Subject: 2023-24 Division 22 Standards Assurances

To: PAYNE Susan * ODE <Susan.Payne@ode.oregon.gov>

Dear Superintendent,

I am writing to thank you for submitting your district's Division 22 Standards Assurances for the 2023-24 school year. This letter is to confirm that, based on your submission, ODE has determined your district to be in compliance with the Division 22 Standards.

As you know, this annual practice is one of the ways we commit to providing a high-quality educational experience for students in our care. It provides an opportunity for school districts to demonstrate compliance with rigorous standards, reflect on areas in need of attention and alignment, and plan for how to address them. As part of our shared responsibility to provide quality service for our students and communities, this system promotes reciprocal accountability between school districts and the Oregon Department of Education (ODE).

Information about Next Steps

ODE's Division 22 Standards Committee will work to support those districts that are not in compliance with one or more of the standards. **We include the timeline here for informational purposes only:**

Dec 15 – Jan 15	ODE review of district compliance status and plan
End of January	Communication to district superintendents regarding next steps and outlining ODE's plan for providing guidance and technical assistance, if needed

Feb – March	ODE works with districts to develop and receive approval of a corrective action plan
First week of April	All districts have an approved corrective action plan in place that will bring them into compliance by the beginning of the 2025-26 school year

Thank you for your continued efforts to honor and uphold the Division 22 Standards. If you have any questions or are in need of additional support, we are happy to assist you. Please direct questions regarding the Division 22 Standards Assurances process to Division22@ode.oregon.gov.
