MEMORANDUM

TO: Simone Zunich, Executive Director of Business Services
FROM: Cathy Holman, District Purchasing Coordinator
SUBJECT: RFP – 314 Copier Service Contract
DATE: May 5, 2023

Bids for district Copier Service Contract were advertised in the Duluth News Tribune and sent to six (6) providers of copiers and service of copiers.

Two responses were received:

1. Great Lakes Office Solutions
2. Marco Technologies

Three other companies responded prior to the bid opening declining to bid, but requesting to remain on the vendor list for future consideration. One company did not respond.

The vendors were asked to complete cost per copy pricing on specific machines based on copies per minute (CPM) in both color copying and black and white copying. They were also asked to define their charges for pre-service contract inspections and guaranteed response time to a call-out. These parameters were used to determine who had the lowest price overall.

The recommendation is to award Great Lakes Office Solutions RFP #314 for the term of 7/1/23 through 6/30/28. Defined as a four (4) year contract period based on annual renewals by mutual agreement with an optional one (1) year extension at ISD 709's discretion.

Transportation Waiver for Duluth Head Start

- Voluntary PreK is required to provide transportation to and from school for 4 year olds
- Due to this, we are asking that 4 year old Head Start children also be allowed to ride the bus to and from school. We know transportation can be a significant barrier to accessing preschool for families experiencing poverty.
- We are asking to waive the following Head Start regulations:
 - Restraints 1303.71(d) and 1303.72(a)(1)
 - Monitors 1303.72(a)(4)
- Our Parent Policy Council supports this plan contingent on maintaining the following safety provisions:
 - Preschool children will wear reflective vests making them highly visible to the bus drivers and other staff, both to and from school
 - Preschool children will sit in seats closest to the driver
 - An adult must meet the children at the bus door at drop off, and must bring the child to the bus door at pick up. We encourage parents to establish communication with the driver.
 - Unfamiliar designated adults must present an ID to the bus driver when picking up a child from the bus.
 - All Head Start children must participate in a bus safety presentation on the first day of school.
 - Riding the bus is voluntary, so parents may choose to self transport if they prefer.

We appreciate your commitment to removing barriers for children whose families are experiencing poverty by safely getting preschool children to and from school. We know establishing patterns of regular attendance is very important for school success, and we can directly correlate transportation increased attendance.

By signing below, you are acknowledging that you approve this waiver.

WOLF RIDGESM

ENVIRONMENTAL LEARNING CENTER

Last Years Form

Dear 5th Grade Families,

We are excited to announce that the 5th grade class will be going to the Wolf Ridge Environmental Learning Center at the end of this school year.

Wolf Ridge website <https://wolf-ridge.org/>

This trip is a marvelous opportunity for our students to learn new skills, practice science inquiry, work as a community and have fun with their peers. Wolf Ridge is often a trip children remember their whole lives. Over the next months, we expect and require that each student act responsibly, respectfully, and safely inside and outside of school in order to earn the privilege to attend the trip.

Important Dates

- When; May 9th-11th, 2022
- Where; Near Finlayson, MN (about 70 miles northeast of Duluth)
- What: A three day, two night, learning experience focused on science, inquiry, and team building.
- Cost; \$50.00per Student to be paid by families
- Due Dates: We are asking families to pay at least \$25.00 by 03/31/22
- **The full balance is due 04/30/22**

Student Behavior (please read with your student and sign below)

Our trip to Wolf Ridge is an experience that promotes a sense of community and team building among students. The focus is to provide experiences that engage students in building skills of responsibility and self-confidence, while learning about the environment through outdoor educational activities. Students should come home from the experience exhausted from all of the activity being conducted over the three days at the environmental center.

FAQ

What will my student need to bring with?

Practical clothing for being outside in the late spring (jacket and good walking shoes), toiletries, and bedding (sleeping bag/blankets & pillow), a water bottle, and any medications that your child uses.

Students may bring money to spend at the gift shop but it is their responsibility. Also students should bring a book to read during quiet time before bed.

What if my child is not able to go to Wolf Ridge because of their behavior?

Students who are not able to attend the Wolf Ridge trip will come to school as normal and have regular classes and expectations.

Can my student bring a cellphone?

Wolf Ridge does not allow TECHNOLOGY such as ipods/mp3 players, ipads/notebooks and cell phones as they tend to be distracting/problematic and take away from the outdoor experience.

Can my child bring snacks or candy with them?

No, meals and snacks will be provided. **Please do not allow your child to bring any candy or snack with them.**

To provide for a safe and memorable trip, students are reminded that we will be using the same behavioral expectations at Wolf Ridge as we do at Laura MacArthur.

Students are expected to be SOARing:

I will be....

- Safe
- On Task
- Act with Kindness
- Respectful

Expectations:

- All students will follow “Wolf Ridge” requirements and rules. These rules are set for any and all schools that participate at Wolf Ridge.
- Students will be respectful and responsible.
- Students will be a positive influence and will demonstrate that they are “gracious guests”.

What happens if students follow the expectations:

- Everyone is safe and has a good experience with their friends and the adult supervisors.
- All groups will be able to participate in the activities planned for the group.

What happens if students choose not to follow the guidelines:

1. The adults will be working closely with students and will provide reminders of proper behavior and actions.
2. If a student continues to make poor choices, a teacher will conference with a student and complete a “Fix it Plan”. Once the student has demonstrated that they are ready to resume activities, they will re-enter the group. Parents will be notified a “fix it plan” has been created (if needed).
3. If after creating a plan, a student continues to make poor choices, a phone call home will be made and parent(s) will be required to come pick up their child. If a parent cannot pick their child up, we will have to charge the standard mileage reimbursement rate per mile to have an adult bring the child home.

We are not expecting any early trips home for students if expectations are being followed and students are striving to do their personal best.

JOSTENS SUMMER YEARBOOK WORKSHOP

"I LOVE yearbooks. I love that yearbook students have the opportunity to practice business skills in a real way with every book sale, photo shoot, interview, editorial decision, and design assignment. Yearbooks provide so many positive experiences to those who build them as well as those who buy them," Walsh said.

Walsh, MJE, is a Jostens Creative Account Manager. During her 26 years as a public and private school English teacher and journalism adviser, she helped many staffs turn their dreams into reality.

Her staffs earned CSPA gold medal ratings, NSPA All-American ratings, placed in NSPA Best of Show contests, and received JEA Write-Off honors. She was awarded CSPA's Gold Key for service to scholastic journalism in 2011 and selected as a Distinguished Adviser by JEA's Yearbook Adviser of the Year committee in 2012.

509 ENROLLMENT OF NONRESIDENT STUDENTS

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The school district desires to participate in the Enrollment Options Program established by Minnesota Statutes section 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minnesota Statutes section 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minnesota Statutes section 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;
3. selling or soliciting the sale of a controlled substance while at school or a school function; or
4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.

C. Standards that may not be used for rejection of application. The school district may not

use the following standards in determining whether to accept or reject an application for open enrollment:

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student's proficiency in the English language;
5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.

D. Application

The student and parent or guardian must complete and submit a School District Enrollment Options Program application developed by the Minnesota Department of Education and available on their website (education.mn.gov). Go to "Students and Families," then, under "School Choice," select "Open Enrollment." The form is entitled, "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education."

E. Lotteries

If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

F. Exclusion

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minnesota Statutes section 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minnesota Statutes chapter 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8.
2. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

- H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is

placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPS FROM SCHOOL GROUNDS

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to use a restrictive procedure or remove, if necessary, a student with an individualized education program (IEP) from school grounds. ~~This includes students with or without an Individualized Education Program (IEP).~~

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct, which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed ~~behavior that constitutes an emergency, that student may be subject to the use of restrictive procedures and/or the removal~~ from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- ~~A~~ F. "Student with an IEP" or "the student" means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- ~~B~~ C. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term "peace officer" includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.
- ~~E~~ D. "Police liaison officer" is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to

promote school safety, security, and positive relationships with students.

- Ⓓ A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase "remove the student from school grounds" is the act of securing the person of a student **with an IEP** and escorting that student from the school building or school activity at which the student **with an IEP** is located.
- Ⓕ B. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student's behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team may be summoned. The crisis team may attempt to de-escalate the student's behavior by means including, but not limited to, those described in the student's IEP and/or behavior intervention plan, ~~if~~ **applicable**. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health and safety, or property of the student, other students or staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By Police Liaison Officer or Peace Officer

If a student **with an IEP** engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student **with an IEP** engages in conduct which endangers or may endanger the health, safety, or property of the student, other students,

staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

In removing a student from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to self or another.

In removing a student from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by ~~Minn. Stat. §~~ [Minnesota Statutes section 121A.58](#);
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under ~~Minn. Stat. §~~ [626.556 Minnesota Statutes Chapter 260E](#);
6. Physical holding (as defined in ~~Minn. Stat. §~~ [Minnesota Statutes section 125A.0941](#)) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or

8. Denying a child access to toilet facilities.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal or use of a restrictive procedure.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student **with an IEP** may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by **Minn. Stat. § Minnesota Statuets section 125A.0942, Subd. 5**, and otherwise comply with the requirements of § 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (~~Willie Jett~~) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of ~~prone restraints seclusion~~. By ~~June 30~~ **January 15, April 15, July 15, and October 15** of each year, districts must report ~~summary data on the use of restrictive procedures to the MDE~~, in a form and manner determined by the Commissioner, **about individual students who have been secluded. By July 15 each year, districts must report the summary data. The summary data must include information about on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.**

514 BULLYING PROHIBITION POLICY

I. PURPOSE

The purpose of this policy is to prohibit bullying behavior and assist the Duluth School District in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

The Duluth School District strives to provide safe, secure and respectful learning environments for all students in school buildings, on school grounds, school buses and at school-sponsored activities. A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships.

~~This policy protects all students against bullying behavior including bullying behavior on the basis of actual or perceived race, ethnicity, color, creed, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability, status with regard to public assistance, age, military status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic defined in Minnesota Human Rights Act (Chapter 363A).~~

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A.** An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to

participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any

student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. there is an actual or perceived imbalance of power between the student engaging in prohibited conduct and the target of the conduct and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means; but is not limited to, conduct that does the following:

 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic as defined in the MHRA. However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

"Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of the student who is the target of the prohibited conduct. ~~Remedial response also means a measure to stop and correct retaliation for asserting, alleging, reporting or providing information about prohibited conduct (retaliation) or knowingly making a false report about prohibited conduct (false report), prevent retaliation or false reports from recurring and protect, support and intervene on behalf of the student who is the target of the prohibited conduct.~~

"Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

"District employee" includes school board members, administrators, educators, aides, school counselors, social workers, psychologists, other school mental health professionals, nurses and other school-based/linked medical providers/health professionals, cafeteria workers, custodians, bus drivers, athletic coaches, extracurricular activities advisors, paraprofessionals, school employees, agents or persons subject to the supervision and control of the district and its students.

"On Duluth Public Schools property or at school-related functions **or on school transportation**" means all district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for Duluth School District purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. Duluth School District property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the Duluth School District does not represent that it will provide supervision or assume liability at these locations and events.

~~"Building Report Taker" is language from the Safe and Supportive Schools legislation and in the Duluth School District means the Building Principal or Designee. This policy will refer to the "Building Report Taker" as "Principal or Designee" throughout the document.~~

STATEMENT OF PROHIBITION

~~An act of bullying, by either an individual student or a group of students, is expressly prohibited on Duluth School District property or at school-related functions. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.~~

~~Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.~~

~~Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.~~

~~False accusations or reports of bullying against another student are also prohibited.~~

~~No District employee, volunteer, or contractor shall permit, condone, or tolerate bullying.~~

IV. REPORTING PROCEDURE

~~It is everyone's responsibility to report bullying behavior, not just the person targeted. Any student who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct shall report the alleged acts immediately to the Building Principal or designee, either verbally or in writing.~~

~~A person may make an initial report to any District Employee and may report bullying anonymously. However, the Duluth School District's ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.~~

Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well

The Duluth School District has made available to the reporting party or complainant the use of a report form. ~~See the Parent & Student Handbook,~~ Contact the Principal, or Duluth Public Schools District Website at isd709.org/families/bullying-harassment to access bullying report forms.

The building principal or designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the ~~principal or designee~~ building report taker, the complaint shall be made directly with the Assistant Superintendent or Superintendent of the Duluth School District. Please see our Parent & Student Handbook or Duluth Public Schools District Website at isd709.org for Principal and Duluth Public Schools District contact information.

