RE: Waiver Request

This waiver allows Coppell Middle School East to move from a Title I "targeted assistance" campus to a "schoolwide" campus. This will allow the campus to use funds from Title I, Part A and other federal education program funds and resources to upgrade the entire educational program of the school in order to raise the academic achievement for all the students. This contrasts from "target assistance" programs which allow only for supplementary educational services for eligible children who are failing or at risk of failing to meet state standards. All other campuses in Coppell ISD are schoolwide campuses. This waiver will provide more flexibility in the spending of federal funds on the CMS East campus.
