

## GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

---

**SHEILA V. CANTU**

DIRECTOR OF PURCHASING & WAREHOUSE OPERATIONS

The district operates generators at various locations that require ongoing maintenance, repair, and inspection services. Regular maintenance, repair, and inspection are essential to ensuring the generator's longevity, reliability, safety, and efficiency, ultimately saving time, money, and potential operational disruptions.

A Request for Proposal (RFP) #25-001, *Generator Maintenance, Repair, and Inspections Services*, was issued to over one hundred (100) vendors. Four (4) responses were received and opened by the Purchasing Department on Tuesday, March 18, 2025, from the following vendors:

Clifford Power Systems

Kentech Inc.

Generator Service Center (Express Power Services)

Waukesha-Pearce Industries (Silcox)

An evaluation committee, comprised of representatives from our maintenance department involved in district wide generator needs, was convened to review and assess the proposals. The committee evaluated the responses based on the criteria outlined in the RFP, each category was scored individually, and the totals were compiled to determine the overall ranking.

Based on the evaluation results, the committee recommends that the contract be awarded to Kentech Inc. and Generator Service Center (primaries), Waukesha-Pearce Industries (secondary), and Clifford Power Systems (tertiary).
