

Board Report -

### **Lady Eagles Softball Season Update**

Overall record (including JV games): **5-6-1**

Overall record (varsity only): **2-3-1**

#### **District record 1-0**

Softball opened their season at the Slaton Tournament. All tournament games were timed. Of the four games played, one went five innings and the others were four-inning games. We lost three games and tied one. All of our losses were by just one run. I truly believe that if those games had been full seven-inning games, the outcomes could have easily been wins.

The following weekend softball competed in a large-school JV tournament, where we played six total games under mostly JV rules. We finished that tournament **3-3**. While we faced some challenges, we also discovered a defensive alignment and game plan that best fits our program.

Since those tournaments, we have played two very successful games — defeating Lubbock Cooper Liberty 11-7 and earning a strong district win over West Texas High, 5-3.

Throughout this season, several players have stepped into major roles both in the lineup and on defense. Some of these athletes were not starters and saw limited playing time last year, and it has been exciting to watch them grow and rise to the challenge.

We have adjusted our practices to better prepare for the demands of this season, and the girls are striving daily to improve. We are excited to see where this season leads us.

Our season motto is “**Prove It.**” These girls are determined to prove how hard they have worked — and how hard they will continue to work.

---

#### **Golf -**

Golf has played one tournament so far this spring. It was the Borger Invitational. The boys team placed 3rd. Only beat by bushland and pampa. The jv is playing Stinnett Invitational and varsity is at the regional preview.

#### **Baseball -**

Baseball is 5-1 and are making progress in learning the game of baseball. The kids are buying into how we are coaching and are making huge strides in improving their fundamentals.

I believe they are enjoying it and are having fun learning. The Top of Texas wood bat classic is over spring break.

**Track -**

Track season is just getting underway. We have over 50 boys and girls competing at the high school level and another 40 athletes at the JH level. Pantex Relays is coming up and will be our first time competing in the 2026 Track season.

Thanks  
Bennett