The ~~principal or designee~~ building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The ~~principal or designee~~ building report taker or a third party designated by the school district shall be responsible for the investigation. The ~~principal or designee~~ building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected

individuals as appropriate.

A District employee, volunteer, or contractor shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes or has other knowledge or belief of conduct that may constitute bullying shall make reasonable efforts to address and resolve the prohibited conduct and inform ~~principal or designee~~ **the building report taker** immediately. District employees who fail to inform the building report taker of conduct that may constitute bullying in a timely manner may be subject to disciplinary action.

Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. **The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.**

The Duluth School District will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Duluth School District's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

Submission of a good faith complaint or report of bullying **or other prohibited conduct** will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

V. ~~PREVENTION, INVESTIGATION, AND RESPONSE~~ SCHOOL DISTRICT ACTION

~~Many student conflicts can be resolved immediately and do not require reporting or creation of an incident report or office discipline referral. Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance.~~

~~It is the Duluth School District's responsibility to prevent bullying and to take action to investigate, respond, remediate, and discipline those involved in acts of bullying which have not been successfully prevented—to the extent possible given that such conduct affects the educational environment of Duluth Schools and the rights and welfare of its students, and is within the control of Duluth School District in its normal operations.~~

~~Prevention—Each school will utilize research-based developmentally appropriate best practice prevention strategies. These prevention strategies may include but are not limited to: teaching respect and acceptance of difference between people, positive behavior interventions and supports, social-emotional learning, intentionally creating positive student and staff relationships, and preparing students for when bullying behavior does occur.~~

~~Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.~~

~~The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others,~~

pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law. When investigating a complaint, the ~~principal or designee~~ the building report taker may take into account following factors:

- The developmental ages and maturity levels of the parties involved.
- The potential for culturally misinterpreting behavior.
- The levels of harm, surrounding circumstances, and nature of the behavior.
- Past incidences or past or continuing patterns of behavior.
- The relationship between the parties involved.
- The context in which the alleged incidents occurred.

The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

~~Upon completion of the investigation, the Duluth School District will take appropriate action with the student harmed and with the student who violated the prohibited conduct policy.~~

Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy and other applicable school district policies; and applicable regulations.

- For the student harmed: Protect, support, and intervene on behalf of the student who is the target of the prohibited conduct. Support may include: safety planning, student conference(s), referral to student support staff for one-to-one support or social skills training; check-in and/or check-out with a trusted adult in the school; and choice to participate in a restorative process - facilitated by a trained facilitator. When an incident includes documentation through an office discipline referral, information regarding the student harmed will be included on the referral.
- For the student who violated the prohibited conduct policy: Schools may use multi-tiered levels of response that are individualized, consistent, reasonable, fair, and age-appropriate and should match the severity of the student's behavior and their developmental age. The response must be a natural and logical match to the prohibited behavior; consequences must be paired with meaningful instruction and guidance; and must be carefully planned with well-defined outcomes. Responses may include but are not limited to:
 - Safety planning
 - Student conference(s)
 - Working with parents of involved students
 - Teaching/reteaching of desired skills or behavior
 - Reinforcing desired skills or behaviors
 - School disciplinary action (detention, suspension, etc.)

- Connecting students/families to school, district, community resources
- Consideration of a restorative process if all parties are prepared and willing

~~Duluth School District action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; Duluth School District policies; and regulations.~~

~~The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.~~

In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the District shall, when determined appropriate by the child's individualized education program ("IEP") team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

Investigation of a bullying incident shall be initiated as soon as possible but no later than three school days of receipt of a report. The Duluth School District may take immediate steps, at its discretion, to protect the target or victim of bullying or other prohibited conduct, the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.

The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report. ~~The Duluth School District is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the Duluth School District.~~

Any party who is not satisfied with the outcome of the investigation may appeal to the district's Office of the Assistant Superintendent within 10 school days of notification of the principal/designee's decision. The Assistant Superintendent or designee will conduct a review of the appeal and, within 10 school days of receipt of the appeal, will affirm, reverse or modify the findings of the report. The Assistant Superintendent or designee shall notify the party requesting the appeal and the principal that its decision is final and shall document that notification with the appeal.

When it is determined that a district employee was aware prohibited conduct was taking place but failed to report it, the employee will be considered to have violated this policy. The employee's supervisor shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Duluth School District contracts.

VI. RETALIATION OR REPRISAL

~~The Duluth School District will take appropriate action against any student or District employee who retaliates against any person who testifies or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.~~

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. RECORDS

Information gained when investigating and remediating reports of bullying will be recorded and kept by the Building Principal or designee. Information regarding the number of reports of bullying and the action taken to resolve the reports will be provided to Duluth School District Climate Coordinator by the Building Principal or designee annually.

Affected students and their parents may have rights under state and federal data practices laws to obtain access to data related to an incident and to contest the accuracy or completeness of the data.

VIII. PROFESSIONAL DEVELOPMENT TRAINING AND EDUCATION

The District shall discuss this Policy with District employees, volunteers, and contractors, and provide appropriate training and professional development to district employees regarding this Policy.

~~Staff Professional development will:~~

- A. ~~Be required on a three-year cycle for all school personnel to prevent, identify, and respond to bullying behavior.~~ The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed district employees must receive the training within the first year of their employment with the district or school. A district or school administrator may accelerate the training cycle or provide additional training based on particular needs or circumstances. This policy shall be included in employee handbooks, training materials, and/or publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. **The school district shall** require ongoing professional development, consistent with Minnesota Statutes Section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. The content of such professional development shall include, but not be limited to:
1. Developmentally appropriate strategies to prevent incidents of bullying and to intervene immediately and effectively to stop them in a manner that does not stigmatize the victim.
 2. Information about the complex interaction and power differential that can take place between and among an actor, target and witness to the bullying.

The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and Minnesota Rules parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

"Authorized representative" means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

"Biometric record," as referred to in "Personally Identifiable," means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

"Dates of attendance," as referred to in "Directory Information," means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

“Directory information” means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student’s name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student’s parent(s). Directory information does not include:

1. a student’s social security number;
2. a student’s identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student’s identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student’s identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student’s parent or guardian.

[Note: This definition includes all of the types of information specifically referenced by state and federal law as directory information. A school district may choose not to designate some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student’s religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board who must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same jurisdiction.
 - c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;
 - (2) relate exclusively to the individual in that individual's capacity as an employee; and
 - (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.
 - d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;

(2) made, maintained, or used only in connection with the provision of treatment to the student; and

(3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.

f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. 4. Perform a task directly related to responding to a request for data.

J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

~~*[Note: School districts may wish to reference police liaison officers in the definition of a "school official." Depending on the circumstances of the relationship, this may be added in subpart (d) of the definition or in a new subpart (e). Caution should be used to ensure that police liaison officers are considered "school officials" only when performing duties as a police liaison officer and that they are trained as to their obligations pursuant to this policy. Consultation with the school district's legal counsel is recommended.]*~~

P. Summary Data

"Summary data" means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. VI. **DISCLOSURE OF EDUCATION RECORDS**

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.
2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
 - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
 - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records

disclosed.

4. A signed and dated written consent may include a record and signature in electronic form that:
 - a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.

5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;
 - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
 - f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
 - g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes chapter 256B or Minnesota Care under Minnesota Statutes chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the

eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the school district would otherwise use employees;
 - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code section 7917, *[insert the following if the school district has a policy regarding Staff Notification of Violent Behavior by Students]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes section 260B.171, unless the data are required to be destroyed under Minnesota Statutes section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, “organizations,” includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
8. To accrediting organizations in order to carry out their accrediting functions;

9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;

15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the

information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal

identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or

22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a

student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.

[Note: Federal law allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the school district chooses to impose these limitations, it is advisable to add a new paragraph VII.C.1.d. that specifies that disclosures of directory information will be limited to specific parties and/or for specific purposes and identify those parties and/or purposes. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. This is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure, but also the additional administrative requirements such restrictions will place on the school district.]

2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information

is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the

responsible authority shall consider the following factors:

- a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
- b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
- c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
- d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
- e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E , written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
3. copying fees shall not be imposed.

C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority [*designate title of individual, i.e., building principal*] in writing by [*date*] each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
2. Home address;
3. Student's grade level;
4. School presently attended by student;

5. Parent’s legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student’s refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district’s release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of

dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

[Note: 42 United States Code section § 14071 was repealed. School districts should retain this statutory reference, however, as it remains a reference in FERPA and the Minnesota Government Data Practices Act and still may apply to individuals required to register prior to the repeal of this law.]

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;

3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a

student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B) or an act of domestic or international terrorism.

[Note: While Section XIII.E.1. does not apply to requests for or disclosures of directory information under Section VII. of this policy, to the extent the school district chooses to limit the disclosure of directory information to specific parties, for specific purposes, or both, it is advisable that records be kept to identify the party to whom the disclosure was made and/or purpose for the disclosure.]

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

515 - 25 of 29

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes chapter 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems.
- B. Data practices compliance official means *[designate title and actual name of individual]*.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

XVII. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA

A. Where to File Complaints

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA, and the rules promulgated thereunder, shall be submitted in writing to the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Avenue S.W., Washington, D.C. 20202-8520.

B. Content of Complaint

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVIII. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XIX. ANNUAL NOTIFICATION OF RIGHTS

A. Contents of Notice

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate,

misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;

3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;
4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;
5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and
6. That the school district forwards education records on request to a school in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal Every Student Succeeds Act and, if applicable, a student's history of violent behavior.

B. Notification to Parents of Students Having a Primary Home Language Other Than English

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

C. Notification to Parents or Eligible Students Who are Disabled

The school district shall provide for the need to effectively notify parents or eligible students identified as disabled.

~~5060—COLLECTION, MAINTENANCE, DISSEMINATION, AND RETENTION OF STUDENT RECORDS AND INFORMATION~~

~~Schools maintain extensive and intimate information about students and their families for legitimate educational purposes, including instructional, guidance, evaluation, and research. The collection and maintenance of information about students or their families constitutes an intrusion into their privacy. Therefore, efficient administration of student records is a fundamental responsibility of the School District.~~

~~The internet and secure web access have altered the ways that confidential information may be accessed, communicated, and transferred by members of society. Those changes are influencing instruction and student learning. The School Board supports access by students, parents/guardians, teachers, and administrators to informational resources that will improve participation in a child's education and improve communication between students, parents/ guardians, and the students' teachers.~~

~~The Duluth Public Schools manages student information electronically and will make the education records available for viewing only to authorized parents/guardians and students with a secure connection over the internet. All parents/guardians and students will comply with the internet use regulations and all technology regulations/procedures, as well as all other District policies that may apply.~~

~~The purpose of a Records Retention policy is to provide a plan for managing student records by giving continuing authority to dispose of records under Minn. Statute 138.17. The responsible authority for the maintenance and security of student records shall be the Superintendent of Schools.~~

~~Previously, the School District adopted the Student Records section of the School District General Records Retention Schedule as developed and published by the Minnesota Department of Administration (School Board Resolution B-7-99-1913 dated July 20, 1999). The District will comply with all of the minimum standards set out in the Retention Schedule. Although the District reserves the right to retain certain records for a period longer than the State proposes, it will not shorten any retention period to less than what is recommended by the Department of Administration.~~

Special Education Records

~~All records of students receiving special education services will be retained for at least seven years following the last date of eligibility for services to the student. The "last date of eligibility for services" means either the student's graduation or the last day on which the student was eligible for services from the District, whichever is later.~~

516.5 OVERDOSE MEDICATION

[Note: School districts are not required to adopt a policy on the use of emergency drugs for the treatment of drug-related overdoses. School districts and their employees are legally permitted to purchase, store, and administer Naloxone (Narcan) in response to an opiate overdose in schools and those who do assist with such administration are immune from civil liability as well as exempt from criminal prosecution from possession, use, etc. of a prescription medication, particularly to an individual to whom it was not prescribed. The provisions of this policy outline the requirements of the law with respect to the use of Naloxone (Narcan) in schools.]

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)¹, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day ~~or at school district activities.~~

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **"Drug-related overdose"** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **"Naloxone Coordinator"** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].

¹ Naloxone is the medication that reverses an opioid overdose. Narcan® is the brand name for the intranasal applicator (nasal spray) form of naloxone. Naloxone usually refers to an intermuscular (IN+M) naloxone form that comes in a vial and is administered with a syringe, normally dispensed as an "IM kit."

- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.
- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the ~~school district's~~ medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team ("District Planning Team") who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

- 1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
- 2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff ~~in all school facilities and activities~~ and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
- 3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to

ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;

- b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.
4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

B. Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

C. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. NALOXONE STORAGE

- A. The Site Planning Team will select ~~numerous~~ Naloxone storage locations within the school site ~~and outside the school site when activities are conducted off school grounds (i.e., transportation services, field trips, etc.).~~

[Note: School districts may decide that Naloxone will not be sent on field trips, transportation or activities that occur outside of the typical school day or off school property and may modify this statement accordingly. If Naloxone is provided during these auxiliary activities, schools should ensure that it is only provided if there is an available trained staff member to administer it and that the medication can be safely and legally stored and transported.]

- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

516.5 OVERDOSE MEDICATION

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)¹, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **"Drug-related overdose"** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **"Naloxone Coordinator"** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].
- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.
- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type

¹ Naloxone is the medication that reverses an opioid overdose. Narcan® is the brand name for the intranasal applicator (nasal spray) form of naloxone. Naloxone usually refers to an intramuscular (IN+M) naloxone form that comes in a vial and is administered with a syringe, normally dispensed as an "IM kit."

2. Dosage
3. Date of issuance
4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

A. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team ("District Planning Team") who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff at designated school sites and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;
 - b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the

administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.

4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

B. Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

C. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. NALOXONE STORAGE

- A. The Site Planning Team will select ~~numerous~~ Naloxone storage locations within the school site.
- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

Duluth Public Schools Check and Connect Program Update 2022-2023

The Evolution of Check & Connect in the Duluth Public Schools

What is it?

4

Check & Connect is an intervention used with students who show **warning signs of disengagement** with school and who are **at risk of dropping out**.

- Check - Mentors **systematically monitor student performance** (e.g., absences, tardies, behavioral, grades)
- Connect - Mentors provide **personalized, timely interventions** to help students solve problems, build skills, and enhance competence. Mentors work students and families for **at least two years**, functioning as liaisons between home and school and **strive to build constructive family-school relationships**. See the [Components and Elements of Check & Connect](#).

How It Started

US Department of Education, Office of Special Education Program (OSEP) charged states to develop a multi-year plan that would improve high school graduation rates for Black and/or American Indian children and youth with disabilities.

- In 2015, the Minnesota Department of Education identified Duluth Public Schools as one of four districts that accounted for approximately 30% of the population group
- MDE partnered with districts to implement an evidence-based practice to impact graduation rates
- According to the U.S. Department of Education's [What Works Clearinghouse](#), Check & Connect **is the only program** found to have strong evidence of positive effects on staying in school.

Where We've Been

6

- Started slow and small, focused on building internal capacity. See: [District Capacity Assessment Results Over Time](#)
- Improved graduation rates Black and American Indian students with disabilities. See [Graduation Rates Over Time](#)
- Wrapped up initial grant in Spring 2021, sought external funding, and began planning for expansion
 - Were [awarded \\$1.6 million](#) to add mentors to each secondary school; later obtained additional funding to add a position at ALC and to expand data use
 - Modified mentor job description to better align with heightened post-pandemic student needs

10

- Continue the things that are working, such as:
 - Partnering closely with MDE staff
 - Providing ongoing professional development and support to mentors
 - Delivering the evidence-based practice with fidelity
- Transition away from district-driven leadership by continuing to building capacity at school-level
- Provide additional training and support on using data to identify students, monitor progress, exit students

Where We Are Going

- Continue to increase the percentage of historically underserved students receiving a Check & Connect mentor

Student Group	Receiving Check & Connect	Enrollment in District
Students of color	39.2%	22.5%
Students receiving special education services	21.3%	20.7%
Students receiving free or reduced price meals	64.1%	43%

- Provide Check & Connect training to other support professionals across the district
- Continue to advocate for funding to sustain the program beyond 2023-2024 school year

REFERRAL REQUIREMENTS

Prior to submitting a referral, it is expected that a building team (case manager, social worker, school psychologist, school administrator, general education teacher) has met regularly to review and update/adjust programming, interventions and support for the student. It is advisable to include a TOSA to support the building team before submitting a referral.

STEP 1

- Read through the Setting IV [Purpose](#) and the Steps needed for referral to help consider if your student's needs can be met with the program
- Contact Martha Lippitt to inform that your team is considering this referral and/or for any questions you may have during the data collection process
- Collect the required data described in Step 2 and submit

STEP 2

Submitted documentation will include:

- Baseline data sheets addressing the behavior(s) must be completed for two weeks prior to new PBSP
- The most recent special education evaluation
- Functional Behavioral Assessment (FBA) that was completed within the last year,
- Copy of Diagnostic Assessment (if applicable)

- Most recent IEP documenting setting 3 services
- 4 weeks of data collected after implementing new PBIS
- Identification of the target behaviors that have been addressed through the PBSP
- Identification of subjects or activities that the student enjoys and feels successful doing

Steps 3 + 4

STEP 3

- Submission of the completed referral packet to Special Services, Att: Martha Lippitt

STEP 4

- Contact Martha Lippitt by email or leave a message at 218/336-8751 to schedule a time for an observation of the student. After the observation Martha will set up a meeting with the team to review all the current data collected on the student and next steps.

The packets will be reviewed by the Setting IV team. Case managers will be notified of STEP team decisions.

810 – Naming Rights & Naming School Facilities

I. Purpose

The purpose of this policy is to establish the criteria and procedures for granting naming rights in relation to school district facilities, including buildings and grounds.

II. General Statement of Policy

Duluth Public Schools recognizes the importance and significance of naming school district facilities and educational programs. The district will follow policy procedures when reviewing and acting upon all District or community-initiated requests. Facilities are district-owned buildings and properties and include spaces within buildings as well as outdoor fields, streets and areas. Educational programs are district approved learning opportunities that support a specific need or learning goal identified by the district.

Duluth Public Schools recognizes the following circumstances in which the school district may address naming:

- The purchase or construction of a new building,
- The re-naming of an existing facility,
- Naming rights in consideration, and
- Naming rights in recognition.

In each circumstance, the school district passes a formal resolution or enters into a written agreement about the nature of the new name or naming right. The provisions of this policy govern any agreement.

III. Definitions

- A. "Facilities" are district-owned buildings which the main purpose is student instruction.
- B. "Spaces" are areas within a facility or other property owned by the district.
- C. "Naming rights in consideration" is recognition for financial contributions, sponsorship or other commercial transactions.
- D. "Naming rights in recognition" is recognition of a significant contribution to the school district that the district wishes to honor.

IV. Naming New Facilities

When a new facility is acquired or constructed or a facility is named for the first time, the superintendent will appoint a committee consisting of community members, students and employees to recommend appropriate names for the new facility.

Following the procedures outlined in this policy, the committee will provide two or three possible names to the superintendent who will make a recommendation to the school board for consideration.

The Superintendent, or designee, will provide the following guidance to the naming committee to guide the process of name recommendations:

- A. In naming all facilities, due regard must be taken to maintain an appropriate balance between commercial considerations, current or historical context, and the role that names of facilities contribute to the school district's presence in the community. Also recognized is the role played by the name of a facility in assisting employees, students, and visitors to orient themselves.
- B. Names must not be in conflict with the district's mission and vision. The long-term effects of the name must be considered. In the case of a name change, the facility staff and families must be notified of the naming process.
- C. The naming committee shall keep notes and records of all discussions and methods used to determine name recommendations and recommendations will be sent to the Superintendent for consideration.

V. Name Changes/Re-Naming

Once a facility is named, that name will remain with the facility unless changed or removed by the school board. Names will be changed using the same process outlined above. Names may be changed when the specific program or theme for which the facility was named changes, when the current name no longer supports the objective of the facility, or due to additions or renovations to an existing facility. Names may be removed at the discretion of the school board.

VI. Granting Naming Rights

The District may agree to recognize contributions by granting naming rights to facilities and spaces owned by the district. Granting naming rights may be exclusive to a facility or space, or may be conjunction with an existing name already in use.

- A. Spaces for which naming rights may be awarded:
 - a. Auditoriums/Theaters
 - b. Gymnasiums
 - c. Libraries
 - d. Gardens/Walks
 - e. Athletic Fields/Facilities
 - f. Concessions/Locker Rooms
 - g. Other areas as approved by the school board
- B. The Business Services office will engage a naming rights process outlined in this policy whenever a recommendation for any naming rights is submitted to the district, or if the district solicits requests for available naming rights opportunities in the district.
- C. Each granting of naming rights is bound by a written agreement defined by this policy and all other applicable board policies.

VI. Naming Rights in Consideration

The school district may grant naming rights in consideration to recognize contributions made to the district. The contribution may be a financial contribution, sponsorship or the provision of equipment, materials, land or services. These contributions are at the discretion of the school district.

VII. Naming Rights in Recognition

- A. The school district may grant naming rights in recognition to recognize contributions to the district that were not contributed to the district for the purpose of receiving naming rights. Naming rights for these contributions are at the discretion of the school district.
- B. One of the following criteria must be met for granting naming rights in recognition:
 1. Recognition of outstanding service to the school district while serving in an academic or administrative capacity or outstanding service to the Duluth community; or
 2. Recognition of the achievements of distinguished alumni; or
 3. Recognition of a generous financial or other contribution from a donor (be it by way of donation, bequest, sponsorship, etc.), such being voluntary and not rendered in consideration of granting of naming rights.

VIII. Process for Granting Naming Rights

The Business Services office will engage in the following processes to grant naming rights.

- A. Upon request or solicitation of naming rights to a space or facility, the Business Services department will engage by notification on the District web site and through other media messaging that naming rights requests are open for submission.
- B. Naming rights that include a financial contribution, sponsorship, or a provision of services or materials will be reviewed for reasonable valuation by Business Services. Naming rights in recognition being considered will be confirmed to meet standards set out in this policy.
- C. Business Services will create a "Naming Rights Agreement" and submit to the Superintendent to make a recommendation to the school board. The Naming Rights Agreement should include, but are not limited to, the following:
 - a. Duration of Naming Rights. The duration of naming rights is decided or negotiated on a case-by-case basis.
 - b. Physical display of the naming rights is decided or negotiated on a case-by-case basis. In the case of buildings, the physical display of the naming rights will take into account the identification of the school district and opportunities offered by that building for the district. All displays must conform with zoning and other municipal regulations.
 - c. When "naming rights in recognition" is awarded, plaques may, with the approval of the Superintendent and manager of facilities, be installed in buildings.

- d. "Naming rights in consideration" may be transferred by mutual agreement between all parties. "Naming rights in recognition" may not be transferred.
- e. Naming rights may be renewed by mutual agreement between all parties.

D. Limit of Naming Rights

a. On the Part of the District

The school district's right to use the name and other brand elements of the named party is permitted by express agreement with the named party.

b. On the Part of the Named Party

The named party, after whom a facility or space is named, has no decision-making rights as to the purpose of the facility or space unless specifically provided for in the written agreement between the parties. The school district will not agree to any condition in an agreement that could unnecessarily limit progress toward the district's mission and purpose, statutory obligations, or the local authority of the school board. In turn, the named party has no liability in respect of that facility or space unless provided for in a specific contract between the parties. Any such limits must be included in any naming rights' agreement.

E. Termination of Naming Rights

In addition to any remedies for breach of the written agreement granting naming rights, the parties may terminate a naming rights agreement in advance of the scheduled termination date under the following conditions:

a. Termination by the District

The school district reserves the right, at its sole discretion, to terminate the naming rights without refund of consideration, prior to the scheduled termination date, should it feel it is necessary to do so to avoid the district being brought into disrepute.

b. Termination by the Named Party

The named party may, without refund of consideration, at its sole discretion, terminate its acceptance of the naming rights prior to the scheduled termination date, in the event that the school district directly brings the named party into disrepute.

