# Activities Team Goals

## Athletic Values

- We are developing in our students future leaders.
- We are teaching life lessons found through participating in extracurricular activities.
- We teach athletes are students first.
- We teach their roles matter.
- We strive for excellence every day.

Everybody wants to be a champion. But champions develop over time by consistently doing the little things right that are easy to do some of the time.

# Pressing Needs

- An athletic Trainer: St. Luke's is will to pay 64% of the cost and we can get a full time trainer to teacher classes and be at all of our games. I think this is one of the most important needs for our athletes, for liability, and for athlete safety.
- Scoreboards for the baseball and softball fields.
- Gym Floor
- Opposing Bleacher and pressbox on football field.
- Light polls - rotting
- Bleachers/Concessions at the softball, soccer, and tennis facility.
- Roof leaks on the gym floor by the vents and continues to warp the floor.
