PUBLIC COMMENT

Ira Wirgau of Maple Lane Road inquired about the laws that were changed at Long Lake Park and if they were going to be redone. Rules were changed without any notification to the campers.

Amy Derosia of Maple Lane Road doesn't feel the campers were notified of the ordinance changes. They would have like to be involved in some of the decisions before they were passed.

Tammy Kish of Partridge Point Road reported that there are many unhappy campers, and they would like to figure out all the unknown with the ordinance.

Matt Barbeau of Ossineke said everyone is here for the same concerns regarding parking boats, their sites, fences for dogs, and rugs.

Sharon Wirgau of Long Rapids Road expressed her concerns about the ordinance changes at the parks and questioned how the ordinance was already passed since this is the first full board meeting that has been held since. Campers have concerns about not having rugs, decks, fences, not being able to park a boat on your lot and they are hoping for reconsideration.

Director of Sunrise Mission Michelle Bailey reported we are experiencing a crisis in homelessness particularly with women, children, and families. The shelter is running at beyond full capacity. NEMCSA is reporting there are currently 130 unsheltered women, children, and individuals in Alpena. Michelle asked the board for their help at the Sunrise Mission and the community.

Bob Lang of Third Avenue has been a seasonal camper at Long Lake Park for almost 10 years. The campers speaking today are concerned with the new rules coming about and are trying to voice their concerns but feel they are being dismissed. A lot of rules are changing and some that are trying to be cut have benefited the park. Bob spoke about a fire safety issue with one of the rules about adding sites. He asked if a compromise can be reached.

CORRESPONDENCE

Chair Kozlowski presented a letter that came in written form to the commissioners.

FY2026 BUDGET – FIRST READING

Administrator Osmer thanked County Treasurer Cindy Cebula and County Clerk Keri Bertrand for their great partnership in developing the budget. He also recognized the managers, department heads, and elected officials for ensuring the carefully and considered, responsible allocation funds in the respective departments. The projected revenue in FY26 is \$13,314,935.00 with budget expenditures of \$13,297,998.00 giving a surplus of \$16,937.00.

The current policy states the county must perform layoffs if the unrestricted fund balance dips below 19.97% and 24.97% of the general fund budgeted expenditures for 2026. The board opted this year to

increase that threshold to an even 20% and 25% which will be voted on during this meeting. Currently, we are about 27% of the unrestricted fund balance and Administrator Osmer anticipates that amount to increase to about 30% at the end of the year.

He concluded by thanking the board for their groundwork on this budget, the numerous meetings, and their valued input and recommendations on the baseline numbers. Over the next two weeks, himself, the Treasurer, and the Clerk will all be available to meet with any commissioner for final edits or changes before voting to put on public display in November.

ADOPTION OF FY2026 BUDGET POLICY

Administrator Osmer presented the FY26 Budget Policy for review and approval. This policy is approved each year. The current policy states if the unrestricted fund balance is less than 24.98% of the adopted current annual budget, all part-time and temporary positions funded by the general fund will be terminated. The board has chosen to raise the percentage to 25%. If the unrestricted fund balance is less than 19.97% of the adopted annual general fund budget, layoff notices to employees shall be given. The board has chosen to raise the percentage to 20%. No other changes have been made.

Moved by Commissioner Britton and supported by Commissioner Fournier to approve the FY26 Budget Policy as presented. Motion carried.

PROSECUTOR BUDGETS

Alpena County Prosecutor Cynthia Muszynski presented several change requests to the 277 Crime Victims' Rights Services fund budget. This fund is 100% grant funded, and they have been allocated \$77,000.79. With making the recommended changes instead of being \$2,012 short it will be short just over \$1,000.00. Administrator Osmer will meet with Prosecutor Muszynski for further discussion before the second reading of the budget.

Prosecutor Muszynski presented two change requests to the 296 Prosecuting Attorney fund budget totaling an increase of \$1,300.00.

- Increase 101-296-860.001 from \$100 to \$400

OTHER DISCUSSION

Commissioner Fournier asked that this board receive a copy of the park laws that were changed and review before the next Full Board meeting in November.

PUBLIC COMMENT

Current Beaver Lake Park Manager Earl Martin stated he has been the manager of that park for 14 years. He asked the board to listen to the concerns of the campers because they want to see the parks get improved. He asked that rules be posted and give the public a chance to review and give input. Earl also expressed his concern with the leased trucks being removed from the parks, if any alternatives were being looked at, and if any money will come back from the two years' worth of payments and improvements made to the trucks.

Bonnie Friedrichs of Sanborn Township met with Administrator Osmer this morning and discussed some of her concerns. She highlighted wage adjustments and stipends that are not given evenly to everyone; concerns with the 9-day sick time given to non-union employees under the Michigan Earned Sick Time Act; the outside employment policy; and concerns with spending in multiple funds.

Michelle Baliey with Sunrise Mission asked the board again to please help the mission as they are in desperate need. Chair Kozlowski asked that she contact the Commissioner's Office to be placed on the agenda for a future meeting.

Sharon Wirgau of Long Rapids Road has had many people contact her. Sixteen seasonal campers alone from Long Lake Park have taken the time to contact her and say if these rules are set in stone they will not camp anymore. She is asking again for reconsideration of the rule changes.

Commissioner Bray reported the campgrounds have been losing money for years. In order to correct the monetary financial deficits, changing the ordinance, looking at the rules, and seeing what can be modified in order to help needed to be done. To be attacked at the last park meeting and have accusations made was uncalled for.

TOWNSHIP PRESENTATIONS

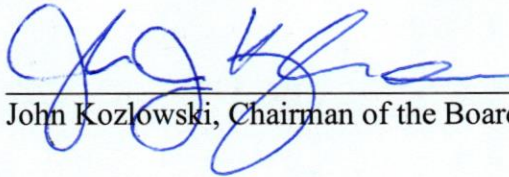

Chair Kozlowski reported with the help of J.P. Ritter, the Maintenance Department the Sheriff's Office they were able to acquire 8 MEP806B 60 Kilowatt generators at zero cost to Alpena County. They were picked up through a site through the federal government. These generators will be a huge benefit to our county based on what happened to our region due to the ice storm. Chair Kozlowski announced that a generator will be given out to each of the townships. Administrator Osmer invited the township officials that were present to join them over at the fairgrounds after the meeting to see the generators.
