### TIA 2016 Keynote Speakers

#### George Couros

George Couros is a leading educator in the area of innovative leadership, teaching, and learning. He has worked with all levels of school—from K-12 as a teacher and technology facilitator, school and district administrator, and is the author of the book “The Innovator’s Mindset: Empower Learning, Unleash Talent, and Lead a Culture of Creativity”. He is a sought after speaker on the topic of innovative student learning and engagement and has worked with schools and organizations around the globe. George is also the creator of [ConnectedPrincipals.com](#), an initiative that brings educators and leaders together from around the world to create powerful learning opportunities for students.