Name	Email	Proposed Name Change	Reason/Concern
Echo Bos (Bohlin)	mrsebos@yahoo.com	The Joe Vukelich Stadium	He is the main reason I graduated and I don't think he knows how much students really appreciate him.
Robert J Woods Jr	bwoods49@msn.com	Michael Colalillo Memorial Park	WWII Medal of Honor Recipient. Played football on that field.
Mike Flaherty	newscenter10@gmail.com	Spirit Stadium	The Spirit name applies to Denfeld as it is located in Spirit Valley, it also applies to Morgan Park as the neighborhood is located on the shore of Spirit Lake, and it also applies to Central as it was located on Spirit Mountain (on the hill). The entire Duluth hill was known as Spirit Mountain (not just the ski hill), to the Native Americans, who also named Spirit Lake and Spirit Island.
Gordon Huhta	gjhoot@gmail.com	Duluth Coaches Stadium (DCS)	This name or a variation of it will allow for honoring all past and future coaches who give so much to our children.
Bob and Karen Bayless	opaoma7@yahoo.com	No Name Change	<p>When considering a name change for Public School Stadium PLEASE think of the following; Is a change NECESSARY, or is it change for the SAKE of change? The proposed name is very cumbersome. According to Naming Rights #810 of isd709 policy, the name should assist employees, students, and visitors to orient themselves. Do these two names accomplish this, and orient a visitor to Denfeld? Very few people under age 45 will have any idea who these men are. They are already in the Denfeld Hall Of Fame. If a change is necessary, Denfeld Stadium is more practical and recognizable. East High School has their own stadium and it is just East Stadium. Lastly, corporate sponsorship is currently being explored. A corporate sponsor will "take over" the name. Examples are Amzoil Arena and the Essentia Duluth Heritage Center. Just imagine The Essentia Duluth Walter Hunting Stadium/Marv Heikkinen Field ????</p> <p>Doesn't just roll off your tongue, does it? Thank you for your consideration.</p>
Sam Karns	sam.karns@gmail.com	Essentia Stadium	Why not pursue corporate sponsorship and rename it Essentia Stadium? We all know Denfeld HS needs every bit of financial help it can get.
Louie St. George III	louiestgeorge@gmail.com	Heikkinen Field at Walt Hunting Stadium, or Marv Heikkinen Field at Walt Hunting Stadium	<p>Love the idea of naming PSS after two giants in Walt Hunting and Marv Heikkinen. However, I'd love for the committee to consider a different naming convention.</p> <p>I would propose Heikkinen Field at Walt Hunting Stadium, or Marv Heikkinen Field at Walt Hunting Stadium. Similar to UMD's Griggs Field at James S. Malosky Stadium.</p> <p>I believe what will happen otherwise is Mr. Heikkinen's name will ultimately just get dropped, or at least forgotten about. It's simply too many words, and folks will shorten it to Walt Hunting Stadium or even Hunting Stadium. And a great idea will be for naught.</p>
Tim Beaulier	tjbeaulier51@gmail.com	"Trident", "Triad", or "Pyramid" Stadium	This name might be a suggestion to reflect the three (3) schools, giving Central, Denfeld, and Morgan Park equal footing.

Why strive to adjust for 2023/2024?

- **Sense of Urgency**
 - Concerns expressed for many years
 - Recent feedback: “Staff Desired Daily Experiences”
 - *“I have dedicated & adequate time during my workday to collaborate, prepare, connect with colleagues and grow professionally.”*
 - District and sites North Star identification
- **Multi-Tiered System of Support (MTSS) Infrastructure**
 - Schedule utilized as framework: Tier 1, 2, & 3
 - Intentional planning: when/how to support students
 - Provide more time for staff: collaborate and coordinate
- **Equity**
 - Responsibility to design structures to better address needs of staff and students
 - Guarantee common experience across our sites for staff and students
 - Not the same, but consistent
- **Equality**
 - All teachers equal/adequate opportunities to plan/collaborate within their day
 - Student equal access to specialist content (music, PE, media, art)
- **Budgets / Staffing**
 - Financial commitment by District to finally solve this problem

What is wrong with the current schedules?

39

Classroom Teachers:

- Difficult to schedule core & WIN around inconsistent specialist times
- No common specialist blocks so no common planning opportunity
- Confusing schedule for staff
- Hard schedule for families to follow
- Routine and consistency from day to day is impossible with current schedule
- Need more time in day to plan
- Prep time infringed upon by other responsibilities

Support Teachers:

- Inconsistent daily schedules make it difficult to schedule services
- Hard to plan for avoiding core instruction
- Planning and preparing during day is hard due to lack of consistency
- Schedules make it difficult to support grade level WINs
- Prep time infringed upon by other responsibilities

Specialist Teachers:

- Too many students with current pairings
- Overlapping classes; two classes in same space
- Hard to set up/take down
- Traveling from site to site waste of instructional time and hard on teacher
- Difficult to teach lesson in allocated time (media, music)
- Can't teach all standards due to time restrictions
- Too many days in between classes (art)
- No common prep for specialists
- Expected overloads are hard on teachers
- Too many sections in an average day
- FTEs are pieced out
- Not enough full time positions
- Prep time infringed upon by other responsibilities

Committee Goals

To collaboratively problem solve the elementary schedule issues

To provide consistency in the elementary instructional day with a common schedule framework beginning 2023/2024

To integrate grade level daily common preparation time within the instructional day

To design a specialist schedule that improves the daily teaching and learning experience

- Create as many full time specialist positions as possible
- No layoffs

To ensure sites maintain autonomy to customize certain aspects of the schedule

To outline clear expectations and procedures for the elementary schedule process

Transportation Waiver for Duluth Head Start

- Voluntary PreK is required to provide transportation to and from school for 4 year olds
- Due to this, we are asking that 4 year old Head Start children also be allowed to ride the bus to and from school. We know transportation can be a significant barrier to accessing preschool for families experiencing poverty.
- We are asking to waive the following Head Start regulations:
 - Restraints 1303.71(d) and 1303.72(a)(1)
 - Monitors 1303.72(a)(4)
- Our Parent Policy Council supports this plan contingent on maintaining the following safety provisions:
 - Preschool children will wear reflective vests making them highly visible to the bus drivers and other staff, both to and from school
 - Preschool children will sit in seats closest to the driver
 - An adult must meet the children at the bus door at drop off, and must bring the child to the bus door at pick up. We encourage parents to establish communication with the driver.
 - Unfamiliar designated adults must present an ID to the bus driver when picking up a child from the bus.
 - All Head Start children must participate in a bus safety presentation on the first day of school.
 - Riding the bus is voluntary, so parents may choose to self transport if they prefer.

We appreciate your commitment to removing barriers for children whose families are experiencing poverty by safely getting preschool children to and from school. We know establishing patterns of regular attendance is very important for school success, and we can directly correlate transportation increased attendance.

By signing below, you are acknowledging that you approve this waiver.

509 ENROLLMENT OF NONRESIDENT STUDENTS

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The school district desires to participate in the Enrollment Options Program established by Minnesota Statutes section 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

- A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:
1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
 2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minnesota Statutes section 124D.03.
 3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.
- B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minnesota Statutes section 121A.45 to enroll during the term of the expulsion if the student was expelled for:
1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
 2. possessing or using an illegal drug at school or a school function;
 3. selling or soliciting the sale of a controlled substance while at school or a school function; or
 4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not

use the following standards in determining whether to accept or reject an application for open enrollment:

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student's proficiency in the English language;
5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.

D. Application

The student and parent or guardian must complete and submit a School District Enrollment Options Program application developed by the Minnesota Department of Education and available on their website (education.mn.gov). Go to "Students and Families," then, under "School Choice," select "Open Enrollment." The form is entitled, "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education."

E. Lotteries

If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

F. Exclusion

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minnesota Statutes section 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minnesota Statutes chapter 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8.
2. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

- H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is

placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

[Note: School districts are required by statute to have a policy addressing these issues.]

[Note: Minnesota Laws 2009, Chapter 96, made a number of changes to the laws and rules governing the use of "conditional procedures" with respect to special education students. Specifically, Chapter 96 repealed, EFFECTIVE AUGUST 1, 2011, Minnesota Statutes sections 121A.66, 121A.67, Subd. 1, as well as Minnesota Rules 3525.0210, Subparts 5, 6, 9, 13, 17, 29, 30, 46, 47, and 3525.2900, Subp. 5. These laws and rules were replaced, effective August 1, 2011, with a restrictive procedures law which generally addresses the restraint of special education students. Also note that the restrictive procedures law contains a significant staff training component, found at Minnesota Statutes section 125A.0942, Subds. 1, 2, and 5. Staff who intend to use restrictive procedures must be trained in the areas specified in Subd. 5 to use these procedures.]

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.

- B. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- C. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term "peace officer" includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.
- D. "Police liaison officer" is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- E. The phrase "remove the student from school grounds" is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. "Student with an IEP" or "the student" means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student's behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team may be summoned. The crisis team may attempt to de-escalate the student's behavior by means including, but not limited to, those described in the student's IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By Police Liaison Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

[Note: If the school district uses a different reference name for its student records policy, insert that name in place of the reference to Protection and Privacy of Pupil Records, which is the title of MSBA/MASA Model Policy 515.]

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by Minnesota Statutes section 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minnesota Statutes Chapter 260E;
6. Physical holding (as defined in Minnesota Statutes section 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or
8. Denying a child access to toilet facilities.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minnesota Statutes section 125A.0942, Subd. 5, and otherwise comply with the requirements of § 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include information on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

~~If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minn. 532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPS FROM SCHOOL GROUNDS

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to ~~use a restrictive procedure or~~ remove, if necessary, a student ~~with an individualized education program (IEP)~~ from school grounds. ~~This includes students with or without an Individualized Education Program (IEP).~~

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student ~~with an IEP~~ engages in ~~conduct, which, in the judgment of school personnel, endangers or may endanger the health, safety, o property of the student, other students, staff members, or school property, that student may be removed behavior that constitutes an emergency, that student may be subject to the use of restrictive procedures and/or the removal~~ from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- ~~A~~ **F.** "Student with an IEP" ~~or "the student"~~ means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- ~~B~~ **C.** "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term "peace officer" includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.
- ~~E~~ **D.** "Police liaison officer" is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to

promote school safety, security, and positive relationships with students.

- Ⓓ A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase "remove the student from school grounds" is the act of securing the person of a student **with an IEP** and escorting that student from the school building or school activity at which the student **with an IEP** is located.
- F B. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student's behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team may be summoned. The crisis team may attempt to de-escalate the student's behavior by means including, but not limited to, those described in the student's IEP and/or behavior intervention plan, ~~if~~ **applicable**. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health and safety, or property of the student, other students or staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By Police Liaison Officer or Peace Officer

If a student **with an IEP** engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student **with an IEP** engages in conduct which endangers or may endanger the health, safety, or property of the student, other students,

staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

In removing a student from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to self or another.

In removing a student from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by ~~Minn. Stat. § Minnesota Statutes section~~ 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under ~~Minn. Stat. § 626.556 Minnesota Statutes Chapter 260E~~;
6. Physical holding (as defined in ~~Minn. Stat. § Minnesota Statutes section~~ 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or

8. Denying a child access to toilet facilities.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal or use of a restrictive procedure.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student **with an IEP** may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by **Minn. Stat. § Minnesota Statuets section 125A.0942, Subd. 5**, and otherwise comply with the requirements of § 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (**Willie Jett**) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of **prone-restraints seclusion**. By **June 30 January 15, April 15, July 15, and October 15** of each year, districts must report **summary data on the use of restrictive procedures to the MDE**, in a form and manner determined by the Commissioner, **about individual students who have been secluded**. By **July 15** each year, districts must report **The summary data**. The **summary data** must include information **about** on the use of restrictive procedures **for the prior school year, July 1 through June 30**, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

The purpose of this policy is to prohibit bullying behavior and assist the Duluth School District in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

The Duluth School District strives to provide safe, secure and respectful learning environments for all students in school buildings, on school grounds, school buses and at school-sponsored activities. A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships.

This policy protects all students against bullying behavior including bullying behavior on the basis of actual or perceived race, ethnicity, color, creed, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability, status with regard to public assistance, age, military status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic defined in Minnesota Human Rights Act (Chapter 363A).

II. DEFINITIONS

"Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

- A. there is an actual or perceived imbalance of power between the student engaging in prohibited conduct and the target of the conduct and the conduct is repeated or forms a pattern; or
- B. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

"Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

"Intimidating, threatening, abusive, or harming conduct" means; but is not limited to, conduct that does the following:

- A. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
- B. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or

- C. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic as defined in the MHRA. However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

"Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of the student who is the target of the prohibited conduct. Remedial response also means a measure to stop and correct retaliation for asserting, alleging, reporting or providing information about prohibited conduct (retaliation) or knowingly making a false report about prohibited conduct (false report), prevent retaliation or false reports from recurring and protect, support and intervene on behalf of the student who is the target of the prohibited conduct.

"Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

"Immediately" means as soon as possible but in no event longer than one school day.

"District employee" includes school board members, administrators, educators, aides, school counselors, social workers, psychologists, other school mental health professionals, nurses and other school-based/linked medical providers/health professionals, cafeteria workers, custodians, bus drivers, athletic coaches, extracurricular activities advisors, paraprofessionals, school employees, agents or persons subject to the supervision and control of the district and its students.

