for work at:  
Northome School  
11371 hwy 1  
Northome, MN 56661

Price estimate for removing old score boards, and reinstalling new score boards in gymnasium. Price listed is for labor and materials for the following.

- Scissor lift rental for one day
- Disconnect power from and remove existing score boards. (to be hauled away by others)
- Reconfigure power as required for new score boards
- Install new scoreboards (supplied by others)
- State and local inspection fees

\$2,500.00

Price assumes one trip to be scheduled and coordinated with customer. Protection of gymnasium floor from wheels of scissor lift to be supplied by customer. Any low voltage control wiring for new score boards to be added cost on time and materials basis. Scope of work covers installation and verification of power to new boards, no control work or programming figured. Bessler electric will coordinate any required electrical inspections.
