

*Superintendent Report:*

- ❖ Thank you to our Students, Teachers, Staff, Administration, and School Board, for a successful school year. All the time and hard work paid off to provide our students meaningful educational experiences.
  
- ❖ 2026-2027 Budgeting:
  - Budgeting for the 2026-2027 school year is complete and will be presented for the school board to consider for your approval at this meeting.
  
- ❖ Indoor Air Quality (IAQ) Project
  - The project is underway at full speed. They are taking old equipment out and organizing and prepping for new equipment. Access to the high school remains closed for the general public for safety. So far we are on target with our timeline. Site Logiq and our contractors are working hard to maintain that timeline for completion on time.
  
- ❖ Contract Negotiations:
  - Our school district negotiations committee reached tentative agreements with the Child Nutrition, Custodial, Secretarial, Education Assistants unions, and the Van Drivers. Their groups have all voted to approve the agreements. At this meeting the school board is asked to consider these contracts for approval. I recommend you approve these contracts.
  - Our School Board Negotiations Committee continues to meet with Bus Drivers, and will meet this week with Principals, Directors, and individual contract employees to negotiate their contracts.
  
- ❖ Resolutions for Identified Official with Authority (IOwA) and Proxy:
  - School Board Members have a resolution to approve the Superintendent as the IOwA and the next resolution on the agenda to approve the District Administrative Assistant as the proxy for the IOwA. These are annual approvals to approve employees, contractors and Cooperative employees access to appropriate reports and information from the Minnesota Department of Education. These approvals have to be renewed annually by the IOwA, or Proxy. I recommend you approve these resolutions.
