

Clackamas Community College

APPRENTICESHIP

Education That Works

What is a registered apprenticeship?

- Registered Apprenticeship provides occupational training that combines paid, on-the-job experience and classroom instruction.
- All programs are registered with BOLI and approved by the Oregon State Apprenticeship & Training Council (which is chaired by the Labor Commissioner)

Registered Apprenticeship

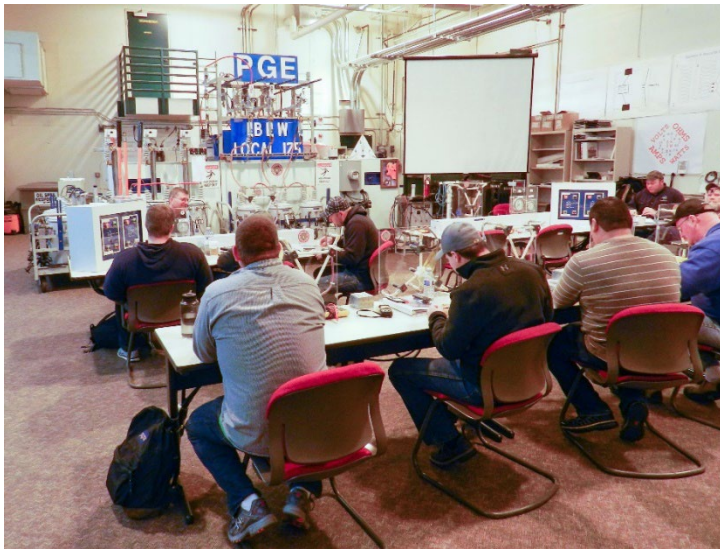

Three Components

- Includes structured On-the-Job Training
- Related Classroom Instruction
- Progressive Wage Increase with skill development (average starting wage \$21.20)

BOLI & OCCAC

According to the Bureau of Labor and Industries (BOLI) there are over 10,455 registered apprentices in Oregon. Every month, over 200 are added and there are currently 3,981 employers who participate in apprenticeship in Oregon and 160 apprenticeship committees who participate.

The Oregon Community Colleges Apprenticeship Consortium (OCCAC) estimates that 80% of those registered apprentices receive their related instruction through an Oregon Community College.

- We currently serve approximately 1300 students per term.
- Our apprenticeship students currently participate in a minimum of 144 hands on related training classroom hours.
- CCC apprenticeship contributes 367.05 FTE each year.

What our students say about apprenticeship

"I credit my apprenticeship as the crucial stepping stone in my career's progression. The experiences in both the field and classroom allowed me to understand certain requirements written in our code books. This path also ignited my passion for teaching, to share my knowledge to the next generation of plumbing apprentices."

-Emma, CCC Plumbing Apprenticeship Graduate and CCC Plumbing Instructor

What does apprenticeship provide to the community?

- Career pathways to non-traditional college students allowing them access to highly skilled family wage jobs along with providing clear degree pathways for trade students.
- Connect local businesses and educational partners to the community college.
- Registered apprenticeships help develop and cultivate a skilled, certified, and engaged workforce for business.

Who are our partners?

Listed below are some of our training agents and partners who work closely with our CCC apprenticeship team.

- PGE, Pacific Power, IEC (Independent Electrical Contractors of Oregon), Area 1 Plumbers, North Clackamas School District, Vans Aircraft, Clarios, Willamette Falls Paper, Product Manufacturing, Shields Manufacturing