"On Duluth School District property or at school-related functions" means all Duluth School District buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for Duluth School District purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. Duluth School District property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the Duluth School District does not represent that it will provide supervision or assume liability at these locations and events.

"Building Report Taker" is language from the Safe and Supportive Schools legislation and in the Duluth School District means the Building Principal or Designee. This policy will refer to the "Building Report Taker" as "Principal or Designee" throughout the document.

III. STATEMENT OF PROHIBITION

An act of bullying, by either an individual student or a group of students, is expressly prohibited on Duluth School District property or at school-related functions. This policy also applies to any student whose conduct at any time or in any place constitutes

bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.

Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

False accusations or reports of bullying against another student are also prohibited.

No District employee, volunteer, or contractor shall permit, condone, or tolerate bullying.

IV. REPORTING PROCEDURE

It is everyone's responsibility to report bullying behavior, not just the person targeted. Any student who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct shall report the alleged acts immediately to the Building Principal or designee, either verbally or in writing.

A person may make an initial report to any District Employee and may report bullying anonymously. However, the Duluth School District's ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

The Duluth School District has made available to the reporting party or complainant the use of a report form. See the Parent & Student Handbook, contact the Principal, District Climate Coordinator, or visit www.isd709.org to access a "Bullying Report Form".

The building principal or designee is the person responsible for receiving reports of bullying at the building level. If the complaint involves the principal or designee, the complaint shall be made directly with the Assistant Superintendent or Superintendent of the Duluth School District. Please see our Parent & Student Handbook or Duluth School District Website at www.isd709.org for Principal and Duluth School District contact information.

The principal or designee shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The principal or designee or a third party designated by the school district shall be responsible for the investigation. The principal or designee shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

A District employee, volunteer, or contractor shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may

constitute bullying shall make reasonable efforts to address and resolve the prohibited conduct and inform principal or designee immediately. District employees who fail to inform the building report taker of conduct that may constitute bullying in a timely manner may be subject to disciplinary action.

Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

The Duluth School District will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Duluth School District's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

V. PREVENTION, INVESTIGATION, AND RESPONSE

Many student conflicts can be resolved immediately and do not require reporting or creation of an incident report or office discipline referral. Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance.

It is the Duluth School District's responsibility to prevent bullying and to take action to investigate, respond, remediate, and discipline those involved in acts of bullying which have not been successfully prevented - to the extent possible given that such conduct affects the educational environment of Duluth Schools and the rights and welfare of its students, and is within the control of Duluth School District in its normal operations.

Prevention - Each school will utilize research-based developmentally appropriate best practice prevention strategies. These prevention strategies may include but are not limited to: teaching respect and acceptance of difference between people, positive behavior interventions and supports, social emotional learning, intentionally creating positive student and staff relationships, and preparing students for when bullying behavior does occur.

Investigation - Investigation of a bullying incident shall be initiated as soon as possible but no later than three school days of receipt of a report. The Duluth School District may take immediate steps, at its discretion, to protect the target or victim of bullying or other prohibited conduct, the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law. When investigating a complaint, the principal/designee may take into account following factors:

- The developmental ages and maturity levels of the parties involved.
- The potential for culturally misinterpreting behavior.
- The levels of harm, surrounding circumstances, and nature of the behavior.
- Past incidences or past or continuing patterns of behavior.
- The relationship between the parties involved.
- The context in which the alleged incidents occurred.

The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

Remedial Response - Upon completion of the investigation, the Duluth School District will take appropriate action with the student harmed and with the student who violated the prohibited conduct policy.

- For the student harmed: Protect, support, and intervene on behalf of the student who is the target of the prohibited conduct. Support may include: safety planning, student conference(s), referral to student support staff for one-to-one support or social skills training; check-in and/or check-out with a trusted adult in the school; and choice to participate in a restorative process - facilitated by a trained facilitator. When an incident includes documentation through an office discipline referral, information regarding the student harmed will be included on the referral.
- For the student who violated the prohibited conduct policy: Schools may use multi-tiered levels of response that are individualized, consistent, reasonable, fair, and age-appropriate and should match the severity of the student's behavior and their developmental age. The response must be a natural and logical match to the prohibited behavior; consequences must be paired with meaningful instruction and guidance; and must be carefully planned with well-defined outcomes. Responses may include but are not limited to:
 - Safety planning
 - Student conference(s)
 - Working with parents of involved students
 - Teaching/reteaching of desired skills or behavior
 - Reinforcing desired skills or behaviors
 - School disciplinary action (detention, suspension, etc.)
 - Connecting students/families to school, district, community resources
 - Consideration of a restorative process if all parties are prepared and willing

Duluth School District action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; Duluth School District policies; and regulations.

School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report. The Duluth School District is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the Duluth School District.

In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the District shall, when determined appropriate by the child's individualized education program ("IEP") team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

Appeal - Any party who is not satisfied with the outcome of the investigation may appeal to the district's Office of the Assistant Superintendent within 10 school days of notification of the principal/designee's decision. The Assistant Superintendent or

designee will conduct a review of the appeal and, within 10 school days of receipt of the appeal, will affirm, reverse or modify the findings of the report. The Assistant Superintendent or designee shall notify the party requesting the appeal and the principal that its decision is final and shall document that notification with the appeal.

District Employees - When it is determined that a district employee was aware prohibited conduct was taking place but failed to report it, the employee will be considered to have violated this policy. The employee's supervisor shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Duluth School District contracts.

VI. REPRISAL

The Duluth School District will take appropriate action against any student or District employee who retaliates against any person who testifies or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

VII. RECORDS

Information gained when investigating and remediating reports of bullying will be recorded and kept by the Building Principal or designee. Information regarding the number of reports of bullying and the action taken to resolve the reports will be provided to Duluth School District Climate Coordinator by the Building Principal or designee annually.

Affected students and their parents may have rights under state and federal data practices laws to obtain access to data related to an incident and to contest the accuracy or completeness of the data.

VIII. PROFESSIONAL DEVELOPMENT AND EDUCATION

The District shall discuss this Policy with District employees, volunteers, and contractors, and provide appropriate training and professional development to district employees regarding this Policy.

Staff - Professional development will:

- A. Be required on a three year cycle for all school personnel to prevent, identify, and respond to bullying behavior. Newly employed district employees must receive the training within the first year of their employment with the district or school. A district or school administrator may accelerate the training cycle or provide additional training based on particular needs or circumstances.
- B. Require ongoing professional development, consistent with Minnesota Statutes Section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. The content of such professional development shall include, but not be limited to:
 1. Developmentally appropriate strategies to prevent incidents of bullying and to

intervene immediately and effectively to stop them in a manner that does not stigmatize the victim.

2. Information about the complex interaction and power differential that can take place between and among an actor, target and witness to the bullying.
3. Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk and any specific interventions that may be particularly effective for addressing bullying behavior related to bias.
4. Recognizing, responding to and reporting bullying.
5. Information about the incidence and nature of cyber bullying.
6. Information about Internet safety issues as they relate to cyber bullying.
7. Student staff relationships and initial responses to students making a report.
8. A review of the district's reporting requirements related to bullying and cyber bullying.

Student Education - Each school shall incorporate into the school curriculum developmentally appropriate programmatic instruction to help students identify, prevent and reduce bullying and create a safe learning environment.

The Duluth School District will work with the Minnesota Department of Education Technical Assistance Center and provide resources for instruction and topics including but not limited to: evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct to engage all students in creating a safe and supportive school environment.

IX. NOTICE

The Duluth School District will give annual notice of this policy to students, parents or guardians, and staff through the following practices:

- A. A script, orally or in writing, using age appropriate language, will be shared with all students during the fall of each school year.
- B. This policy shall fully appear in the Parent/Student Handbook with notice of the policy in the Employee Handbook.
- C. This policy shall be given to each school district employee and independent contractor at the time of entering into the person's employment contract.
- D. Information regarding this policy will be included in information communicated to volunteers at time of entering into volunteer agreement.
- E. A report will be provided annually to the School Board at the July Education Committee Meeting, including a summary of the number of bullying reports submitted and the action taken to resolve reports. This will be done without releasing any case specific information or personnel data.
- F. This policy must be available to all parents and other school community members in an electronic format in the languages appearing on the district or school Web site, consistent with the district policies and practices.

514 BULLYING PROHIBITION POLICY***[Note: School districts are required by statute to have a policy addressing bullying.]*****I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;

3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term "bullying" specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
 1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;

2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third

party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and

5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515)

in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Minnesota Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minnesota Statutes section 121A.031 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

The purpose of this policy is to prohibit bullying behavior and assist the Duluth School District in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

The Duluth School District strives to provide safe, secure and respectful learning environments for all students in school buildings, on school grounds, school buses and at school-sponsored activities. A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships.

~~This policy protects all students against bullying behavior including bullying behavior on the basis of actual or perceived race, ethnicity, color, creed, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability, status with regard to public assistance, age, military status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic defined in Minnesota Human Rights Act (Chapter 363A).~~

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to

participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 1. The developmental ages and maturity levels of the parties involved;
 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 3. Past incidences or past or continuing patterns of behavior;
 4. The relationship between the parties involved; and
 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any

student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

If the complaint involves the ~~principal or designee~~ building report taker, the complaint shall be made directly with the Assistant Superintendent or Superintendent of the Duluth School District. Please see our Parent & Student Handbook or Duluth Public Schools District Website at isd709.org for Principal and Duluth Public Schools District contact information.

The ~~principal or designee~~ building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The ~~principal or designee~~ building report taker or a third party designated by the school district shall be responsible for the investigation. The ~~principal or designee~~ building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected

individuals as appropriate.

A District employee, volunteer, or contractor shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes or has other knowledge or belief of conduct that may constitute bullying shall make reasonable efforts to address and resolve the prohibited conduct and inform ~~principal or designee~~ **the building report taker** immediately. District employees who fail to inform the building report taker of conduct that may constitute bullying in a timely manner may be subject to disciplinary action.

Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. **The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.**

The Duluth School District will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Duluth School District's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

Submission of a good faith complaint or report of bullying **or other prohibited conduct** will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

V. ~~PREVENTION, INVESTIGATION, AND RESPONSE~~ SCHOOL DISTRICT ACTION

~~Many student conflicts can be resolved immediately and do not require reporting or creation of an incident report or office discipline referral. Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance.~~

~~It is the Duluth School District's responsibility to prevent bullying and to take action to investigate, respond, remediate, and discipline those involved in acts of bullying which have not been successfully prevented—to the extent possible given that such conduct affects the educational environment of Duluth Schools and the rights and welfare of its students, and is within the control of Duluth School District in its normal operations.~~

~~Prevention—Each school will utilize research-based developmentally appropriate best practice prevention strategies. These prevention strategies may include but are not limited to: teaching respect and acceptance of difference between people, positive behavior interventions and supports, social-emotional learning, intentionally creating positive student and staff relationships, and preparing students for when bullying behavior does occur.~~

~~Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.~~

~~The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others,~~

pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law. When investigating a complaint, the ~~principal or designee~~ the building report taker may take into account following factors:

- The developmental ages and maturity levels of the parties involved.
- The potential for culturally misinterpreting behavior.
- The levels of harm, surrounding circumstances, and nature of the behavior.
- Past incidences or past or continuing patterns of behavior.
- The relationship between the parties involved.
- The context in which the alleged incidents occurred.

The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

~~Upon completion of the investigation, the Duluth School District will take appropriate action with the student harmed and with the student who violated the prohibited conduct policy.~~

Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy and other applicable school district policies; and applicable regulations.

- For the student harmed: Protect, support, and intervene on behalf of the student who is the target of the prohibited conduct. Support may include: safety planning, student conference(s), referral to student support staff for one-to-one support or social skills training; check-in and/or check-out with a trusted adult in the school; and choice to participate in a restorative process - facilitated by a trained facilitator. When an incident includes documentation through an office discipline referral, information regarding the student harmed will be included on the referral.
- For the student who violated the prohibited conduct policy: Schools may use multi-tiered levels of response that are individualized, consistent, reasonable, fair, and age-appropriate and should match the severity of the student's behavior and their developmental age. The response must be a natural and logical match to the prohibited behavior; consequences must be paired with meaningful instruction and guidance; and must be carefully planned with well-defined outcomes. Responses may include but are not limited to:
 - Safety planning
 - Student conference(s)
 - Working with parents of involved students
 - Teaching/reteaching of desired skills or behavior
 - Reinforcing desired skills or behaviors
 - School disciplinary action (detention, suspension, etc.)

