Subject: Rural Tech Fund - Grants Available
To: <jbauer@panaschools.com>

**The Association
of Illinois Rural
and Small Schools**

Good morning to all,

I hope the school year is off to a good start and children can experience a reasonably normal school year. Thank you for all you do to support public education and rural schools.

I know you have a lot of opportunities thrown at you and oftentimes these emails go in trash. Take a moment to consider this opportunity for your school and forward to your technology person/educator and let them explore - especially if your school is eligible for REAP funding.

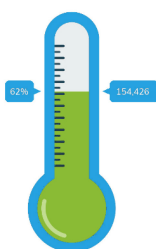

At least this organization has rural in its name - ruraltechfund.org, and is focused and committed to helping small rural districts put technology education resources in the hands of rural students.

Have a great year and know we are always advocating for you.

Dave Ardrey

David Ardrey
Executive Director
Association of Illinois Rural and Small Schools

RURAL technology fund

"We measure our success, in part, by the number of students we're able to introduce to technology education opportunities.

Our goal is to put technology education resources into the hands of 250,000 students.

Getting there will require a monumental effort, and we can't do it without you. Please consider donating to support our mission, and be sure to check back often on our progress! You can also follow the work we're doing on our News page and social media channels."
