Recommendation:

Superintendent David H. Gonzalez and Associate Superintendent for C&I Emma Leza present all 2022-2023 campus improvement plans (CIPs) and the district's improvement plan (DIP) for your review and approval.

All Improvement Plans are working documents that will be evaluated throughout the school year and adjusted to address academic, safety and operational needs to meet district goals for the 2022-23 school year.

Rationale:

Campus principals and district administrative staff have conducted comprehensive needs assessments to determine any initiatives, budgetary needs and processes to meet the district goals for the 2022-23 school year. Given the initiation of the legislative session in January 2023, adjustments will be made to meet the immediate needs of the campuses and the district.

Budgetary Information:

Budgetary information is included in each CIP and the DIP based on any new initiatives and the support for existing programs and educational practices.
