Faribault Middle School  
2025-2026

The entire FMS team is looking forward to welcoming students back into the building. We pride ourselves on our drive for excellence and focus on developing the whole child to prepare them for high school, college, career and beyond. We are committed to ensuring that students experience a safe and welcoming environment while also having the opportunity to learn and grow.

Faribault Middle School is committed to the five district strategies. These strategies provide us with a focus around the areas of student-centered learning, equity, mental health and safety, school climate, and family and community engagement.

We look forward to partnering with our students, families and community members to provide the best possible learning experience. You can reach out to me by email at [sfox@faribault.k12.mn.us](mailto:sfox@faribault.k12.mn.us), give me a call at 507-333-6300, or stop by for a visit at the middle school.

Research from the Association of Middle-Level Educators (AMLE) has shown that exemplary middle-level programs focus on the following characteristics:

- **Developmentally Responsive:** Using the distinctive nature of young adolescents as the foundation upon which all decisions about school organization, policies, curriculum, instruction, and assessment are made.
- **Challenging:** Ensuring that every student learns and every member of the learning community is held to high expectations.
- **Empowering:** Providing all students with the knowledge and skills they need to take responsibility for their lives, to address life's challenges, to function successfully at all levels of society, and to be creators of knowledge.
- **Equitable:** Advocating for and ensuring every student's right to learn and providing appropriately challenging and relevant learning opportunities for every student.

**Building Hours:**

Students Parents/guardians are required to call the school attendance line by 7:50 A.M. on days their child will be absent. Absences/tardies will only be excused if a parent/guardian has telephoned school or the student presents a written excuse signed by the parent/guardian; noting the duration of absence and the reason. The school reserves the right to determine if the absence is excused or unexcused.

**Attendance:**

The habit of daily attendance helps your child see that school is important. School attendance laws of the State of Minnesota require that children must attend school regularly. The only excused absence from school is for student illness, a death in the family, appointments, court appearances, and religious observances. (For a full list please see Student Attendance Policy No. 503) When your child is absent from school, please remember to call us (when your child remains home for an illness or will be coming late due to an appointment). Messages can be left on our 24-hour voicemail any time of the day or night. If your child is absent, follow one of the procedures below:

1. For illness and/or unexpected absences, parents or guardians should call before 7:50 a.m. every day the student is absent. Please call (507) 333-6302.
2. The student must report to the office upon returning from an absence unless the parent has contacted the school and the absence is excused.
3. Requests for make-up work should be directed to the attendance office or teachers.
4. Pre-arranged absences should be communicated by written parental note or advance phone call.

Students are considered tardy and must report to the office for a pass if, for any reason, they arrive at school after the 7:50 a.m. bell. At the conclusion of the first period of the day, tardies become unexcused absences. Unexcused absences include staying home to take care of siblings, missing the bus, sleeping in, and refusing to go to school.

**Student Daily Attendance Policy No. 503: (per [School Board Policy No. 503](#))**

Regular school attendance is directly related to success in academic work and benefits students socially. The school board recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. In accordance with the Minnesota Compulsory Instruction Law, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session unless the student has been excused by the school board. Parents are asked to call the school attendance line if a child will be absent from school for any reason.

**Parent/Guardian Responsibility:**

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

**Student Responsibility:**

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

**Teacher Responsibility:**

It is the teacher's responsibility to take daily attendance each hour and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

**Absences Considered Excused Include, But Are Not Limited To The Following:**

School-sponsored curricular and co-curricular activities; Official religious holidays; Death of an immediate family member (parent, step-parent, guardian, sibling, grandparent); Unique or emergency circumstances which are authorized by a school administrator; Illness, injury, or hospitalization of the student. A doctor's note must be provided if your child is gone from school more than 10 total days over the school year or 5 days in a row. Authorized appointments with school personnel.

Parents are asked to send a note to the main office in advance of an absence for an appointment or vacation. The student will be given a pre-signed note to show to teachers whose classes will be missed, and to get class assignments prior to leaving school. When leaving school during the day, the student must be signed out by a parent/guardian in the main office. Homework and any work given in advance to the student are due immediately when the student returns to school.

**Arrival and Dismissal during the School Day:**

Students are not to be in the building prior to 7:30 a.m. unless they have a pass to see a teacher, they are eating breakfast in the cafeteria, or inclement weather necessitates their early entrance.

All students are dismissed at 2:37 p.m. Students will need to exit the building prior to 2:50 pm. Those students riding on the 1<sup>st</sup> bus route immediately board their bus and exit campus. Those students waiting for the 2<sup>nd</sup> route may wait outside (supervision is provided) or work in a teacher's classroom, or the HUB (with written permission). All students walking home will exit campus immediately after dismissal. Those students being picked up will wait for their ride at the 17<sup>th</sup> Street sidewalk.

**Arrival:** Students can be dropped off at FMS using the Drop-off Zone which is located along 17th Street and the two lanes that run parallel to 17th Street near District Office and the Staff Parking Lot. Parents are not allowed to enter the Bus Loading Zone, the large parking lot between the hours of 7:15 am-8:00 a.m. and 2:30pm-3:30 p.m. This is for the safety of our students.

**Dismissal:** If a student must leave school early for an appointment, parents or guardians will send a detailed note with their student for the student to bring to the FMS office or call FMS at 333-6300. The student will come to the office at the desired time and Parent/Guardian, identified in Infinite Campus will be able to check the student out of school with photo identification. If a student returns back to the building after an appointment they will sign themselves back in at the office.

**Truancy:**

A parent or guardian is obligated to compel the attendance of a child at school pursuant to Minnesota Statute section 120A.22. Parents or guardians who fail to meet this obligation may be subject to prosecution under section 120A.34. There may be alternative educational programs and services available in the district for your child. You have the right to meet with appropriate school personnel to discuss solutions to your child's truancy. Students are considered "continuing truant" if a student has **three unexcused absences**. A letter will be sent to the parent explaining to them that they are in violation of mandatory attendance laws. Students are considered "habitual truants" if the child has **seven unexcused absences**.

