**SUBJECT: Web Hosting Bid Results**

We would like to discuss the web hosting bid at the Monday, February 3, 2014 Finance Committee meeting. Please find attached a recommendation memo from Ken McMullen, Senior Communications Specialist, recommending the lowest responsible bidder, SharpSchool. In addition, he has provided a detailed Web Hosting Bid Tabulation document and a one-page summary of expenditures for the two companies that met all the bid specifications. Also note the resource for the annual subscription and one-time implementation costs will be from the Building and Site Technology Fund.

Ken McMullen will also be available on Monday night to answer any questions the Board may have at that time.

Please let me know if you have any questions. Thank you.
