

## **TRANSPORTATION BOARD REPORT FOR DECEMBER 2023**

**SUBMITTED BY: FRANCIS W BULL CALF**

Hi all, this is my board report for December. As for the mechanic department, they've been getting all buses ready for a DOT inspection which is happening on 12/19/23. There's a lot of work to get 28 buses ready when they're being used daily, also 28 work orders were completed.

As for the office personnel they are doing the bills, but sometimes the internet sets them back when it goes down, other than that all good. I'm sure grateful for all the staff that step up while our secretary is out that's keeping our office department operating.

As for the trip personal, they had 57 trips such as sport, college visits, speech & debate, and student field trips. There have been 9 overnight trips that started on some Thursdays but mostly on Fridays, this does run me short of drivers, but I have an experienced driver that can handle these situations. The transportation staff have been training the new personnel in what to do if any breakdowns occurred during any type of trip they may be on.

As For the disciplinary department, there was 30 disciplinary wright ups, but 9 of these wright ups resulted to bus removals, as of next year all lower grades from pre k to 6<sup>th</sup> grade will be scheduling to have our robotic bus called Buster the bus, to go to all the grades named to promote, bus safety and rules, to help with the disciplinary issues.

Thanks for reading my monthly report God Bless you.
