To whom it may concern,

I am writing on behalf of my daughter, Adelaide Shooter in regards to Early Kindergarten admission. The cut off date to enroll in Early Kindergarten is September 10th of each year. My daughter misses the deadline by 18 days. I'm asking that you would consider allowing my daughter to have early admission into Early Kindergarten. My daughter is performing if not higher but at the same level academically, socially, and emotionally as her peers who are 18 days older than her. Adelaide loves to take things apart and build at home. She is curious about the world around her and likes doing science experiments. Adelaide takes efforts to learn new things and is very creative. Adelaide has also been working on social skills that will help prepare her for school. I believe that she would do exceptionally well in a consistent structured environment, and the Early kindergarten program provides this opportunity. The Early Kindergarten program has consistent routines and procedures in place.

Sincerely,

Britney Shooter
