

## **Curriculum Director Report**

### **January 27, 2020**

#### **Study Island Training**

On January 15th, Lincoln School had training on Study Island. Study Island is a computer based program that provides extra help for students in math, reading, and science. The training was on test building and group session. This training will help teachers prepare students for IAR and Science testing.

#### **Testing**

Lincoln School will be doing IAR testing March 24th-April 3rd. Lincoln School students will be taking 3 Math and 2 ELA tests. Pana Jr. High will do IAR testing on March 30th-April 1st. Pana Jr. High was selected for the Field Test, so Pana Jr. High Students will be taking 3 Math and 3 ELA test.

Pana High school will be doing PSAT for grades 9 and 10, and SAT for grade 11 on April 14th. We have not finalized the Science Test Schedule yet for Grades 5, 8, and 11. Students in those grades will be taking 3 tests.

#### **Science Series**

Sample series have come in for several Science Series. Teachers are beginning to review those on their own time. We are looking at our schedules to give them time to review them.