An Educational Neglect Report will be filed with the Rice County Social Service Office. Excessive *excused* absences are also a concern. The school may require further verification to excuse excessive or unusual absences. *Please see the school board policy 503 for further information.*

**Equal Access to School Facilities:**

The school district has created a limited open forum for secondary students to conduct non curriculum-related meetings during non instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a non participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

## **School Closings**

### **Dismissal of School:**

At times when the weather is inclement and there is a question as to whether or not the school will be closed, or that the school buses will not operate, an official announcement will be made over radio stations KDHL (920 AM), KQCL (96 FM) and WCCO (830 AM) in the morning. A dialer will go out to phones with an announcement, additionally, an announcement will also be posted on the School District home page and the FMS Facebook page. When there is a possibility school will be closed and students sent home, an announcement will also be made over those radio stations. Please do not call the middle school as the announcement will be made first on the radio stations.

### **Announcements / Delivering Student Messages:**

Student cell phones are not allowed to be used during the day. Parents may call the Main Office to deliver any student messages. Unless the message to a student is an emergency, classes will not be interrupted. Normally, messages for students will be handled between classes, during lunchtime, or at the end of the day.

Announcements that include items of interest and importance to most students are displayed on the monitors in the hallways. At the end of the day, more specific announcements are read over the intercom.

### **Fees & School Property:**

Students who lose or damage textbooks will be required to reimburse the Middle School for replacement costs. If a payment for a lost book is made, and the book eventually found, the student will be reimbursed.

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits, including:

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay.

**Interviews of Students by Outside Agencies:**

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

**Fundraising:**

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the FMS Administration. Participation in non approved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day.

**Gifts to Employees:**

Employees are not allowed to solicit, accept, or receive a gift from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

**Student Gifts-Flowers, Balloons, and Signs:**

Gifts such as flowers and balloons for students will be given to students only after school. This is designed to keep class interruptions to a minimum. All signs, posters, and other notices posted in the school buildings or on the school grounds shall first be approved for posting by the Principal's office personnel.

**Holiday Celebrations and Parties:**

At Faribault Middle School, we do not host holiday celebrations or class parties. While students are welcome to participate in dress-up days, the use of toxic paints or hair sprays is strictly prohibited.

**Parent Volunteers:**

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer ([FPS Background Check form](#)) in the school district, parents/guardians should speak to the child's teacher and FMS Administration. Parents/guardians who visit the school should sign in at the Main Office before entering a classroom. Parents/guardians may enter the school through the Main Office, sign-in, have a photo taken, and a visitor badge will then be issued. Parents/guardians should bring with them photo identification. For more information, contact FMS for specific details.

**Visitors to FMS:**

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the FMS Main Office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the Main Office and to wear a "visitors id badge" while in the building during the school day.

Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

\*Students are not allowed to bring visitors to school without prior permission from the principal.

### **Guests:**

As a general practice, no student guests are allowed at the middle school. Exceptions may include potential transfer students or class presenters. Please contact your school administrator, at minimum, one week in advance of the request.

### **Pledge of Allegiance [No. 531](#):**

The school board recognizes the need to display an appropriate United States flag and to provide instruction to students in the proper etiquette, display, and respect of the flag. The purpose of this policy is to provide for recitation of the Pledge of Allegiance and instruction in school to help further that end.

Students in this school district shall recite the Pledge of Allegiance to the flag of the United States of America one or more times each week. The recitation shall be conducted: A. By each individual classroom teacher or the teacher's surrogate; or B. Over a school intercom system by a person designated by the school principal or other person having administrative control over the school.

### **Media Center / FMS HUB:**

The Middle School has created a Student Support Services/Specialist position to improve the academic achievement of all students through interventions. They manage the daily use and activities of the media center; assists with selection of materials and the enforcement of a climate conducive to learning; checks materials in and out for students. Assists testing coordinator and school administration in facilitating district assessments

The Middle School Media Center, also known as the HUB uses a computerized circulation. Resources include books, magazines and newspapers, networked computers with Internet access, electronic encyclopedias, magazine and newspaper databases, a scanner, a full range of media presentation and production equipment, including video and digital cameras. The goal of the program is to promote independence in the learning process, to provide knowledge and skills in the use of information, and to encourage problem-solving, creative thinking, and lifelong learning. We hope to provide a pleasant and enjoyable environment for students to read, to learn, and to practice information skills.

Students are welcome to use the HUB at any time with a signed pass from a teacher. Students must sign in at the front desk when they arrive and sign out at the front desk when they leave. Students who are disrupting other students will be asked to leave. Each student may have two items checked out at one time. The checkout period is 21 days.

**Student Publications and Materials:**

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non School-sponsored publications may not be distributed without prior approval.

**Distribution of Non School-Sponsored Materials on School Premises:**

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner.

**School-Sponsored Media:**

School media advisors shall supervise student journalists to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.
- Expression in an official school publication or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

**Parent Right to Know:**

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. whether the teacher is teaching in the field of discipline of the certification of the teacher;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

### **Withdrawals From School:**

When students transfer from Faribault Middle School, they must bring a note from their parents or guardians one day before leaving. Students will be given a checkout slip and all instructors must sign it. All Change obligations must be taken care of before a student can check out.

### **Student Records:**

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education.

A complete copy of the school district's "Protection and Privacy of Pupil Records" policy may be obtained at Faribault Public Schools District Level

### **Parent Contact Information:**

Students who change addresses, telephone numbers, or emails during the year should report such changes to the office immediately. If the parent contact information is not current, emergency contacts will be used.

### **Student Surveys:**

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection, and use of information for marketing purposes, and certain physical examinations, contact FMS Administration.

