

Minidoka County School District

## **Insurance Renewal Option**

**February 22, 2016**

Minidoka Trustees:

Our district is currently insured with Moreton Insurance, who provides us with excellent customer service and a dividend refund because they are associated with ISBA. We have had a request to give us a quote from another company. However, I wanted the board's input on whether we need to go out to bid or, because this is a professional service, we continue to just renew our contract with them.

I asked Mr. Tribe to provide his opinion, which he did in an attached document.

**Recommendation:**

Based on the opinion of Mr. Tribe, it is my recommendation that the board approve the renewal of our policy with Moreton Insurance without the need to go out to bid. I make this recommendation based on the close relationship we have with ISBA and the fact that Moreton Insurance is the only provider that also works with them in such a close way.

Respectfully Submitted,

Kenneth W. Cox  
Superintendent
