March 14, 2022

Our current Advance Time Attendance Enterprise Software is being retired by Dec. 1, 2022,   After Dec. 1, 2022 there will not be technical support available. They are offering a new version "Attendance on Demand" . The basic same look and feel with enhanced features. But the cost is more- we currently pay $2,625 per year for Annual Software Support.

The new version is a cloud version and would cost $2.95 per employee/per month. Plus $2.95 for Administration Users: the cost per month is broken down as follows

75 hourly employees times $2.95	$221.75	
13 Salary employees times $5.90	$76.50	
5 Elected - times $2.95	$14.75	who need to approve time cards
11 911 employees times $2.95	$32.45	
2 Admin Users	$5.90	
18 Circuit Court employees times $2.95	$53.10	
2 Admin Users	$5.90	

Aprrox   total per month $409.85 x 12 months = $4918.20

Plus a $650.,, implementation services

Alternative:
- Back to paper timesheets
- BSA - but doesn't have the accountability that ATM has
      Cost back in 2016 when I checked it was approx.. $14,000
      With Annual Maint. Fee of $1,150
- Search for another program

If we stay with ATM, they will migrate our payroll rules and set up and our history to the new system.
