

Breakdown by Product Version

Developer	Total Cost	App v1.0 Development	App v1.1 Development	Support & Maintenance	Additional Costs	Comments
Infojini, Inc	\$60,105.00	\$29,100.00	\$18,480.00	\$11,125.00	\$1,400.00	Appears that all applications that are designed are done so using responsive web design with minimal aspects of the native device operating system involvement. Specifically, the RFP requested the majority of content to be rendered natively in the mobile application itself, which would enhance the experience. This particular type of development is what is currently being done by our current mobile application developer.
Paramount Software	\$62,000.00	\$60,000.00			\$2,000.00	Vendor provided hourly rates for maintenance and support for each year, but did not provide estimates for the overall estimated cost for each of those years. Appears that all applications that are designed are done so using responsive web design with minimal aspects of the native device operating system involvement. Specifically, the RFP requested the majority of content to be rendered natively in the mobile application itself, which would enhance the experience.
engage2serve	\$198,000.00	\$82,000.00	-	\$100,000.00	\$16,000.00	\$6000 of additional cost amount is for onsite visit. Each onsite visit will cost \$6000 meaning that the over cost could increase substantially depending upon onsite meetings
Eno8	\$233,840.00	\$68,680.00	\$16,960.00	\$91,200.00	\$57,000.00	Amount spent for maintenance and support can be modified on a quarterly basis based on need, and prices are at a discounted rate. Additional costs include Amazon Web Servers, which could be a separate expenditure/contract.
42 Lines	\$283,710.00	\$249,800.00	\$28,000.00		\$5,910.00	No support mentioned in proposal, could exist as a hidden/additional cost. Additional cost is for a single Onsite Discovery session, as the company is not local
MNK Infotech	\$348,330.00	\$158,580.00		\$189,750.00		Did not provide specific information related to the support or application development phases. Instead simply provided lump sums for amounts
Praxis	\$522,100.00	\$116,500.00	\$15,600.00	\$390,000.00		Support & Maintenance value is for support only. Maintenance cost would be \$24/hour for additional maintenance.
