Subject: Request to speak to the Trustees

Dear Michelle,

I hope that this note reaches you well and full of blessings.

Please know that I am requesting the opportunity to speak to the Board at the next opportunity.

It is in regards to being reimbursed for **sick leave days** that I never took and was promised a stipend when I ended my career with the district. I also will ask for some reimbursement for some money that I had to spend in order to get my students ready for the EOC test. I had asked for copies to be made of a reading and a writing packet (created using benchmark data) at the print shop, but was denied by my principal because "they were not C-SCOPE." I printed them over spring break at Office Depot.

Please know that my wife is requesting five minutes to also make her case for sick leave reimbursement.

Thank you in advance for your time and consideration,

George Eric Olsen
