**Re: Consider action regarding the Texas Association of School Boards (TASB) Policy Update 86, affecting CH(LOCAL) policy**

As part of the recommendation brought forth on the October 26, 2009 Board Agenda, CH(LOCAL) policy was inadvertently left off the Update 86 Packet list for Board approval for revision and replacement. The attached, suggested draft is the district's current CH(LOCAL) policy with only the dollar amounts changed to \$50,000 to match the new trigger amount in state law as it relates to CH(LEGAL).

**Recommendation:** **That the Coppell ISD Board of Trustees replace the current CH(LOCAL) Board Policy to approve the change to \$50,000 to match the new trigger amount set forth in state law as suggested by TASB.**