### **Property/Valuables/Money:**

Students are discouraged from bringing more money than what they need to spend at school each day. Any loss of property should be reported immediately to a staff member. However, if you have brought valuable items to school, students run the risk of having them taken. It is difficult to investigate, and the school does not guarantee finding these lost or stolen items. It is suggested to leave personal items at home.

### **Lost and Found Articles:**

The lost and found areas are located near the main office and locker rooms. Often, students believe something has been stolen that has merely been misplaced. Throughout the year, lost and found items not claimed will be given to charitable organizations. Please write your name on all clothing or belongings so ownership can be verified.

**Lockers:**

At Faribault Middle School, lockers are provided to help students store personal belongings securely and safely during the school day. Personal items such as backpacks, purses, coats and hats should be stored in the locker throughout the day. Lockers are the property of the school district and are issued to students at the beginning of the school year. Pursuant to MN State statute, school lockers are the property of the school district and may be searched at any time, without notice, without student consent, and without a search warrant.

The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

Locks will be issued by the office for coat/book lockers. Locks will be issued by PE teachers for PE lockers. Students will be required to pay for lost locks. No personal locks are allowed. Each student is responsible for keeping their assigned locker clean, both inside and outside. Students will be charged for damages caused to their lockers. Any locker malfunction should be reported to the office. Students are cautioned not to keep money or other valuables in their lockers. Illegal items and items belonging to the school or another person may be seized.

Students are responsible for their assigned locker and lock:

- Lock your locker at all times.
- Do not share your locker or combination with anyone.
- Keep your locker clean inside and out.
- Report any locker malfunctions to the office immediately.
- Do not bring personal locks – only school-issued locks are allowed.

**Important Rules**

- Lost, stolen, or unreturned locks will result in a \$10 fine.
  - Students who repeatedly fail to secure their lockers may face loss of locker privileges.
- Lockers are not secure storage for valuables; avoid storing money or electronics.

**Search Of Student Lockers, Desks, Personal Possessions, and Student's Persons [Policy No. 502](#):**

*Please see the school board policy 502 for the complete policy.*

**Searches:**

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, backpacks, or other other areas. "Contraband" means any unauthorized item, the possession of which is prohibited by school and district policy and/or law.

If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

**Dog Search:**

There may be unannounced dog searches conducted within FMS throughout the school year. These searches may include the search dogs checking classrooms, locker rooms, and lockers.

**Video and Audio Recording:**

The school district buildings and grounds are equipped with video cameras. Video surveillance does occur in our school district buildings and on school district property.

**Student Support Services:**

Student support services are designed to assist all students in the development of lifelong interpersonal skills, achievement, wellness, readiness, school adjustment, career development, and goal setting. The Middle School Counseling and Social Work programs provide developmental as well as proactive, preventive, and remedial services. Its purpose is to empower all learners to lead satisfying and productive lives by assisting them in acquiring competencies in the educational, career, personal, and social domains. Early adolescent years can be a confusing time not only for the child but also for the parents. You are encouraged to call our Student Support Services, Counselors, or Social Worker if you have any questions regarding your son's or daughter's development during the middle school years.

**Nondiscrimination:**

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Human Resource Director, Nicole Yochum, 710 17th Street SW, Faribault, MN 55021, 333-6300 as the district's human rights officer to handle inquiries regarding nondiscrimination.

## Part II: Academics

### **Exceptional Educational Services:**

All students will have the opportunity to be in common learning environments, regardless of abilities, needs, backgrounds, and interests. Every student is unique with special talents and abilities. Special learning opportunities will be provided for students, as required to assist them in reaching their potential. Examples include ELL (English Language Learners), Special Education, accelerated programs, and alternative programs. Parents are urged to call the middle school office at 507-333-6300 to discuss what programs may best fit their child's needs.

### **Preparedness For Class:**

Students are expected to come to class with the proper tools for that class such as his/her charged iPad, binder, assignments, books, physical education required clothes, instruments, sewing equipment, etc. Only under special circumstances and with a student pass will students be allowed to go to lockers during class time. *(See tardy consequences at FMS under Attendance.)*

### **Grading:**

- Students will be graded on the following grading scale:

93-100 A	87-89 B+	77-79 C+	67-69 D+	50-59 F
90-92 A-	83-86 B	73-76 C	63-66 D	
	80-82 B-	70-72 C-	60-62 D-	

- All assignments, assessments, and final grades are on a 50-100 scale. No zeros will be given for missing or late work and no scores less than 50% will be entered for assignments or assessments in which students scored lower than that.
- Extra credit is allowed or awarded depending upon individual teachers.
- Student grades are not affected if work is submitted late as long as it is turned in prior to the summative assessment of that content. Teachers will have the option to accept work beyond that point for full credit.
- A minimum of one assessment retake is available to any student when they have received additional support and demonstrated that they have a stronger understanding of the material. Students will have at least two weeks to retake an assessment. Teachers will have the option to allow retakes beyond that point for full credit. Retake grades replace earlier scores, unless the first score was higher.
- Summative assessments (i.e. checks for understanding) are weighted between 80% and 100% of a student's grade. These checks for understanding will take place at least once every two weeks.
- Examples of these assessments include tests, quizzes, projects, labs, exit tickets, performance assessments, written/verbalized summaries of learning or any other means to assess student learning.

- Non Academic performance (i.e. “participation”, “appropriate conduct”, “time on task”, “respectfulness”, etc.) will not be included in a student’s grade. Students are instead given feedback verbally, in writing, or online on their progress in developing these important soft skills.
- No group grades will be rewarded. Instead, each individual student working in a group will be awarded a grade which accurately reflects their learning that occurred during the collaborative activity.
- Up-to-date grades will be available for students and parents in Infinite Campus at least once every two weeks.

