

REVISION OF THE 2025-2026 SCHOOL CALENDAR FOR ACT TESTING

After approval of 2025-2026 school calendars, the topic of having a school day for juniors to take the ACT is being proposed. This change has been implemented in the past, and if approved will continue the practice of providing a school day for juniors to take the ACT. Ninth, tenth, and twelfth-grade students will have a remote learning day.

Other districts have made similar accommodations to ensure the best testing environment possible. Enough hours have been built into the 2025-2026 school calendar to ensure that a proposed change for a remote learning day for ninth, tenth, and twelfth graders will not negatively affect ADM funding.

Therefore, the Director of Research, Evaluation, & Assessment recommends the following resolution:

BE IT RESOLVED by the School Board of Independent School District No. 622 that the 2025-2026 School Calendar be revised to reflect April 14, 2026 as an in-person school day for eleventh-grade students for the purpose of ACT testing and a remote learning day for ninth, tenth, and twelfth-grade students.
