**Re:** 5Share and Student Fees

---

### **EXECUTIVE SUMMARY**

Bloomington School District 13 has taken a leadership role in creating the DuPage Elementary Group, which allows the group to compare unique data points with each other. One of the first data sets the group decided to compare was student fees. With the assistance of Forecast 5 via 5Share, a student fee survey was created along with developing visuals to support this survey. The visuals are still being developed as of the writing of this document, but will be available for the Board of Education meeting. In addition to the student fees, 5Share will also allow us to collaborate in other areas of mutual interest. One area of interest could be negotiations. At tonight's meeting, the presentation will demonstrate the advantages of using 5Share within the DuPage Elementary Group; which in turn may assist the District in its decision making process in the future.
