

Lincolnshire-Prairie View School District 103

Memo

To: Board of Education
From: Patrick Palbicke
CC: Dr. Scott Warren
Date: November 10, 2025
Re: School Maintenance Project Grant

For the purposes of obligating a project, the administration recommends approving the Half Day School flooring project for the Multipurpose room and cafeteria, in which Mondo resilient flooring will replace the existing flooring as the designated project for the Illinois State Board of Education School Maintenance Project Grant. The total for this project is expected to be \$183,500.

Your acknowledgement during this meeting held on December 2, 2025 will confirm this project as the official selection made by Lincolnshire District #103.
