Personnel Review Custodial

Best Wishes, Get Well Soon

Go out to three of our Head Custodians.

- Andy Andrade – North Valley H.S
- David Bellenbaum – Lincoln Savage M.S
- Nathan Munro – Lorna Byrne M.S

Each of them have been sidelined for awhile, but are doing well and should be returning to work shortly.

I am pleased to report during their absence that the custodial staff have stepped up to fill this huge void. I would like to commend:

- Butch Schenhoff
- William Roselle
- Matthew Encinas

Each are doing an outstanding job.

Congratulations

“It’s a Boy”

The whole custodial staff congratulates John and Leona Johann on the birth of their son Justin on October 20th. Both Mother and son are doing well, but not too sure about Dad 😊.

Staffing

The first two month have proven to be hard on our substitute custodian pool. We lost approximately 10 subs from last year due to a variety of reasons. In addition, we have had an unusually high number of custodians out for the beginning of a school year. Over the past few weeks we have been able to sign up and train 7 new sub custodians. Which brings our pool to 12. We currently have five positions being subbed long term

Inspections / New Equipment

Inspections

- We continue to conduct monthly custodial inspections. Overall the custodial staff are doing a great job. However, we continue to find ways to improve the quality our cleaning.
- We would like to commend the custodial staff at Lorna Byrne Middle School for their hard work and dedication. Their custodial inspection was outstanding this month.

New Equipment

- ARAMARK has purchased some new equipment. This new equipment will clean at a higher quality and allows us to cover more square feet in less time.

- We have received three new T-3 Ec-H2O Auto Scrubbers. These will be going to Lorna Byrne M.S., Fleming M.S and Applegate School.
- We have also received two new Tennant 1260 Self Contained Carpet Extractors. These will be going to Applegate School and Lincoln Savage Middle School.

