

INSTRUCTION

Development of an Artificial Intelligence (AI) Plan and AI Responsible Use Guidelines.

Use this procedure to develop a plan for the use of artificial intelligence (AI) in the District and guidelines for the responsible use of AI in support of student learning, educators, and/or District operations, and to facilitate compliance with existing law.

Glossary of Terms

Artificial Intelligence – a machine-based system that, for explicit or implicit objectives, infers, from the input it receives, how to generate outputs such as predictions, content, recommendations, or decisions that can influence physical or virtual environments. *Artificial intelligence* includes *generative artificial intelligence*.

Generative Artificial Intelligence – an automated computing system that, when prompted with human prompts, descriptions, or queries, can produce outputs that simulate human-produced content, including, but not limited to, the following: (1) textual outputs, such as short answers, essays, poetry, or longer compositions or answers; (2) image outputs, such as fine art, photographs, conceptual art, diagrams, and other images; (3) multimedia outputs, such as audio or video in the form of compositions, songs, or short-form or long-form audio or video; and (4) other content that would be otherwise produced by human means.

U.S. Dept. of Education AI Toolkit (AI Toolkit) – refers to *Empowering Education Leaders: A Toolkit for Safe, Ethical, and Equitable AI Integration* (Oct. 2024), published by the U.S. Department of Education's Office of Education Technology, available at: http://downloads.microscribepub.com/il/press/federal_resources/FINAL-ED-OET-EdLeaders-AI-Toolkit-10.29.24_20250221.pdf.

<u>Actor</u>	<u>Action</u>
<u>Superintendent or Designee</u>	Convenes with Teaching and Learning for the purposes of: (1) developing, implementing, monitoring, and updating a District-wide AI Plan consistent with Board policy 6000, <i>Educational Philosophy and Objectives</i>, which addresses the District's approach to the integration of AI; (2) developing, implementing, monitoring, and updating District guidelines for the ethical, equitable, and sustainable use of AI to enhance student learning, support educators, and/or contribute to District operations; and (3) responding to issues that arise as students and educators use AI for learning. (See AI Toolkit, p. 37). Ensures that any specific AI-enabled tools considered for use in the District are vetted. Makes recommendations to the Board about vendor contracts for AI-enabled tools, as needed and in alignment with Board policies 3310, <i>Purchases and Contracts</i>, and 5605, <i>Use of Educational Technologies; Student Data Privacy and Security</i>. Provides professional development opportunities/resources, as appropriate,

<u>Actor</u>	<u>Action</u>
	<u>to staff members who may utilize AI in their work.</u>
<u>Teaching and Learning Department</u>	Identifies specific goals regarding AI. Goals include (AI Toolkit, p. 38): • <u>Identify current and potential uses of AI for student learning in the District.</u> • <u>Gather evidence on the uses both from published research and from experience in the District.</u> • <u>Collect information on topics related to the risks of these uses of AI including data privacy, algorithmic bias, incorrect or misleading results (also referred to as <i>hallucinations</i>), content moderation that impacts learning, and equity risks.</u> • <u>Create an initial risk management plan based on the information collected in the previous bullet point.</u> • <u>Recommend professional development opportunities for educators and staff regarding use of AI to support student learning.</u> Identifies the opportunities and risks/challenges of the use of AI in the District: 1. <u>Opportunities for effective use of AI in the District may include, but are not limited to (AI Toolkit, p. 5-6; see also Teach AI's <i>AI Guidance for Schools Toolkit</i>, at: www.teachai.org/toolkit, p. 18-23, and https://online.flippingbook.com/view/476927943/22/ for further examples):</u> • <u>Enhancement of student assessment</u> • <u>Addressing learning variability</u> • <u>Adaptation of academic content through personalization, differentiation, or individualization</u> • <u>Reduction of administrative burdens</u> • <u>Assistance with lesson planning</u> • <u>Improvement of classroom materials, including language translations</u> • <u>Improved professional learning for educators</u> • <u>Increased efficiency in operations (e.g., through data analysis)</u> 2. <u>Risks/challenges of AI use in the District, may include, but are not limited to (AI Toolkit, p. 6-9; see also Teach AI's <i>AI Guidance for Schools Toolkit</i>, at: www.teachai.org/toolkit, p. 18-23, and https://online.flippingbook.com/view/476927943/22/ for further examples):</u> • <u>Lack of transparency about AI tools and how they function and collect data</u> • <u>Privacy and data security concerns</u> • <u>Bias and unfairness</u> • <u>Discrimination concerns</u> (see https://files.eric.ed.gov/fulltext/ED661946.pdf for potential examples) • <u>Harmful content that perpetuates stereotypes</u> • <u>Malicious use for cyberbullying, including the generation of</u>

	behavior (for both educators and students), for example, how to cite sources, how to represent one's own work, how to respect copyright and avoid plagiarism, and protecting privacy and security. • Allowable or prohibited uses of AI, such as allowing the use of AI to generate initial ideas and prohibiting cyberbullying. • High-risk uses of AI, such as the use of AI to make decisions which may impact the rights or safety of students and staff. • Consequences for misuse that align with administrative procedure 6420R1, <i>Acceptable Use of the District's Electronic Networks</i>, which specifies how the District will monitor use and respond to misuse. • Recognition that students and staff with disabilities may have unique needs and may require support beyond what the guidelines provide, and that their needs will be considered consistent with the Individuals with Disabilities Education Act, Americans with Disabilities Act, and Section 504 of the Rehabilitation Act of 1973. For sample guidance resources, see Teach AI's <i>AI Guidance for Schools Toolkit</i>, pp. 29-39, at: www.teachai.org/toolkit. Regularly, monitors the AI plan and guidelines and updates them as needed to meet the District's needs and to comply with updates to the law and technology.
<u>Staff Members</u>	Participate in professional development regarding AI, as appropriate. Understand and abide by Board policies.
