Superintendent Comments November 24, 2025

1. Second Reading of Policy 707 Revision

**I recommend a motion to approve the first reading of Policy 707.**

There are times when students require treatment outside of the district. These are generally referred to as care and treatment programs. The district may establish reasonable restrictions on how far we will travel. GCED has established a recommendation that all GCED member districts follow the same restrictions. The district will follow the limitations set in GCED policy 707, which currently is 60 miles.

2. Final Reading of Policy 524.1

**I recommend a motion to approve Policy 524.1.** Policy 524.1 is a new policy that is a supplement to Policy 524 which is the Internet and Technology Acceptable Use Policy. The new policy incorporates items related to artificial intelligence use.

3. Insurance MOU

**I recommend a motion to approve the MOU as presented.** We are currently in negotiation with the teachers. We have considerable work to do before we reach a comprehensive agreement. The teachers have asked if there was a way to lock in the district insurance contribution ahead of the rest of the agreement. The school board negotiations committee and the union have proposed an agreement that will require a Memorandum of Understanding. The change in contribution is as follows

Single policy contribution goes from \$780/month to \$875/month  
Family policy contribution goes from \$1984/month to \$2222/month