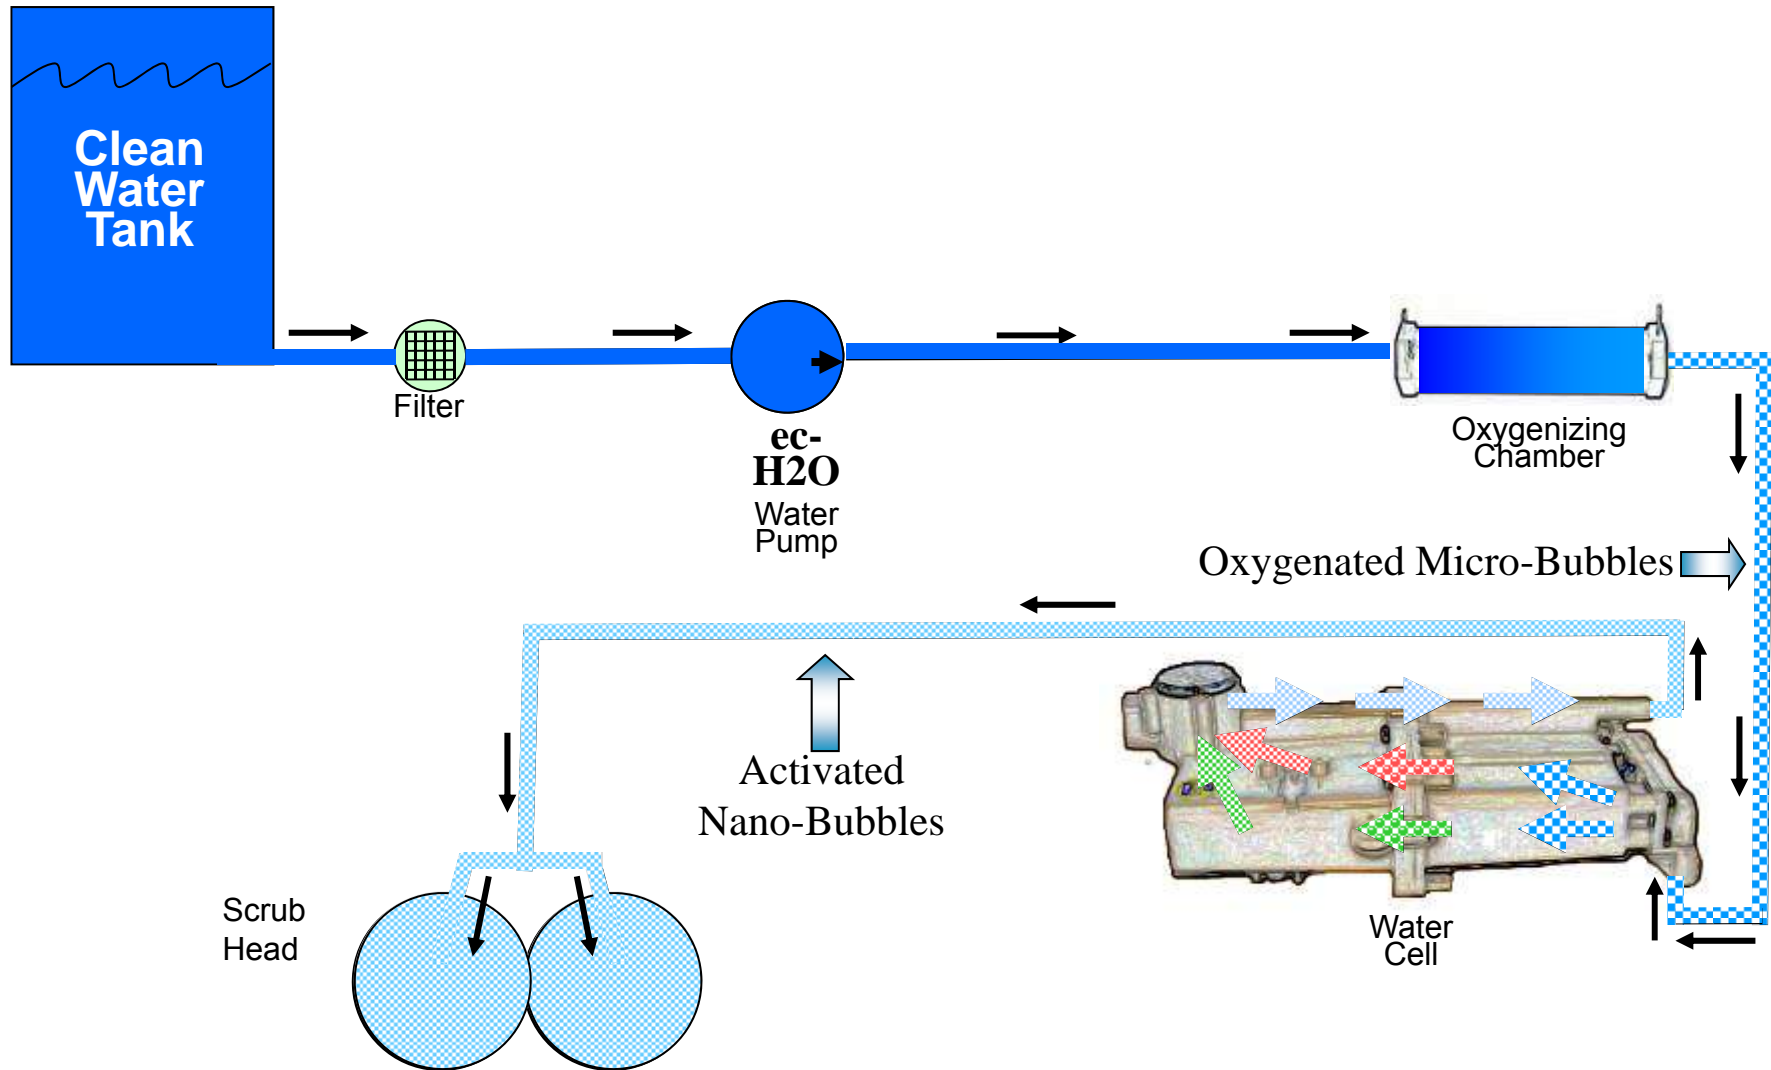

T3 Ec-H2O 20" Auto Scrubber

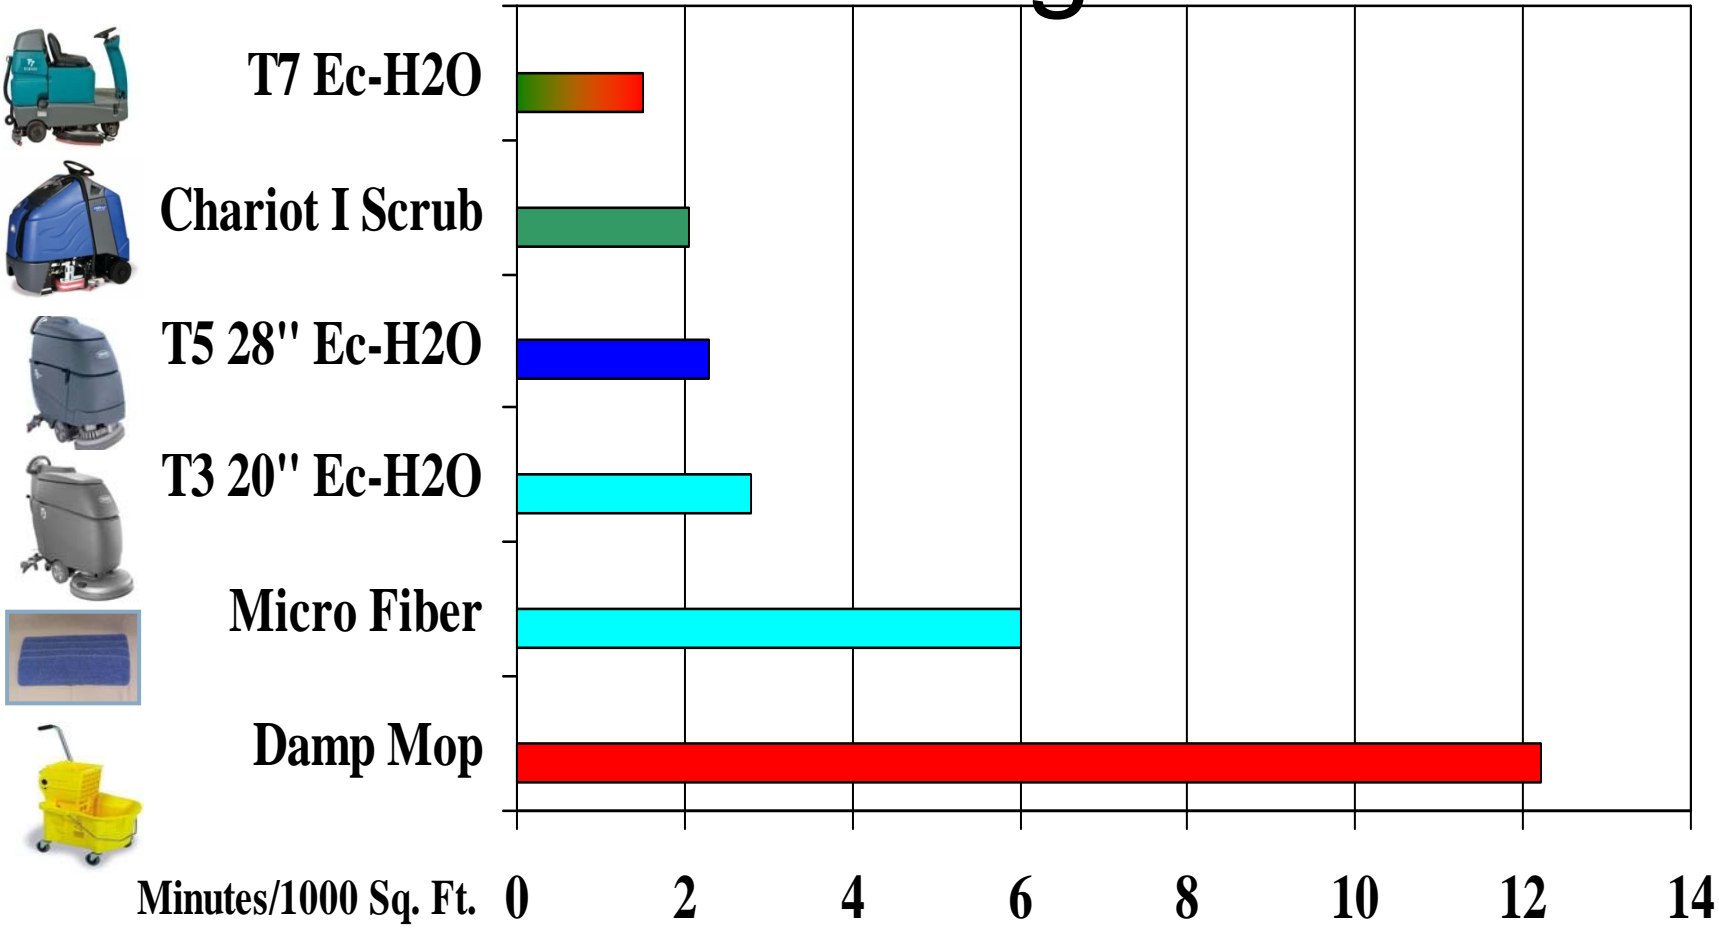

- Features the Ec-H2O cleaning system
- 20" scrubbing paths
- 10.5-gallon solution & recovery tank
- Sound level—68.5 dBa
- 64,000 square foot coverage maximum

Ec-H₂O

- Creating a Cleaning Agent

FloorCare System Damp Mopping vs. Auto Washing

1260 Self-Contained Carpet Extractor

- Features an expandable solution tank with a capacity of 10 gallons
- 20” brush and vacuum head
- Adjustable clean head pressure which delivers the right amount of agitation without damaging the carpet.
- Certified by the Carpet and Rug Institute.
