Subject (What needs to be printed on the agenda): Memorandum of Understanding School-Based Children's Mental Health Services		
Executive Summary (Brief description of agenda item):  It is time to renew our Memorandum of Understanding (MOU) with Central Counties Services. Central Counties Services is a school-based children's mental health service that covers Bell, Coryell, Hamilton, Lampasas, and Milam counties and provides outside counseling services to referred GISD students with a qualifying disability by qualified health personnel. This memorandum allows for Central Counties Services to provide this service during the school day on our campuses as they have in the past. The MOU formalizes the partnership and outlines how GISD and CCS work together. We are anticipating higher needs for mental health services. The case load for CCS will be from both public and district referrals.
