Principal's General Narrative:

We are all excited about the upcoming Christmas break and are reflecting on the semester and the successes we have had and the areas we can improve on. The High School team will be working on the Texas Educators Excellence Grant and will have it ready to submit to the state by its January due date. I will report to you in February on the incentive plan that is developed.

I and all the members of the high school appreciate the time, effort, and wisdom that school board members give on our behalf. We recognize that without the great leadership from the school board and Mrs. Renken our direction of continued and greater success would not be possible.