### **Infinite Campus Parent / Student Portal:**

Infinite Campus portal, accessible from the district website, is a student information system that provides students and parents online secure access to class schedules, attendance, assignments, grade information, immunization records, and assessment scores. Only parents and guardians, including staff with students within the district, will be able to view their student’s information within the Campus Portal. ***To sign up for portal access contact the FMS office or fill out the portal request form from our website.***

### **Schoology Learning Management System:**

Schoology allows teachers to make resources available to students and parents in a format that acts like a digital extension of the classroom. Everything about it serves an academic purpose that is delivered in a safe and secure manner. Parents and students access Schoology using their own unique username and password. Parent accounts will be automatically linked to each of their students. Some of the information you will find in Schoology includes classroom updates, assignments, calendar, study guides, quizzes/tests, and interactive discussions.

### **Report Cards:**

All students and parents may access report cards and mid-quarter reports on the Infinite Campus Parent Portal. An automatic dialer will notify families each time report cards, mid-quarter reports, and D/F reports are available. Mid-quarter reports and D/F reports will not be mailed unless requested. Report cards will be sent home with students in a sealed envelope. A dialer will go out notifying families they are coming home.

### **Ensuring Academic Integrity:**

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district’s “Student Discipline” policy. Use of cellular phones or other personal electronic devices must not violate any other district policies, including those regarding student privacy, copyright, cheating, plagiarism, civility, student code of conduct, electronic technologies acceptable use, or harassment. If a violation occurs involving more than one District policy, consequences for each policy will apply.

**Academic Programs:**

FMS has Advanced Courses in all three grade levels in math, language arts, and social studies as determined by student enrollment and need. When a full section of students is not able to be offered, we will group students to meet their academic needs. Please refer to the [FMS Registration Guide](#) or to the teacher for specific requirements of the advanced courses.

FMS offers AVID and College Career Readiness Elective courses for each grade level. Students must apply and be accepted to be enrolled in AVID.

- **Core Courses:** Are made up of math, language arts, science, social studies, health, and physical education.
- **Exploratory Courses:** Offer students the chance to get involved in an activity in order to develop skills and interests outside of the core academic classes. The administration and teachers at Faribault Middle School believe that students need to step out of their comfort zone and try new activities during these years in order to fulfill their educational opportunities. We believe the exploratory programs support our mission of developing the whole student.
- **Falcon Time:** The school day includes a Falcon Time period that is made up of a group of students and a teacher from their teaching team or grade level. The purpose of Falcon Time is for students to have a place to build community through school connectedness (i.e. connecting with an adult), relationships, communication, academic support, future planning, and citizenship.

**Class Assignments:**

Assignments are created by the teachers. The amount of assignments varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete assignments thoroughly and promptly.

FMS provides opportunities for students to complete most if not all assignments during scheduled class time. Students also have the opportunity to complete unfinished assignments during their Falcon Times. It is only on the rare occasion that a student would need to complete assignments outside of the regular school day.

**Make-up Assignments****Assignment Requests for Illness:**

Assignment requests: Please contact the Teacher and/or Main Office if you wish to request assignments for your child. Your child can also request access to assignments through Schoology. A student will have three days for every day they are absent from school to turn in assignments. If a student is provided an assignment prior to becoming ill, the student is expected to have it completed upon return.

**Assignment Requests for Family Vacations and Extended Leaves:**

The expectation is that assignments are completed before the absence from school or due the day the student returns. Other arrangements may be made between the teacher and the student.

**E-Learning Day Plan:**

School buildings are closed, there will be no in-person classes. Please check your student's Schoology account for assignments and additional communications from teachers. Teachers will do their best to upload assignments as soon as possible. We ask that teachers post assignments by 10:00 a.m. and are accessible to students and parents from 10:00 a.m. to 3 p.m. If your student needs tech assistance from home today, please follow our Tech Help procedure.

**Conferences:**

Conferences will be held on September 2, 2025 from 7:30am-3:30pm. November 13, 2025 from 3:30-7:00pm, November 14 7:30am-3:30pm. And March 12, 2026 from 3:30pm to 7:00 pm and March 16, 2026 from 7:30am-3:30pm. Our conferences are "Drop-in Style."

**Graduation Ceremony Requirements:**

**Ceremony:** Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal(s). Students must be Full Time FMS Students.

**Requirements:** Students must meet all course credit requirements and graduation standards, as established by FMS, in order to participate in the FMC Graduation Ceremony.

**Course Credits Required: ( 6 Credits per year, 18 total credits for FMS Career )**

A student must meet six (6) of the seven (7) requirements per academic school year.

**Schedule Changes:**

Schedule changes require counselor or administrator permission. Changes will be made for the following reasons: computer error, medical/physical restrictions, inappropriate placement, and administrator's discretion.

***Please stop by Student Services to pick up a Schedule Change Request form.***

**Promotion and Retention:**

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year.

Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student.

The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the FMS Administration Team.

**Summer / Community School:**

The school district provides summer school learning opportunities. Summer STEAM allows students a flexible learning year program that provides instruction on an extended year calendar. Student's participation in the program is optional. If a student participates in the program, the student may acquire grade level requirements or graduation requirements they missed during the school year.

For more information, contact FMS Student Services.

**Field Trips:**

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

**Transportation of Public School Students for Field Trips:**

Whether a student rides the bus to and from school or for special events/activities, they are expected to follow rules of good conduct and safety with regard to their bus ride in order that the ride is safe and enjoyable for everyone. Riding the school bus is a privilege, not a right. Specific consequences are outlined in policy 707 for school bus behavior which is available at the District Office.

**Guest Teachers:**

Are important to the success at Faribault Middle School. They provide the school a tremendous service by taking the place of teachers who are absent due to illness and staff development. They deserve the same respect given to the regular classroom teacher. It is everyone's responsibility to welcome them to our school and to help them feel positive and respected while working in our school and district. Any student misconduct toward guest teachers will result in appropriate consequences.

**Alternative Educational Opportunities:**

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school.

Alternative educational opportunities may include FOA (Faribault Online Academy), special tutoring, modified curriculum and instruction,

instruction through electronic media, special education services, homebound instruction, and

enrollment in an alternative learning center, among others. A list of the alternative learning options is

available on the district's website. Students and parents/guardians with questions about these programs should contact the FMS Administration Team.

