

Calendar Modifications for the 2023 – 2024 School Year

Background:

During contract bargaining with the BKEA teacher association this spring, one more contracted work day was added to the teacher work year. As a result, the master calendar for the coming school year needed to be modified to accept the additional work day.

Proposed is a modified calendar with the following changes:

- A. The teacher workday on Columbus Day has been moved to the end of the first quarter, October 27, 2023;
- B. Monday, April 1, 2024, has been changed from a student contact day to a teacher professional development day and work day; and
- C. The last day of school has been moved back one day from May 29 to Thursday, May 30, 2024.

Recommended Action:

I recommend the board move to approve the revisions/modifications proposed on the attached calendar in accordance with the new teacher master contract.
