

Sheridan School District 48J

Sheridan School District 48J COMPLAINT FORM

TO: District Office

Name of School: Faulconer Chapman School

Person Making Complaint: Travis and Laycee Grauer

Telephone Number: 503-435-9229

Date: February 15, 2017

Nature of Complaint:

Student Learning Environment: ability to access their free and appropriate education in a safe, motivating learning environment, see attached letter.

Who should we talk to and what evidence should we consider?

██████████ 6th grader at FCS, Travis Grauer, Laycee Grauer, ██████████ and ██████████ Evidence you should consider is attached in the numerous emails sent to administration regarding these issues. Evidence could also be collected through FCS Building Safety Reports, Discipline Data regarding Physical Aggressive Acts, Discipline Data regarding Disruption and Defiance, and student work. Please ask to see the work that ██████████ has completed in core classes, his STAR reading and math data. We have asked for copies and reports but have not received any. It was reported to us that his STAR data was inconclusive and therefor irrelevant. It was reported to us that his work in Language Arts is recycled and not sent home. We can provide his Social Studies Inter-active notebook at your request.

Suggested solution/resolution/outcome:

First Semester we requested that ██████████ be permitted to work on Kahn Academy during one of his two student aid electives to support him in Language Arts. This was permitted by Mr. Kline.

See attached "Solutions and Proposed Ideas"

Name of School: Faulconer Chapman School

Person Making Complaint: Travis and Laycee Grauer

Telephone Number: 503-435-9229

Date: February 15, 2017

Nature of Complaint:

Discipline: The current Discipline Matrix is not user friendly (adult or student), it is vague, it is confusing, it does not address cyber-bullying, it is not followed with fidelity. There is currently not a way to assign lunch detention to the number of students receiving referrals. Students are receiving referrals for the same violation repetitively and the escalation of violent violations is on the rise. Please see the attached letter and Discipline Matrix Concerns.

Who should we talk to and what evidence should we consider?

██████████ 6th grader at FCS, Travis Grauer, Laycee Grauer, ██████████ and ██████████ Evidence you should consider is attached in the numerous emails sent to administration regarding these issues. Evidence could also be collected through FCS Building Safety Reports, Discipline Data regarding Physical Aggressive Acts, Discipline Data regarding Disruption and Defiance and doing a comparative analysis of the previous year, month to month, etc...