**Special Services Programs:**

The district takes pride in the quality of staff and the variety of programs available to students with special needs for learning.

Special needs programs offered within the school district include (Please note this is an overview of services provided. It is up to the IEP Team to decide the best placement for the student):

- Specific Learning Disability (SLD)
- Speech and Language Therapy (SLP)
- Developmentally Cognitively Disabled (DCD)
- Emotional Behavioral Disorders (EBD)
- Autism Spectrum Disorder (ASD)

Other programs offered by the district are: English as a Second Language (ELL)

**Section 504:**

Section 504 is a federal regulation that prohibits discrimination against persons with a disability in any program with federal financial assistance. It defines a person with a disability as anyone who:

1. Has a physical or mental impairment which substantially limits one or more major life activity such as caring for one's self, performing manual tasks, seeing, hearing, speaking, breathing, learning and working;
2. has a record of such an impairment; or
3. is regarded as having such an impairment. (Code of Federal Regulations Part 104.3)

*Classroom teachers and parents refer students for accommodations. Students must meet specific criteria to receive accommodations. For more specific information, contact the building principals or counselors.*

**Part III: Middle School Activities**

The Faribault school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority. Students who participate in school-sponsored activities are expected to represent responsibly the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Faribault School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the FHS Activities Office.

**Student Activity Nights/Dances:**

During the school year dances or parties (for FMS enrolled students only) will be organized through the host (i.e. Student Council, grade level team, extra-curricular team) and Administrative staff. Social events such as these provide an excellent opportunity for students to positively interact with each other in an appropriate setting. It has been the history of the middle school to offer dances for 7th and 8th grade FMS students and Activity Night for 6th-grade students.

Students who are absent due to illness or without prior parent approval the day of a special event or have been suspended in or out of school may not be allowed to attend. Students who have ISS, OSS or other on-going disciplinary behaviors may be excluded from activity night per administrative decision. All school procedures and rules apply to activity night. All activity nights require parent/guardian permission and on occasion, payment for admission.

**Student Council:**

The Student Council is an organization through which the students may express their opinions and participate in the management of school activities. The council tries to promote leadership and good citizenship among the student body. Council representatives are elected from the student body by grade level and team. It is the duty of the representatives to bring to the council's attention complaints and suggestions from their classmates and to report to their fellow students the actions of the council.

**Middle School Co-Curricular Activities:**

A middle school activities brochure is available in your school's main and student services offices. Further questions should be directed to our Dean of Students and Middle School Activities Director, Mr. Molitor at [nmolitor@faribault.k12.mn.us](mailto:nmolitor@faribault.k12.mn.us) or call 507-333-6384.

### **Medical Exclusions:**

When an athlete is unable to participate safely due to a medical issue such as illness or injury, the athlete may be excused with a note from a parent/guardian for a maximum of two days. Any medical exclusion longer than two days must be approved with a note from a physician. Also, reinstatement to practice after being out more than two days must be accompanied by a note from a physician or approved health care professional. If a student is too sick or injured to participate in a physical education class, the student is ineligible to practice or play in a contest that day.

### **Activities Academic Eligibility for MS Students:**

Every two weeks, the Activities Office will run a grade check for all students participating in activities for that season. If a student has any failing grade(s), the student will be placed on academic probation and given one week to raise the grade(s) to a passing level. If the grade is still failing after one week, the student shall lose eligibility and be denied participation until the grade(s) is passing. Passing grades must be confirmed in writing by the teacher to the Activities Office, who will communicate eligibility status to the coaching staff.

### **Eligibility Guidelines:**

Student's first responsibility is the completion of their academics, involvement in co-curricular activities must be secondary. If students are having behavioral or academic challenges while participating in sports/clubs, their involvement in these activities may be limited. FMS will conduct "check-ins" every three weeks. Students who are ineligible because of academics or behavior will remain ineligible until the next "check-in" to determine eligibility. Students who are assigned In-School Suspension (ISS) or out-of-school suspension (OSS) are not allowed to participate in co-curricular activities that day; this includes practices and athletic competitions. Coaches and advisors may have other rules related to participation for students who are assigned after school or lunchroom detention. It is expected that students will be receiving passing grades, or working with their teachers on grade improvement before participating in any co-curricular activities.

**Attendance To Participate in Activities:**

A student has to be in school by the 4th hour in order to be eligible for that day's practice or contest due to illness. Excused absences for appointments, funerals, etc must be communicated with the coaching staff. If a student receives a full day of ISS, OSS, or after school detention, the student will be ineligible for that day's practice or contest. Students need to be off school grounds within a half hour of the activity (co-curricular/tutoring/etc) ending time. Rides should be scheduled in advance. Students cannot loiter in or around school grounds.

**Transportation of Public School Students for Activities:**

Whether a student rides the bus to and from school or for special events/activities, they are expected to follow rules of good conduct and safety with regard to their bus ride in order that the ride is safe and enjoyable for everyone. Riding the school bus is a privilege, not a right. Specific consequences are outlined in policy 707 for school bus behavior which is available at the District Office.

**FPS/MSHSL Alcohol-Tobacco-Drugs-Sexual Harassment:**

MS Athletics will abide by the same chemical/code of conduct violations policy as the High School. For the complete policy, please visit the Activities website. In general, the policy reads:

1. 1st Violation - Ineligible for 25% of the season
2. 2nd Violation - Ineligible for 50% of the season
3. 3rd Violation - Ineligible for the remainder of the school year. Future participation at the FMS or FHS will be at the discretion of school administrators.

**Activity Tickets:**

Admission to middle school sports activities is usually free. There is an admission fee for theater productions. Activity passes are available through the Athletics office. Fees will be posted on the Faribault School District's website. A middle school student must be accompanied by an adult if attending a FHS activity.

