ACTION

TITLE: Consider Approval of Fairview New Bus Canopy Bid

DATE: October 23, 2017

RESPONSIBLE ADMINISTRATOR: Terry Morawski
Chief Operations Officer

BACKGROUND/CONSIDERATIONS:

Fort Smith Public Schools released a bid for construction of a bus canopy for Fairview Elementary School. The canopy design was completed by Architecture Plus.

The bid was advertised on August 6 and 13, 2017. Bids were received at 2 p.m. on August 24, 2017. Three companies submitted bids – Turn Key Construction Management at \$170,397, Wear Construction Management at \$168,697, and Wohali at \$192,873.

Wear Construction has verified the original bid pricing will be honored, despite the project approval date being beyond the 30-day guaranteed bid price.

RECOMMENDATION:

The administration recommends the acceptance of the low bid from Wear Construction Management, and further recommend the chair make the following motion:

If the Board agrees, the motion would read:

Move to accept the bid of \$168,697 from Wear Construction Management to construct a bus canopy at Fairview Elementary School.
