Re: Interest in School Board Seat C for District 3

Frieda Nageak
Po Box 1681
Barrow, Alaska 99723
[REDACTED]

Dear Ms. Harvey,

My name is Frieda Nageak, I was born and raised in Barrow. I moved out of town when I was 19 and recently returned home over a year ago. I am a mother/aunt of six (6) children. Three of my six children graduated from Barrow. One child graduated from Kiita this year. I commend the Kiita Community Learning Center for their support, encouragement and dedication to assure that my child's education was complete and taught life skills. My own (4) children all went to elementary/middle and part of High School in the Anchorage School District.

The North Slope Borough School District is blessed and unique compared to many districts throughout the state. Coming from having children in the Anchorage School District to the North Slope Borough School District was a great experience and I've realized how much great opportunities and programs the school district offers. I came from paying for lunch, school supplies, field trips and any additional expenses for my child's education to having everything and beyond for our children in this district.

I would like an opportunity to fill North Slope Borough School District Board Seat C. I believe that the board is here to serve the children and parents to continue to give the best opportunities to all children. I am unbiased when it comes to politics, serving our community and people; because it is about the children and not who you know or using power for their own benefit. I am full of compassion for children and believe that ALL children can succeed with the right tools.

Quyanaq!

Frieda Nageak