- Connecting students/families to school, district, community resources
- Consideration of a restorative process if all parties are prepared and willing

~~Duluth School District action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; Duluth School District policies; and regulations.~~

~~The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.~~

In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the District shall, when determined appropriate by the child's individualized education program ("IEP") team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

Investigation of a bullying incident shall be initiated as soon as possible but no later than three school days of receipt of a report. The Duluth School District may take immediate steps, at its discretion, to protect the target or victim of bullying or other prohibited conduct, the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.

The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report. ~~The Duluth School District is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the Duluth School District.~~

Any party who is not satisfied with the outcome of the investigation may appeal to the district's Office of the Assistant Superintendent within 10 school days of notification of the principal/designee's decision. The Assistant Superintendent or designee will conduct a review of the appeal and, within 10 school days of receipt of the appeal, will affirm, reverse or modify the findings of the report. The Assistant Superintendent or designee shall notify the party requesting the appeal and the principal that its decision is final and shall document that notification with the appeal.

When it is determined that a district employee was aware prohibited conduct was taking place but failed to report it, the employee will be considered to have violated this policy. The employee's supervisor shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Duluth School District contracts.

VI. RETALIATION OR REPRISAL

~~The Duluth School District will take appropriate action against any student or District employee who retaliates against any person who testifies or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.~~

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. RECORDS

Information gained when investigating and remediating reports of bullying will be recorded and kept by the Building Principal or designee. Information regarding the number of reports of bullying and the action taken to resolve the reports will be provided to Duluth School District Climate Coordinator by the Building Principal or designee annually.

Affected students and their parents may have rights under state and federal data practices laws to obtain access to data related to an incident and to contest the accuracy or completeness of the data.

VIII. PROFESSIONAL DEVELOPMENT TRAINING AND EDUCATION

The District shall discuss this Policy with District employees, volunteers, and contractors, and provide appropriate training and professional development to district employees regarding this Policy.

~~Staff Professional development will:~~

- A. ~~Be required on a three-year cycle for all school personnel to prevent, identify, and respond to bullying behavior.~~ The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed district employees must receive the training within the first year of their employment with the district or school. A district or school administrator may accelerate the training cycle or provide additional training based on particular needs or circumstances. This policy shall be included in employee handbooks, training materials, and/or publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

The content of such professional development shall include, but not be limited to:
1. Developmentally appropriate strategies to prevent incidents of bullying and to intervene immediately and effectively to stop them in a manner that does not stigmatize the victim.
 2. Information about the complex interaction and power differential that can take place between and among an actor, target and witness to the bullying.

The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and Minnesota Rules parts 1205.0100-1205.2000.

III. DEFINITIONS**A. Authorized Representative**

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student’s attendance at a school or schools in the school district.

D. Directory Information

“Directory information” means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student’s name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student’s parent(s). Directory information does not include:

1. a student’s social security number;
2. a student’s identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student’s identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student’s identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student’s parent or guardian.

[Note: This definition includes all of the types of information specifically referenced by state and federal law as directory information. A school district may choose not to designate some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student’s religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board who must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.

(2) made, maintained, or used only in connection with the provision of treatment to the student; and

(3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. ~~*[Note: School districts may wish to reference police liaison officers in the definition of a "school official." Depending on the circumstances of the relationship, this may be added in subpart (d) of the definition or in a new subpart (e). Caution should be used to ensure that police liaison officers are considered "school officials" only when performing duties as a police liaison officer and that they are trained as to their obligations pursuant to this policy. Consultation with the school district's legal counsel is recommended.]*~~

P. Summary Data

"Summary data" means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations section 99.31(a).

C. Students with a Disability

The school district shall follow 34 Code of Federal Regulations sections 300.610-300.617 with regard to the privacy, notice, access, recordkeeping, and accuracy of information related to students with a disability.

VI. DISCLOSURE OF EDUCATION RECORDS

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.
2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
 - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
 - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records

disclosed.

4. A signed and dated written consent may include a record and signature in electronic form that:
 - a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.

5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;
 - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
 - f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
 - g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes chapter 256B or Minnesota Care under Minnesota Statutes chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the

eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the school district would otherwise use employees;
 - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code section 7917, *[insert the following if the school district has a policy regarding Staff Notification of Violent Behavior by Students]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes section 260B.171, unless the data are required to be destroyed under Minnesota Statutes section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, “organizations,” includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
8. To accrediting organizations in order to carry out their accrediting functions;

9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;

15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the

information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal

identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or

22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a

student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.

[Note: Federal law allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the school district chooses to impose these limitations, it is advisable to add a new paragraph VII.C.1.d. that specifies that disclosures of directory information will be limited to specific parties and/or for specific purposes and identify those parties and/or purposes. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. This is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure, but also the additional administrative requirements such restrictions will place on the school district.]

2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information

is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the

responsible authority shall consider the following factors:

- a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
- b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
- c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
- d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
- e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E , written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
3. copying fees shall not be imposed.

C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority [*designate title of individual, i.e., building principal*] in writing by [*date*] each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
2. Home address;
3. Student's grade level;
4. School presently attended by student;

5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of

dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

[Note: 42 United States Code section § 14071 was repealed. School districts should retain this statutory reference, however, as it remains a reference in FERPA and the Minnesota Government Data Practices Act and still may apply to individuals required to register prior to the repeal of this law.]

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;

3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a

student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B) or an act of domestic or international terrorism.

[Note: While Section XIII.E.1. does not apply to requests for or disclosures of directory information under Section VII. of this policy, to the extent the school district chooses to limit the disclosure of directory information to specific parties, for specific purposes, or both, it is advisable that records be kept to identify the party to whom the disclosure was made and/or purpose for the disclosure.]

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

515 - 25 of 2

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes chapter 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems.
- B. Data practices compliance official means *[designate title and actual name of individual]*.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

XVII. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA

A. Where to File Complaints

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA, and the rules promulgated thereunder, shall be submitted in writing to the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Avenue S.W., Washington, D.C. 20202-8520.

B. Content of Complaint

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVIII. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XIX. ANNUAL NOTIFICATION OF RIGHTS

A. Contents of Notice

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate,

misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;

3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;
4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;
5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and
6. That the school district forwards education records on request to a school in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal Every Student Succeeds Act and, if applicable, a student's history of violent behavior.

B. Notification to Parents of Students Having a Primary Home Language Other Than English

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

C. Notification to Parents or Eligible Students Who are Disabled

~~5060—COLLECTION, MAINTENANCE, DISSEMINATION, AND RETENTION OF STUDENT RECORDS AND INFORMATION~~

~~Schools maintain extensive and intimate information about students and their families for legitimate educational purposes, including instructional, guidance, evaluation, and research. The collection and maintenance of information about students or their families constitutes an intrusion into their privacy. Therefore, efficient administration of student records is a fundamental responsibility of the School District.~~

~~The internet and secure web access have altered the ways that confidential information may be accessed, communicated, and transferred by members of society. Those changes are influencing instruction and student learning. The School Board supports access by students, parents/guardians, teachers, and administrators to informational resources that will improve participation in a child's education and improve communication between students, parents/ guardians, and the students' teachers.~~

~~The Duluth Public Schools manages student information electronically and will make the education records available for viewing only to authorized parents/guardians and students with a secure connection over the internet. All parents/guardians and students will comply with the internet use regulations and all technology regulations/procedures, as well as all other District policies that may apply.~~

~~The purpose of a Records Retention policy is to provide a plan for managing student records by giving continuing authority to dispose of records under Minn. Statute 138.17. The responsible authority for the maintenance and security of student records shall be the Superintendent of Schools.~~

~~Previously, the School District adopted the Student Records section of the School District General Records Retention Schedule as developed and published by the Minnesota Department of Administration (School Board Resolution B 7 99 1913 dated July 20, 1999). The District will comply with all of the minimum standards set out in the Retention Schedule. Although the District reserves the right to retain certain records for a period longer than the State proposes, it will not shorten any retention period to less than what is recommended by the Department of Administration.~~

~~**Special Education Records**~~

~~All records of students receiving special education services will be retained for at least seven years following the last date of eligibility for services to the student. The "last date of eligibility for services" means either the student's graduation or the last day on which the student was eligible for services from the District, whichever is later.~~

516.5 OVERDOSE MEDICATION

[Note: School districts are not required to adopt a policy on the use of emergency drugs for the treatment of drug-related overdoses. School districts and their employees are legally permitted to purchase, store, and administer Naloxone (Narcan) in response to an opiate overdose in schools and those who do assist with such administration are immune from civil liability as well as exempt from criminal prosecution from possession, use, etc. of a prescription medication, particularly to an individual to whom it was not prescribed. The provisions of this policy outline the requirements of the law with respect to the use of Naloxone (Narcan) in schools.]

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)¹, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day ~~or at school district activities.~~

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **"Drug-related overdose"** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **"Naloxone Coordinator"** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].

¹ Naloxone is the medication that reverses an opioid overdose. Narcan® is the brand name for the intranasal applicator (nasal spray) form of naloxone. Naloxone usually refers to an intramuscular (IN+M) naloxone form that comes in a vial and is administered with a syringe, normally dispensed as an "IM kit."

- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.
- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the ~~school district's~~ medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team ("District Planning Team") who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

- 1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
- 2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff ~~in all school facilities and activities~~ and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
- 3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to

ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;

- b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.
4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

B. Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

C. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. NALOXONE STORAGE

- A. The Site Planning Team will select ~~numerous~~ Naloxone storage locations within the school site ~~and outside the school site when activities are conducted off school grounds (i.e., transportation services, field trips, etc.).~~

[Note: School districts may decide that Naloxone will not be sent on field trips, transportation or activities that occur outside of the typical school day or off school property and may modify this statement accordingly. If Naloxone is provided during these auxiliary activities, schools should ensure that it is only provided if there is an available trained staff member to administer it and that the medication can be safely and legally stored and transported.]

- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

516.5 OVERDOSE MEDICATION

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)¹, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **"Drug-related overdose"** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **"Naloxone Coordinator"** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].
- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.
- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type

¹ Naloxone is the medication that reverses an opioid overdose. Narcan® is the brand name for the intranasal applicator (nasal spray) form of naloxone. Naloxone usually refers to an intramuscular (IN+M) naloxone form that comes in a vial and is administered with a syringe, normally dispensed as an "IM kit."

2. Dosage
3. Date of issuance
4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

A. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team ("District Planning Team") who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff at designated school sites and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;
 - b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the

administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.

4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

B. Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

C. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. NALOXONE STORAGE

- A. The Site Planning Team will select ~~numerous~~ Naloxone storage locations within the school site.
- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

Adopted:

532R Regulations and Restrictive Procedures Plan

In accordance with Minnesota Statute 125A.0942, Subd. 1, every school district is required to develop and make public a plan that discloses its use of restrictive procedures. The plan specifically outlines the list of restrictive procedures the school intends to use; how the school will monitor and review the use of restrictive procedures, including post use debriefings and convening an oversight committee; and a written description and documentation of the training and staff that have completed the training.

Duluth Public Schools ISD709 promotes the use of positive behavioral approaches as an intervention for all students. Duluth Public Schools ISD 709 uses restrictive procedures only in response to behavior(s) that constitutes an emergency, even if written into a child's Individualized Education Program (IEP) or Positive Behavior Intervention Plan (BIP).

A. **Definitions**

The following terms are defined as:

1. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury. Emergency does not mean circumstances such as: a child who does not respond to a task or request and instead places his or her head on a desk or hides under a desk or table; a child who does not respond to a staff person's request unless failing to respond would result in physical injury to the child or other individual; or an emergency incident has already occurred and no threat of physical injury currently exists. Minn. Stat. § 125A.094(b).
2. "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement, where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a child in order to protect a child or other individual from physical injury. Minn. Stat. § 125A.0941(c). The term physical holding does not mean physical contact that:
 - a. helps a child respond or complete a task;
 - b. assists a child without restricting the child's movement;
 - c. is needed to administer an authorized health-related service or procedure; or d. is needed to physically escort a child when the child does not resist or the child's resistance is minimal.
3. "Positive behavioral interventions and supports" means interventions and strategies to improve the school environment and teach children the skills to behave appropriately.
4. "Restrictive procedures" means the use of physical holding or seclusion in an emergency. Restrictive procedures must not be used to punish or otherwise discipline a child. Minn. Stat. § 125A.0941(f).
5. "Prone restraint" means placing/holding a student in a face down position. Use of Prone restraint under any and all conditions has ended as of August 1, 2015. 6. "Seclusion" means confining a child alone in a room from which egress is barred. Egress may be barred by an adult locking or closing the door in the room or preventing the child from leaving the room. Minn. Stat. § 125A.0941(g). Removing a child from an activity to a location where the child cannot participate in or observe the activity is not seclusion.