**After-School Conduct:**

Student conduct at school and after-school practices or functions would be the same as that expected during the regular school day. Inappropriate behavior at after-school activities will result in the same school consequences as if that behavior occurred during the school day. Student conduct at school also includes behavior on the bus and before school starts.

If defiance continues, refer the student to Student Services

### Lunchroom Procedures:

The middle school has a full preparation kitchen offering a main and alternative line. The school uses the prepaid computer system for meals and ala carte items. Students enter a PIN number into a keypad and the price of their purchase is deducted from their account. Parents may restrict the ala carte option and amount spent per day on a student's account by completing the "option change" form provided by the kitchen staff. Student purchases may also be monitored on-line. At the present time we have a closed campus. This means that students are not allowed to leave our campus during lunch. Therefore, requests to take students out to lunch will be denied. Students have the opportunity to choose their assigned seat for the quarter.

Our school offers a variety of nutritional meal choices. Menus are available on the website. All student accounts remain prepaid with deposits made with cash, check or credit card. Faribault Public Schools has contracted with FeePay to provide the added convenience of using a credit card, with no transaction fees, to prepay for meals.

### Lunchroom Behavior:

Students need to bus their trays and silverware, wipe their tables with a soapy cloth, place refuse in garbage containers, and recycle appropriate food. Students will be dismissed from the lunchroom by tables after an inspection of their eating area has taken place. Students who refuse to comply with the rules may be assigned to a special supervised lunch area, detention, or have their lunch privileges removed. Pop and Energy Drinks are not allowed in the lunchroom.

**Sodexo Statement:**

Per School Board Policy number 534, there must be a positive balance in the student's account in order for them to receive a meal - no charging will be allowed. The parent or guardian with a zero or negative balance will be advised that their child will need to bring meals/milk from home or bring cash for their meals. We encourage everyone to utilize our on-line prepayment option through the Parent Portal. [Educational Benefits Applications](#) are available in the school and food service offices.

**Sodexo Food Service Cost & Procedure:**

For the 2024-2025 school year, everyone gets a free breakfast and lunch at no cost. A second full meal is \$2.85 at the middle school. A la carte items and prices can be found on the district's website. Breakfast is available for students for \$1.80. No pop or glass containers are allowed in the cafeteria. It is expected that food and beverages will not be consumed in any area other than the cafeteria.

We encourage everyone to utilize our on-line prepayment option through the Parent Portal. Educational Benefits Applications are available in the school and food service offices.

Delinquent Meal Account Board Policy No. 534:

**Free and Reduced Meal Applications:**

- We do need free and reduced applications to be filled out for tracking purposes and other benefits the school can receive through the USDA. These applications are sent home at the beginning of the school year and are available in the school office. [Applications must be made annually.](#)

The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parents or guardians.

6. Go directly home! Don't "hang around" the bus stop.

**Consequences:**

Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co-curricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

**Part VI: Health, Wellness & Safety**

Parents have the primary responsibility for their children's health. School health personnel do not medically diagnose or prescribe. Parents who are in doubt as to the condition of their child should consult a physician. The nurse should be informed of any health conditions the student may have and may request further documentation for the student's health file.

**Health Services No. 604.2:**

Health service provided shall function with the framework of written statements of the responsibilities of the service as provided in the job descriptions of school health personnel. The Faribault Public Schools shall sponsor the following health programs:

1. Hearing including tympanometry and vision screening.
2. Scoliosis screening.
3. Implementation of a Comprehensive School Health Program.
4. Promotion of a safe and healthy environment.

**The Health Office is Open from 7:30 am – 3:30 pm Every School Day**

**Contact Number: (507) 333-6304.**

**Accidents**

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the FMS Nurse's Office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

**First Aid:**

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in main hallways. Tampering with any AED is prohibited and may result in discipline.

**Child Becomes Ill at School:**

If a student becomes ill in school, they should see the school nurse. The nurse must approve requests to leave the building. The parent can enter the school to get their student or call from the parking lot and the student will be sent out.

**Communicable Illness / Diseases:**

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a

case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Minnesota Law requires that all students be up to date on their immunizations or have an exemption on file in the health office. The health office nurse will send home requests for student immunization records as needed. If the student does not meet this requirement they may be held out of school per the district immunization policy.

**Students should stay home and will be asked to go home if any of the symptoms below are present.**

- A fever of 100 degrees or more (stay home 24 hours after the temperature is back to normal without fever-reducing medication)
- Vomiting or diarrhea (stay home 24 hours after the last episode)
- Any undiagnosed rash
- Strep throat (may return to school 12 hours after antibiotics are started)
- Any undiagnosed draining wounds

**Parents must inform the school within 24 hours if their child has an infectious disease.** These may include but are not limited to: head lice, ringworm, scabies, impetigo, chickenpox, and pink eye.

If your child has a health or medical condition that could potentially cause a life-threatening emergency while being transported by school bus, it is the parent's responsibility to notify the Faribault Transportation Company at 507-333-6001 or 507-334-5121.

**Doctor's Note:** The health office nurse may excuse a student one time from physical activity due to illness or injury. If a student requires longer or further restrictions from a class the nurse may require a doctor's note determining the duration and specific restrictions.

### **Medication:**

***All medication must be administered through the school health office.*** Tylenol and ibuprofen can be administered by school health personnel, with written parental authorization, up to a maximum of 5 times a month. Students need to have their own supply in the health office. All other medications require Doctor's authorization and signed by a guardian. Inhalers and EpiPens may be carried by a student at the middle school level if the proper forms have been completed, are on file in the health office and the nurse has determined the student is able to administer them safely. The school district can not furnish Acetaminophen and Ibuprofen.

All medications other than Ibuprofen or Tylenol must be:

- 1) Accompanied by physician order. The physician order will state medication, dosage, time, duration, and the medical reason for medication, other medications this student is taking, and side effects of medications.
- 2) Administered only if the parent has signed a medication authorization form.
- 3) In the original container marked with the student's name, medication name, dosage, and route of administration.
- 4) Controlled substance medication must be brought to the school and picked up at the school by an adult.

