Greetings,

Congratulations, your application for school year 2022-23 under the Indian Education Formula Grant Program for Local Education Agencies, Title VI of the Elementary and Secondary Education Act, has been initially reviewed and approved by the Office of Indian Education.

No action is required from your entity at this time. However, we urge you to periodically check your email messages over the next few weeks. OIE will perform a final reallocation of funds that may have become available during Part II and may perform interim allocations prior to the final reallocation. For interim or final reallocations, if the change is significant (increase or decrease by the threshold of \$5,000), you will be asked to update your budget amounts among previously approved line-item categories. **If for some reason you do not respond to requests to update your budget change by the deadline, your grant will be issued with special conditions attached.** As a reminder, the budget allocations you entered in Part II are an estimated amount until you receive your final electronic Grant Award Notification (GAN).

If you have any questions, please contact the Partner Support Center (PSC), which is available for questions between 8:00 a.m. and 6:00 p.m., Eastern Time except for federal holidays.

Sincerely,

Partner Support Center on behalf of the Office of Indian Education (OIE)