B. Staff Training - Requirements and Additional Training Content Requirements

95

Staff who design and use behavioral interventions will complete training in the use of positive approaches as well as restrictive procedures. Training records will identify the content of the training, attendees and training dates. ~~Duluth Department of Special Services #709~~ Duluth Public Schools will compile a list of all Nonviolent Crisis Intervention (NCI) trainings from the Crisis Prevention Institute (CPI) and retain attendance records in the district office.

Additional Training Content

Additional Training Content in the following areas will be provided to district staff and contracted personnel who have routine contact with students and who may use restrictive procedures:

1. Positive behavioral interventions;
2. Communicative intent of behaviors;
3. Relationship building;
4. Alternatives to restrictive procedures, including techniques to identify events and environmental factors that may escalate behavior;
5. De-escalation methods;
6. Standards for using restrictive procedures;
7. Obtaining emergency medical assistance;
8. Physiological and psychological impact of physical holding and seclusion;
9. Monitoring and responding to a child's physical signs of distress when physical holding is being used; and
10. Recognizing the symptoms of and interventions that may cause positional asphyxia when physical holding is used.

Note: Minimum expectations for training of additional content will be met by sharing additional training content during Non-Violent Crisis Intervention Trainings (full and refresher).

The following employee job classifications are authorized and certified to use restrictive procedures:

- Licensed special education teacher
- School social worker
- School psychologist
- Behavior analyst certified by the National Behavior Analyst Certification Board
- A person with a master's degree in behavior analysis
- Other licensed education professional
- Highly qualified education paraprofessional under Minn. Stat. § 120.B363
- Mental health professional as defined in Minn. Stat. § 245.4871, Subd. 27
- Other staff designated by the building administrator with required training

C. Restrictive Procedures and Seclusion

Restrictive procedures that may be used in emergency situations include physical holding and seclusion. Physical holding and seclusion will end when the threat of harm has ended and staff has determined that the student can safely return to the requested activity. Building nurse or health assistant will monitor and assess the student's physical condition during the restrictive procedure.

Physical Holdings

Duluth Public Schools intend to use the following types of physical holding: Children's Control, Team Control, Transport, and Interim Control. Additionally, situational application of holding principals for lower, medium, and higher level holding in a seated or standing position may be used. Prone restraint is prohibited and may not be used.

Seclusion

Duluth Public Schools do not use any rooms for seclusion.

D. Prohibited Procedures

Duluth Public Schools prohibits the use of the following procedures on a child:

1. Corporal Punishment which includes conduct involving: (a) hitting or spanking a person with or without an object; or (2) unreasonable physical force that causes bodily harm or substantial emotional harm.
2. Requiring the student to assume and maintain specified physical position, activity, or posture that induces physical pain.
3. Presenting an intense sound, light or other sensory stimuli using smell, taste, substance, or spray as punishment.
4. Denying or restricting the students access to equipment and devices such as wheelchairs, hearing aids or communication boards that facilitate the student's functioning except when temporarily removing the equipment or device is needed to prevent injury to the student others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the student as soon as possible.
5. Interacting with a student in a manner that constitutes sexual abuse, neglect, or physical abuse.
6. Totally or partially restricting a student's senses as punishment.
7. Withholding regularly scheduled meals or water.
8. Denying the student access to bathroom facilities.
9. Physical holding that restricts or impairs a student's ability to breathe.

E. Documentation of a Restrictive Procedure

Each time a restrictive procedure is used, the staff person who implements or oversees the restrictive procedure shall document, as soon as possible after the incident concludes, the following information:

- A description of the incident that led to the restrictive procedure;
- Why a least restrictive intervention failed or was determined by staff to be inappropriate or impractical;
- The time the restrictive procedure began and ended; and
- A brief record of the child's behavioral and physical status.

The use of restrictive procedures in emergency situations will be documented through the use of the Use of Restrictive Procedures - Gen Ed (Google Form) for general education students and Use of Restrictive Procedure-Physical Holding or Seclusion (SpEd Forms) for students who receive special education services.

F. Documentation of Post-Use Staff Debriefing Meeting

97

Each time a restrictive procedure is used, the staff person who implemented or oversaw the restrictive procedure shall conduct a post-use debriefing with involved staff within two school days of the incident after the restrictive procedure concludes. There will be at least one staff member attending the debriefing meeting who was not involved in the incident and has behavioral expertise. The Debriefing Meeting will be documented with the Staff Debriefing Meeting Form (Google Form) or Staff Debriefing Meeting Form (SpEd Forms).

If the post-use debriefing meeting reveals that the use of a restrictive procedure was not used appropriately, the Building Oversight Committee will convene immediately to ensure corrective action is taken. The Building Oversight Committee will review and evaluate restrictive procedures documentation and recommend training needs.

G. Keeping of Records

Documentation for all restrictive procedures will be ~~submitted to the administrative assistant to the director of special services (paper copies for all students receiving special services and electronically for all general education students)~~ retained by ISD 709. Records will be retained for at least seven years following the last date of eligibility for students ~~receiving special education services~~ ~~special services to the student~~.

H. Documentation for an IEP

The use of restrictive procedures will be documented on the Use of Restrictive Procedure-Physical Holding (SpEd Forms). Reviews will be conducted in accordance with MN Statute 125A.0942 Subd. 2(c), which requires when restrictive procedures are used on two separate school days within 30 calendar days, or when a pattern emerges and restrictive procedures are not included in a child's IEP or BIP; or at the request of a parent or the district after restrictive procedures are used. The district must review use of restrictive procedures at a child's annual IEP meeting when the child's IEP provides for using restrictive procedures in an emergency. Minn. Stat. § 125A.0942, Subd. 2(c).

If the IEP team determines that existing interventions and supports are ineffective in reducing the use of restrictive procedures or the district uses restrictive procedures on a child on ten or more school days during the same school year, the team, as appropriate, either must consult with other professionals working with the child; consult with experts in behavior analysis, mental health, communication, or autism; consult with culturally competent professionals; review existing evaluations, resources, and successful strategies; or consider whether to reevaluate the child. Minn. Stat. § 125A.0942, Subd. 2 (d).

At the meeting, the team will review any known medical or psychological limitations that contraindicate the use of a restrictive procedure, consider whether to prohibit that restrictive procedure, and document any prohibition in the IEP or BIP. Minn. Stat. §125A.0942, Subd. 2(e).

Record retention will be in accordance with district policies on student records policy #~~5060~~ 515.

I. Building Oversight Committees

At the start of the school year, schools will publicly identify oversight committee members and the purpose of the Building Oversight Committee. For schools that use restrictive procedures, the Building Oversight Committee will meet quarterly to review collected data provided in the documentation of restrictive procedures and debriefing meetings for general education students and students who receive special education. The Committee will complete the Building Oversight Committee Review form quarterly (Google Form). At the end of the school year, the Building Oversight Committee will complete the Annual Summary of Use of Restrictive Procedures form (Google Form). The Building Oversight Committee will make recommendations in regards to the District's Restrictive Procedures Plan, indicate training needs, and establish a plan for addressing Committee recommendations.

For students with an IEP, The oversight committee members must at least include:

- A mental health professional, school psychologist, or school social worker;
- An expert in positive behavior strategies
- A special education administrator; and
- A general education administrator. Minn. Stat. § 125A.0942, Subd. 1(b).

If the post-use debriefing meeting reveals that the use of a restrictive procedure was not used appropriately, the Building Oversight Committee will convene immediately to ensure corrective action is taken. The Building Oversight Committee will review and evaluate restrictive procedures documentation and recommend training needs.

For students with an IEP, The District Oversight Committee (composed of the Special Services Leadership Team and Climate Coordinator) will review the Annual Summary of Use of Restrictive Procedures form (Google Form) from each school building within the school district and assist with future trainings.

J. Notification of Use of Restrictive Procedures

The Duluth Public Schools shall make reasonable efforts to notify the parent by phone on the same day when restrictive procedures are used in an emergency. If the school is unable to provide same-day notice, notice will be sent by written or electronic means or as otherwise indicated by the parent.

Building administrators will receive written or electronic notification when restrictive procedures are used in emergency situations.

K. Positive Behavior Interventions and Supports

Duluth School District #709 is committed to the three aims of: safe and welcoming environment; high achievement for all; and effective and efficient systems. The district is committed to using positive behavioral interventions and supports to ensure a safe and welcoming environment throughout the school district which will allow for the high achievement for all students. Positive behavior interventions and supports improve the school environment and teach children the skills to behave appropriately.

513R Student Promotion, Retention, and Program Design

Purpose

- The purpose of this regulation is to provide a student access to appropriate content when ready ahead of peers.

Acceleration Guidelines

- Acceleration acknowledges that a student has already achieved at the requisite level to qualify for a higher grade placement overall or in a specific subject.
- Acceleration is seen as an intervention within the Multi-Tiered Systems of Support (MTSS) framework to be considered when the current grade level curriculum is a significant mismatch between the student's academic needs, motivation, and readiness.
- Acceleration decisions must involve a comprehensive team (Acceleration Team) discussion guided by an objective and timely process. The Acceleration Team will consist of the building principal, acceleration specialist, the student's classroom teacher, counselor, school psychologist and other personnel as deemed necessary by the individual student's needs (i.e. Special Education Case Manager, English Language (EL) Coordinator, Immersion Program Coordinator, Families in Transition (Homeless) representative, a representative from the Office of Education Equity, American Indian Education representative, social-emotional learning specialist, content specialist).
- The acceleration specialist will maintain communication with the team during the evaluation period.
- The assignment of the student is the legal prerogative of the superintendent or designee.

Whole Grade Acceleration Procedure: (K-8)

1. The acceleration referral is made to the building principal by the parent/guardian or staff member based on the student's current academic performance using the district's referral form (Acceleration Request form). Written approval is obtained from the parent/guardian for an assessment process to begin regarding potential acceleration by completing and signing the Acceleration Request Form. The process may be initiated at any time, but should be no later than April 15th for the following fall acceleration.
2. After the acceleration specialist has been notified by the building principal, the acceleration specialist gathers existing student data including at least two documented strategies to meet the student's advanced academic needs, including curriculum compacting and extension/enrichment activities, previous test scores, work samples, teacher rating scales and a summary of classroom achievement.
3. The Acceleration Team will review the existing data.

4. District personnel (acceleration specialist or school psychologist) will administer appropriate assessments which are included on the Iowa Acceleration Scale (IAS), which includes collection of parent information and perspective. If a student's home language is not English, an assessment will be made available in the home language.

 5. Following testing, the Acceleration Team will meet to discuss the results, keeping in mind research regarding critical items and criteria for successful grade acceleration as outlined in the assessment. Criteria for grade acceleration may include:
 - Student scores consistently are 95% or higher on curriculum-based assessments.
 - Student achievement skill of approximately two years above grade level in core subject areas as measured by local and/or state assessments.
 - A full-scale ability score of 130 +/- the standard error of measurement.
 - Information from the IAS.

 6. The Acceleration Team will make one or more of the following recommendations: The students will continue in regular programs with no changes.
 - Enrichment. The students will receive curriculum-based services or extensions in one or more subjects to be determined by classroom teacher and gifted education/differentiation specialist.
 - Acceleration. The student will accelerate in a specific subject.
 - Acceleration. The student will accelerate one grade level.
1. 7. If acceleration is recommended a Written Acceleration Plan that includes class placement, standardized assessments, and transitions will be developed. The transition plan should address minor gaps that may occur. Accelerated students should be expected to achieve at a performance level comparable with their performance at their previous grade.
 - Assessment:
 - i. A whole-grade accelerated student is required to take all standardized assessments for the grade in which they enroll.
 - A subject-accelerated student is required to take all standardized assessments for the grade in which they are enrolled rather than an individual subject placement. (For example, a 6th grade student that has been subject accelerated in ELA to grade 7 would still take the 6th grade reading standardized assessment). Transition Period:
 - i. A transition period is recommended. During this transition period, the acceleration specialist will coordinate supportive check ins that may include the acceleration specialist/ content area teacher, or counselor as needed. The length of the transition period will be determined by the acceleration team, up to a length of six weeks. At the end of the transition period, the specialist, teacher, and counselor will inform the Acceleration Team of student transition progress that includes information from the classroom teacher, parent and student in the

areas of academic and social emotional adjustment. The Acceleration Team will decide whether the transition period was successful and should be deemed permanent or whether the team should reconvene to revise the plan to better meet the student's needs.

