

**Manistee Intermediate School District
Director Report**

Name: Kay Salyer
Department: General Education
Month/Year: October 2014

Manistee ISD will provide services

that will improve teaching and learning.

Kay is presenting professional development on formative assessment, walkthroughs to monitor implementation of the school improvement plan and evaluation information to principals.

Jodi Redman is presenting math information to special ed and general ed teams for middle schools, math network group, helping local district choose a new math textbook series and fraction professional development.

Kim is presenting content literacy professional development, science network at both MISD and WMISD and county-wide PD day topics at both WSESD and WMISD.

Dency is presenting content literacy professional development, ELA Networks; MAPS Mindset, and is helping with the Interim Assessment Project.

to assist local districts to comply with local, state and federal mandates.

There is a mandate for districts to have a data warehouse to collect and analyze data. We have struggled with this mandate for a few years looking for a tool to put our data in that would accept the different types of data from different sources. The state is working on developing a single warehouse for all to use. We have a new data support specialist shared with WMISD and WSESD. Her name is Sally Riffle. She comes to us from Ludington and will be here one day a week. She'll be helping us solve the problem of using a data warehouse effectively.

to improve the quality, enhance efficiency, and foster cooperation and collaboration in our educational service area.

Principal and Superintendent groups completed a book study of *Driven by Data* by Paul Bambrick-Santoyo last year and are continuing with their study of using data for action with a book study of the next in the series: *Leveraging Leadership*.