### **Food Allergy:**

If your child has a food or milk allergy we request documentation from your doctor stating what foods they should avoid. We can then notify the kitchen staff so they can substitute the food items, or you can choose to send your child a cold lunch from home.

Faribault Public Schools are latex avoidance environments. Please do not bring any latex-containing products into any of the buildings. Only Mylar balloons are allowed inside the school buildings.

The school district has developed an asbestos management plan. A copy of this plan can be found by contacting the Faribault Public School District Office.

### **Crisis Management:**

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

**Suicide Prevention Information:**

FMS can play a vital role in hope, help, and healing of all students and staff. Policies and practices that create safe, healthy, and supportive environments can prevent individuals from having suicidal experiences. FMS can help with teaching coping and problem-solving skills and promote healthy connections among peers and positive community connections.

Suicide and Crisis LifeLine (988 LifeLine), the Crisis Text line, and the county mobile crisis services.

**Pesticide Application Notice:**

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school office), and the long-term health effects of the class of pesticide on children can be requested by contacting Kevin Hildebrandt, Facilities Management.

**Lead in School Drinking Water**

A school district or charter school must send parents an annual notice that includes the district's or charter school's annual testing and remediation plan, information about how to find test results, and a description of remediation efforts on the district website. The district or charter school must update the lead testing and remediation information on its website at least annually.

**Safety:**

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

**Part VII: School Policies, Procedures, and Discipline****Positive Behavioral Interventions and Supports (PBIS) & SOAR**

Our school is proud to be a PBIS (Positive Behavioral Interventions and Supports) school. PBIS is a proactive, school-wide approach to creating a safe and respectful learning environment where all students can succeed. We focus on teaching and reinforcing positive behaviors while providing consistent expectations across all settings. At the heart of our PBIS system is our SOAR program, which stands for:

S – Safe                      O – On-Task                      A – Accountable                      R – Respectful

Students are recognized for demonstrating these core values in their daily actions, helping build a culture of character, responsibility, and academic growth.

To celebrate students who consistently exemplify SOAR behaviors, we hold monthly SOAR Assemblies, where students of outstanding character are recognized in front of their peers and staff. These assemblies help reinforce positive behavior and highlight the importance of being a respectful, responsible, and kind member of our school community.

### **Announcements / Delivering Messages:**

Student cell phones are not allowed to be used during the day. Parents may call the Main Office to deliver any student messages. Unless the message to a student is an emergency, classes will not be interrupted. Normally, messages for students will be handled between classes, during lunchtime, or at the end of the day.

Announcements that include items of interest and importance to most students are displayed on the monitors in the hallways. At the end of the day, more specific announcements are read over the intercom.

### **Faribault Middle School Pass Policy:**

Faribault Middle School we expect our students to arrive in each class on time with necessary materials.

Frequent tardiness will be handled in the office.

1. A dialer goes out at 6:00 pm to parents noting attendance.
2. Random absences will be handled by the Student Services Secretary each morning.
3. If noticing a trend in tardies, complete behavioral referral form for chronic tardiness (minor).

### **Tardy (Late) Consequences:**

**3rd tardy per trimester, per class:** Conference and action plan with Team/Teacher

### **Cellular Phones, Headphones, Digital Imaging Devices, and other Personal Electronic Devices:**

[NOTE: In 2024, the Minnesota legislature enacted a law requiring that school districts adopt a policy on students' possession and use of cell phones in school by March 15, 2025. This law does not state that school districts must adopt specific cell phone rules. Under the new law, the Minnesota Elementary School Principals Association and the Minnesota Association of Secondary School Principals will collaborate to make best practices available to schools on a range of different strategies to achieve the goals stated above. Schools should set forth their cell phone rules in this section of the student handbook. MSBA published a new policy—Personal Electronic Communication Devices (Model Policy 524.5---in January 2025.)]

Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct. If the school district has a reasonable suspicion that a student

has violated a school rule or law by use of a cell phone or other electronic communication device, the school district may search the device.

The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

Students will keep their cell phones either at home, in their locker, or powered off in their pocket. Students may not use cell phones to check the time or to check messages during class and will not be able to respond to messages until after dismissal. If you need to contact your child during the school day please call the main office at (507) 333-6300. M The rationale for our decision can be found at <https://www.awayfortheday.org/>

Earbuds should NOT be in unless permission is given by a staff member. Students will be asked to take earbuds out if seen wearing them. Repeated violation of this may result in disciplinary actions.

If the student refuses to comply:

Assign to the Accountability Center (on SOAR Days)

OR issue a Lunch Detention or After School Detention

If defiance continues, refer the student to Student Services

*This includes hallways, lunchrooms...*

#### **Violations of Cell Phone/Personal Electronic Policy:**

A. An employee shall direct the student to put the device away.

B. The employee may confiscate the device and turn it into the school office where the student may retrieve it at the end of the school day.

- **Second offense and thereafter**, Assign to the Accountability Center (on SOAR Days); issue a Lunch Detention; After School Detention. If defiance continues, refer the student to Student Services. If item(s) are turned into the office and a parent needs to pick it up at the end of the day or a conference with the parent, student, and administrator must take place before the phone is returned to the student.

### **DISTRICT WIDE - STUDENT DISCIPLINE POLICY & GUIDELINES Policy No. 506**

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment that provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with the subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. Sections 121A.40 to 121A.56.

In view of foregoing and in accordance with Minn. Stat. 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals as appropriate, has developed this policy that governs student conduct and applies to all students of the district.

Minimum corrective actions for specified violations are described below. Because it is not possible to list every misbehavior or conduct problem, the school administration has the discretion and latitude to amend consequences as appropriate to the situation. Consequences may be altered as the administration considers a student's intent, track record or frequency of violations, attitude, or response to the intervention and willingness to correct the behavior. Building level administration also may impose a 1-10 day suspension\* as deemed appropriate for various violations of district policy (\*the superintendent may extend a suspension for an additional 1-10 days depending on the seriousness of the violation). Pursuant to MN Statute 121A.65, the school district discipline policy was reviewed with staff, the school board, parents, and students via various forms of communication.

