

**Fall 2022 Math PD**  
**River Trails School District 26**  
**Cheryl Beasley**

**Math Professional Development Initiatives K - 8**

Middle School Math - 1 day in April Main goal will be to look at best practices for structuring a Math Block, increasing Rigor and meeting Tier II students through differentiation and small group instruction.

New Pilot Teachers - 1 day in June

One day to explore digging deeper in the standards and how to clarify those standards in the AM and instructional strategies in the PM. The main goal is to be able to evaluate if a lesson is aligned and if not how to supplement with quality resources

Elementary Math Professional Development - 3 sessions done virtually once a month.

One Culminating day during the January inservice to wrap up the elementary sessions.
