.5 high school credits by passing the Eastern Promise proficiency test in Spanish. By completing the classes I am currently enrolled in, and passing 8 next year (schedule is listed below), I would end the 2016-17 school year with 26 credits, and will have met all subject area graduation requirements.

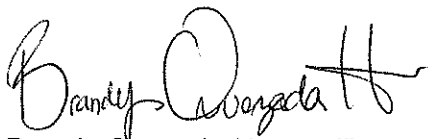

I currently have 28 college credits and plan to attend BMCC during the 2017-18 school year to work towards my AAOT. My plans are to then transfer to Portland State University to complete a 4-year degree in pre-dentistry.

I have talked to my mother, sister, Mr. Royer, Mr. Keefauver, and others about this decision and the reasons I would like to graduation early, and I'm confident that this is the right decision for me. Thank you for your consideration.

Current high school credits earned (as of 5/16/2016)	14
Current semester credits (2 nd semester, 2015-16)	4
Potential 2016-17 Credits	8
TOTAL	26

2016-17 School year schedule
