**Caption** Authorizes Bonds to Improve Safety, Security, and Re-Roof Aged Buildings

**Question** Shall Three Rivers School District issue \$39,000,000 in bonds for school capital costs and receive a \$6,000,000 matching grant? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

**Summary** School Districts in Oregon depend on local support to fund capital improvements. The District has been awarded a \$6,000,000 grant which will be available only if the bonds are approved. If approved, this measure would finance capital costs within the District, including:

- Re-roof buildings throughout the District to maintain structural integrity and protect the community's investment in school district facilities
- Safety and security measures with a focus on access control at all locations
  - Additional fencing
  - Manned Gates
  - Buzz-in entry systems
  - Cameras
  - Key card entry
  - Security lighting
  - Security Doors and hardware

Bonds would mature in 21 years or less from the date of issuance and may be issued in one or more series. If approved, the bond tax rate is estimated to be \$0.42 per \$1,000.00 of assessed value. Actual rates may vary based upon interest rates incurred and changes in assessed value.
