*Adkins, Rayzor-N, and Wilson: These campuses can balance class sections; however, balancing/Reassigning students at this time would create a disruption to student learning.

***Houston, Newton Rayzor, and Evers have been approved for additional staffing which will impact the number of waivers for those campuses in January.

BOARD GOAL:

Vision – In pursuit of excellence, the district will remain committed to providing equitable and outstanding opportunities for every student on campus.

PREVIOUS BOARD ACTION:

No previous Board action for the 2016-2017 school year.

BACKGROUND INFORMATION:

Maintaining a 22:1 student to staff ratio in all Kindergarten through 2nd grade classrooms is a priority for 2016-2017. Staffing guidelines for the 2016-2017 school year are 22:1 in Kindergarten – 2nd grade; 24:1 in 3rd and 4th grade; and, 25:1 in 5th grade. During the legislative session of 2011, the district was forced to revisit staffing guidelines in an effort to address significant funding issues. Since that time, the District has continued to move toward staffing that meets the 22:1 staffing guidelines for all sections of Kindergarten – 4th grade.

SIGNIFICANT ISSUES:

In situations where enrollment warrants additional support, instructional aides and additional FTEs may be assigned to support student learning and teacher instruction.

FISCAL IMPLICATIONS:

Consideration(s) of additional FTEs and/or instructional aides are carefully weighed in collaboration with principal recommendations. Other fiscal implications to be considered are classroom space availability and program integrity (i.e., dual language, etc.). As the district maintains fiscal responsibility, while addressing limited state funding, we will continue to improve staffing guidelines with a goal of returning to the required 22:1 ratio for all Kindergarten – 4th grade classrooms. We will do so in a manner that avoids similar staffing cuts experienced in the wake of the 2011 legislative session. As of today's date, the cost to accommodate the state (unfunded) mandate related to maximum class size in Kindergarten – 4th grade would cost Denton ISD approximately \$1,080,000 (18 FTEs x \$60,000). The total number students impacted by the class size waivers is 63 students.

BENEFIT OF ACTION:

Passage allows flexibility in consideration of student/staffing needs and space availability while striving to maintain K – 2nd grade staffing at 22:1 for the 2016 – 2017 school year. Flexibility also allows campus principals to assign students based on the individual needs of students.

PROCEDURAL AND REPORTING IMPLICATIONS:

Texas Education Agency will process the formal request as approved by the Denton ISD board of trustees.
