Facilities Report

September 2023

Facilities Report

Submitted by: Chris Marciel

1. Facility Projects

- The A-frame construction is currently on hold pending permits. The Inspector has been contacted regarding his anticipated time frame.
- New Fuel Tank - wiring is complete.
- The basketball/multi-purpose court site work has been started and concrete scheduled for September 19 to be poured if all goes to plan.

2. Major Purchases

- None at this time.

3. Major Equipment Issues

- A leak is being investigated in the HVAC unit, which services multiple classroom. The heating and air company has given us a quote for repairs. The unit is approximately five years old.

4. Any Significant Financial Issues

- None at this time.

5. Safety & Security

- Looking at how to make our facility safer for our students, staff and guests. Safety committee to pursue new ideas and develop updated plans for the facility. Proposing to implement involvement with local law enforcement and the fire department to further ensure safety protocols are being met

- Planning to develop our own campus threat assessment with staff, local police, fire and stakeholders using tools provided by FEMA and the state. Still in planning phase. No change

6. Coming Projects

- Weed abatement continues to be a priority.
- Pea gravel cleanup is ongoing.
