

## PROPOSED REVISIONS

### CLASS RANK CALCULATION

**Class rank for seniors shall be based on a numerical average using semester grades earned in grades 9–12 and in any high school course taken in grade 8 for state graduation credit.**

**All state-approved high school courses on a student's transcript shall be included in this calculation. Grades earned by credit by examination, correspondence courses, and vocational adjustment class (VAC), and local credit courses shall not be used in computing grade point average included in this calculation.**

~~Grades earned in band, physical education, and athletics shall be used in computing grade point averages. If band is used by the student to meet the fine arts requirement, the first two semesters of band taken in grades 9–12 shall be used as a fine arts credit in determining grade point average. Beginning with the class of 2008, any high school course taken prior to ninth grade for which a student earned state graduation credit shall be included in the computing grade point averages.~~

**Class rank shall be calculated at the end of the third nine-week grading period of the senior year.**

**Advanced electives, Pre-Advanced Placement and Advanced Placement courses, and dual credit courses offered at the District high school shall receive an added weight of ten percent of the grade. Advanced courses not offered at the District high school taken by transfer students shall not receive any weighting.**

### VALEDICTORIAN AND SALUTATORIAN

**The valedictorian and salutarian shall be the eligible students with the highest and second highest ranking, respectively. ~~numerical average on the most advanced graduation plan shall be the valedictorian; the student with the second highest numerical average on the most advanced graduation plan shall be the salutarian.~~**

**To be eligible for such recognition, valedictorian or salutarian honors, a student must have been continuously enrolled in the District high school for the full four years preceding graduation and must be on the most advanced graduation plan; however, a migrant student who has enrolled for a portion of each of the four school years preceding graduation shall also be eligible for such honors.**

TIES

In the event of a tie, the student taking the most advanced courses shall be valedictorian. If a tie still exists, the student with the highest numeric average for the senior year shall receive the honor. If a tie still exists, the average for the prior year shall be used until the tie is broken. The same method shall be used if a tie exists for salutatorian.

TOP TEN PERCENT

~~All students whose grade point averages make up the top ten percent of the graduating class and qualify for automatic admission under Education Code 51.803 shall be recognized. Eligibility standards required for the local procedure for determining valedictorian and salutatorian (or other local honor positions) shall not apply to the procedure for determining the top ten percent. The GPA shall be reported on the student's transcript and made available in accordance with the application deadline for the college or university when requested by the student. [See EIC(LEGAL)]~~

HIGHEST RANKING  
STUDENT

If a student has completed fewer than four years of work at the District high school and has the highest grade point average in the graduating class, he or she shall be recognized as the highest ranking student during the graduation ceremonies **commencement activities.**
