Subject: Tax Collection Resolution

Submitted by: Linda O'Connell

Related Pages: 4

Supt's Approval: _____

ACTION

BACKGROUND INFORMATION:

We have a committee of Doug Arnold and Joe Montez who are conducting a study to determine a fair amount for tax collections. The committee is still in the process of working on this and do not have a tax collection amount as of today. Our current contract expired July 1, so prompt adoption of this resolution is desirable.

ITEMS ADDRESSED:

As per our Attorney, Sara Leon, "this is a straightforward resolution, with the exception that Sara incorporated a restriction of \$1.50 per parcel for collection costs, pending further negotiations/agreements with the County. As a practical matter, this provision does little more than to articulate the District's belief that \$1.50 is a fair representation of the actual costs of collection; it is also the amount we are currently paying under our existing contract with the County".

RECOMMENDED ACTION:

Approve Resolution Designating Bee County Tax Assessor-Collector as School District Tax Assessor-Collector