The following sanctions apply to students in K-12 and the developmental level of the child will be taken into consideration at the time of the violation. The corrective actions are not sequentially ordered. Students may be subject to disciplinary action for conduct on or off school property which has a direct and immediate effect on the discipline or the general welfare of the school. This policy is particularly applicable where disciplinary action is reasonably necessary for the physical or emotional safety of the student, teachers, or other school personnel, or for the safety of school property. Violations of this policy during times of emergencies may result in increased/additional consequences. The district will follow Due Process laws and make each disciplinary action, an educational opportunity, as applicable.

This policy also applies to any student whose conduct at any time or in any place interferes with or obstructs the mission or operation of the school district or the safety or welfare of the student, other students, or employees.

## Parent/Guardian Guide to Statewide Testing

This document provides basic information to help parents/guardians make informed decisions that benefit their children, schools and communities.

### Why statewide testing?

Minnesota values its educational system and the professionalism of its educators. Minnesota educators created the academic standards which are rigorous and prepare our students for career and college.

The statewide assessments are how we as a state measure that curriculum and daily instruction in our schools are being aligned to the academics standards, ensuring all students are being provided an equitable education. Statewide assessment results are just one tool to monitor that we are providing our children with the education that will ensure a strong workforce and knowledgeable citizens.

### Why does participation matter?

A statewide assessment is just one measure of your student's achievement, but your student's participation is important to understand how effectively the education at your student's school is aligned to the academic standards.

- Students who do not participate will receive a score of "not proficient."
- Students who receive a college-ready score on the high school MCA are not required to take a remedial, noncredit course at a Minnesota State college or university in the corresponding subject area.
- Educators and policy makers use information from assessments to make decisions about resources and support provided.
- Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.

## Academic Standards and Assessments

### What are academic standards?

The [Minnesota K-12 Academic Standards](#) are the statewide expectations for student academic achievement. They identify the knowledge and skills that all students must achieve in a content area and are organized by grade level. School districts determine how students will meet the standards by developing courses and curriculum aligned to the academic standards.

### What is the relationship between academic statewide assessments and the academic standards?

The statewide assessments in mathematics, reading, and science are used to measure whether students, and their school and district, are meeting the academic standards. Statewide assessments are one measure of how well students are doing on the content that is part of their daily instruction. It is also a measure of how well schools and districts are doing in aligning their curriculum and teaching the standards.

#### Minnesota Comprehensive Assessment (MCA) and Minnesota Test of Academic Skills (MTAS)

- Based on the Minnesota Academic Standards; given annually in grades 3-8 and in high school in reading and mathematics; given annually in grades 5, 8 and in high school for science.
- Majority of students take the MCA.
- MTAS is an option for students with the most significant cognitive disabilities.

#### ACCESS and Alternate ACCESS for English Learners

- Based on the WIDA English Language Development Standards.
- Given annually to English learners in grades K-12 in reading, writing, listening and speaking.
- Majority of English learners take ACCESS for ELLs.
- Alternate ACCESS for ELLs is an option for English learners with the most significant cognitive disabilities.

### Why are these assessments effective?

Minnesota believes that in order to effectively measure what students are learning, testing needs to be more than answering multiple choice questions.

- To answer questions, students may need to type in answers, drag and drop images and words, or manipulate a graph or information.
- The reading and mathematics MCAs are adaptive, which means the answers a student provides determine the next questions the student will answer.
- The science MCA incorporates simulations, which require students to perform experiments in order to answer questions.

All of these provide students the opportunity to apply critical thinking needed for success in college and careers and show what they know and can do.

Because test content represents the academic standards as completely as possible, preparing for and taking the assessments uses the very same knowledge, processes and strategies included in the standards.

### Are there limits on local testing?

As stated in 120B.301, for students in grades 1-6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 10 hours per school year. For students in grades 7-12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year.

In an effort to encourage transparency, the statute also requires a district or charter school, before the first day of each school year, to publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

### What if I choose not to have my student participate?

Parents/guardians have a right to not have their student participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/guardians and include a form to complete if they refuse to have their student participate. This form follows on the next page and includes an area to note the reason for the refusal to participate. Your student's district may require additional information.

A school or district may have additional consequences beyond those mentioned in this document for a student not participating in the state-required standardized assessments. There may also be consequences for not participating in assessments selected and administered at the local level. Please contact your school for more information regarding local decisions.

### When do students take the assessments?

Each school sets their testing schedule within the state testing window. Contact your student's school for information on specific testing days.

- The MCA and MTAS testing window begins in March and ends in May.
- The ACCESS and Alternate ACCESS for ELLs testing window begins at the end of January and ends in March.

### When do I receive my student's results?

Each summer, individual student reports are sent to school districts and are provided to families no later than fall conferences. The reports can be used to see your child's progress and help guide future instruction.

### How much time is spent on testing?

Statewide assessments are taken one time each year; the majority of students test online. On average, the amount of time spent taking statewide assessments is **less than 1 percent of instructional time** in a school year. The assessments are not timed and students can continue working as long as they need.

### Why does it seem like my student is taking more tests?

The statewide required tests are limited to those outlined in this document. Many districts make local decisions to administer additional tests that the state does not require. Contact your district for more information.

### Where do I get more information?

Students and families can find out more on our [Statewide Testing page](https://education.state.mn.us) (education.state.mn.us > Students and Families > Statewide Testing).

Minnesota Statutes, section 120B.31, subdivision 4a, requires the commissioner to create and publish a form for parents and guardians to complete if they refuse to have their student participate in state-required standardized assessments. Your student's district may require additional information. School districts must post this form on the district website and include it in district student handbooks.