8. If acceleration is not recommended the following will be considered.
 - Recommendations for the current grade level will be developed as necessary.
 - Classroom teacher and acceleration specialist will monitor student progress.
9. Parents may appeal the committee's decision by writing a letter of request for further consideration to the superintendent or designee. If the need for further consideration is determined, the Acceleration Team will be reconvened and provided any additional information.

Subject Acceleration Procedure (K-12)

Note for Credit Bearing Courses: The goal of acceleration is appropriate placement. If a student accelerates beyond a course required for graduation, that graduation requirement will be considered met. The student will receive credit for the course, a grade of "P" and no GPA points. A student may attempt to accelerate beyond a course only once. Students who choose subject acceleration are then fully enrolled in the next course and expected to meet expectations. The grade impacts the GPA. In high school, there are many different ways for students to be challenged in specific subjects. Enriching and accelerated courses include honors, AP, CITS, and CTE. PSEO is also available for students who meet guidelines. We encourage you to explore these options for your high school age student. For more information, please visit <https://www.isd709.org/departments/curriculum-and-instruction/index>

1. The acceleration referral is made to the building principal/counselor by the parent/guardian, student, or staff member based on the student's current academic performance using the district's referral form (Acceleration Request form). Written approval is obtained from the parent/guardian for an assessment process to begin regarding potential acceleration by completing and signing the Acceleration Request Form. The process may be initiated at any time. If acceleration is recommended, the timing of the acceleration will be determined by the Acceleration Team.
2. After the acceleration specialist has been notified by the building principal, the specialist gathers existing student data including at least two documented strategies to meet student's acceleration needs, previous test scores, work samples, teacher rating scales and a summary of classroom achievement.
3. The Acceleration Team will review the existing data.
4. Subjects Eligible for Acceleration. The following subjects are eligible for acceleration consideration. Placement is dependent upon schedule and availability and class size.
 - a. English Language Arts (must be in English)
 - b. Math
 - c. World Language (must be in target language)
 - d. Music

513R - 3 of 4

For students who have had an exceptional learning experience outside of ISD709, please refer to policy 620, credit for learning, for additional opportunities.

5. A student wishing to accelerate may be asked to take a placement assessment that may be written or performance based depending upon the subject. District personnel (acceleration specialist or content specialist) will administer appropriate assessments. The assessment may include a written and/or performance assessment. If a student's home language is not English, an assessment will be made available in the home language.
6. The Acceleration Team will make one or more of the following recommendations:
 - a. The student will continue in the regular class with no changes.
 - b. The student will continue in the regular class with further opportunities for curriculum compacting and/or extension/enrichment.
 - c. Placement. The student will be placed in the appropriate course.
 - d. Acceleration. The student will accelerate in a specific subject.
7. If acceleration is recommended, a Written Acceleration Plan that includes class placement, standardized assessments, and transitions will be developed. The transition plan should address minor gaps that may occur. Accelerated students should be expected to achieve at a performance level comparable with their performance at their previous grade.
 - a. Assessment:
 - i. A subject-accelerated student is required to take all standardized assessments for the grade in which they are enrolled rather than an individual subject placement. (For example, a 6th grade student that has been subject accelerated in ELA to grade 7 would still take the 6th grade reading standardized assessment).
 - b. Transition Period:
 - .A transition period is recommended. During this transition period, the acceleration specialist will coordinate supportive check ins that may include the acceleration specialist/ content area teacher, or counselor as needed. The length of the transition period will be determined by the acceleration team, up to a length of six weeks. At the end of the transition period, the specialist, teacher, and counselor will inform the Acceleration Team of student transition progress that includes information from the classroom teacher, parent and student in the areas of academic and social emotional adjustment. The Acceleration Team will decide whether the transition period was successful and should be deemed permanent or whether the team should reconvene to revise the plan to better meet the student's needs.
 - c. Transportation:
 - .Transportation is not provided to courses that are located at a site other than the student's home school. In some instances, a course may be available in an online format to help minimize this barrier.

Elementary Retention:

1. Students who do not achieve at a level deemed acceptable by local and state standards may be retained at their current grade level. Efforts will be made to alter the student's program to better suit each student's needs.
2. Retention will be considered when professional staff, in cooperation with the parents, have determined that it is in the best interest of the student. Many factors will be considered prior to making such a decision. Some of the factors to be included are scholastic ability and achievement, physical development, maturity, cultural norms, emotional factors, as well as attendance and age. It is also recommended that the Light Retention Scale be utilized as another tool to assist in the decision. Retention shall not be based on a single factor.
3. Conferences/discussions between school personnel and parents concerning retention should be initiated by the winter conferences and earlier if the situation warrants it.
4. Retention is a decision that must be made between school personnel and the parent (guardian). If school personnel and parents (guardian) disagree over the issue of promotion and/or retention, a conciliation meeting will be held in an attempt to resolve the differences. The Director of Curriculum or designee will conduct the conciliation meeting as soon as possible after it is obvious that the school and parents (guardians) cannot agree. The school of the parent (guardian) may initiate the conciliation meeting by contacting the Director of Curriculum or designee.

Early Admission to Kindergarten Testing Criteria:

Purpose

- The purpose of this regulation is to provide a student access to appropriate content when ready ahead of **site based grade-level** peers.

Acceleration Guidelines

- Acceleration acknowledges that a student has already achieved at the requisite level to qualify for a higher grade placement overall or in a specific subject.
- Acceleration is seen as **an Tier 3 placement for exceptional learners intervention** within the Multi-Tiered Systems of Support (MTSS) framework to be considered when the current grade level curriculum is a significant mismatch between the student's academic needs, ~~motivation,~~ and readiness **as compared to their grade-level peers locally and nationally.**
- Acceleration decisions must involve a comprehensive team ~~(Acceleration Team)~~ discussion guided by an objective and timely process. The **Acceleration site** team **will may** consist of the building principal, acceleration specialist, the student's classroom teacher, counselor, school psychologist and other personnel as deemed necessary by the individual student's needs. ~~(i.e. Special Education Case Manager, English Language (EL) Coordinator, Immersion Program Coordinator, Families in Transition (Homeless) representative, a representative from the Office of Education Equity, American Indian Education representative, social-emotional learning specialist, content specialist).~~
- The acceleration specialist will maintain communication with the team during the evaluation period.
- The assignment of the student is the legal prerogative of the superintendent or designee.

Whole Grade Acceleration Procedure: (K-8 4)

1. The acceleration referral is made ~~to the building principal~~ by the parent/guardian or **district** staff member based on the student's current academic performance using the district's referral form (Acceleration Request form). **This form is automatically sent to the Acceleration Specialist who will forward it onto the building principal and school psychologist.** Written approval is obtained from the parent/guardian for an assessment process to begin regarding potential acceleration by completing and signing the Acceleration Request Form. The process may be initiated at any time. **However, in order for a request to pertain to the following academic school year, it must be received no later than April 1st for current students and before September 1 for new to district enrollees. ~~but should be no later than April 15th for the following fall acceleration.~~**

2. After the acceleration request has been submitted, the Acceleration Specialist ~~has been notified by the building principal, the acceleration specialist~~ gathers existing student data to determine if the student's scores meet the initial pre-screening requirements. ~~including at least two documented strategies to meet the student's advanced academic needs, including curriculum compacting and extension/enrichment activities, previous test scores, work samples, teacher rating scales and a summary of classroom achievement.~~
3. ~~The Acceleration Team will review the existing data.~~ If the initial data does not meet the initial pre-screening requirements, the process ceases and the family will be notified. If the data supports continuation of the request, district personnel will administer appropriate assessments which are included on the Iowa Acceleration Scale (IAS), which include a collection of parent information and perspective. Please refer to the whole grade acceleration procedures and criteria flow chart for specific guidelines.
- ~~4. District personnel (acceleration specialist or school psychologist) will administer appropriate assessments which are included on the Iowa Acceleration Scale (IAS), which includes collection of parent information and perspective. If a student's home language is not English, an assessment will be made available in the home language.~~
4. Following testing and data collecting, the Acceleration T-site team will meet to discuss the results, keeping in mind research regarding critical items and criteria for successful grade acceleration as outlined in the assessment. Criteria for grade acceleration may include:
 - Student scores consistently are 95% or higher on curriculum-based assessments.
 - Student achievement skill of approximately two years above grade level in core subject areas as measured by local and/or state assessments.
 - A full-scale ability score of 130 +/- the standard error of measurement. ○ Information from the IAS.
 - 90% or above on grade level mastery assessments.
5. The Acceleration T-site team will make one or more of the following recommendations:
 - No Change: The students will continue in regular programs with no changes.
 - Enrichment. The students will receive curriculum-based services or extensions in one or more subjects to be determined by classroom teacher and gifted education/differentiation specialist.
 - Acceleration. The student will accelerate in a specific subject.
 - Acceleration. The student will accelerate one grade level.
6. If acceleration is recommended, an Acceleration Plan will be written ~~a Written Acceleration Plan~~ that includes class placement, standardized assessments, and transitions ~~will be developed~~. The transition acceleration plan should address minor gaps that may occur with the transition. Accelerated students should be

expected to achieve at a performance level comparable with their performance at their previous grade.

- **Whole Grade Assessment:** A whole-grade accelerated student is required to take all standardized assessments for the grade in which they enroll.
 - ~~A subject accelerated student is required to take all standardized assessments for the grade in which they are enrolled rather than an individual subject placement. (For example, a 6th grade student that has been subject accelerated in ELA to grade 7 would still take the 6th grade reading standardized assessment).~~
- **Transition Period:** The length of the transition period will be determined by the site team, up to a length of six weeks. At the end of the transition period, the specialist, teacher, and/or counselor will inform the site team of student transition progress that includes information from the classroom teacher, parent, and student in the areas of academic and social emotional adjustment. The site team will decide whether the transition period was successful and should be deemed permanent or whether the team should reconvene to revise the plan to better meet the student's needs.
~~A transition period is recommended. During this transition period, the acceleration specialist will coordinate supportive check-ins that may include the acceleration specialist/ content area teacher, or counselor as needed. The length of the transition period will be determined by the acceleration team, up to a length of six weeks. At the end of the transition period, the specialist, teacher, and counselor will inform the Acceleration Team of student transition progress that includes information from the classroom teacher, parent and student in the areas of academic and social emotional adjustment. The Acceleration Team will decide whether the transition period was successful and should be deemed permanent or whether the team should reconvene to revise the plan to better meet the student's needs.~~

7. If acceleration is not recommended the following will be considered.

- Recommendations for the current grade level will be developed as necessary.
- Classroom teacher and acceleration specialist will monitor student progress.

8. Parents may appeal the committee's decision by writing a letter of request for further consideration to the superintendent or designee. If the need for further consideration is determined, the **Acceleration site** Team will be reconvened and provided any additional information.

Subject Acceleration Procedure (K-12-4)

~~Note for Credit Bearing Courses: The goal of acceleration is appropriate placement. If a student accelerates beyond a course required for graduation, that graduation requirement will be considered met. The student will receive credit for the course, a grade of "P" and no GPA points. A student may attempt to accelerate beyond a course only once. Students who choose subject acceleration are then fully enrolled in the next course and expected to meet expectations. The grade impacts the GPA. In high school, there are many different ways for students to be challenged in specific subjects. Enriching and accelerated courses include honors, AP, CITS, and CTE. PSEO is also available for students who meet guidelines. We encourage you to explore these options for your high school age student. - c. **Placement:** The student will be placed in the appropriate course.
- d. **Acceleration:** The student will accelerate in a specific subject.

6. If acceleration is recommended, the site based team will create a plan ~~a Written Acceleration Plan that including placement and timing of transitions, class placement, standardized assessments, and transitions will be developed. c. **Transportation:**

~~Transportation is not provided to courses that are located at a site other than the student's home school. In some instances, a course may be available in an online format to help minimize this barrier.~~

If single subject acceleration is recommended, families must sign an acknowledgement form indicating they understand that at both 5th grade and 8th grade, accelerated courses are taught on a virtual platform. Students may not be transported to another school to attend in person instruction.

 - a. Student scores consistently are 95% or higher on curriculum based assessments.
 - b. Student achievement skills of consistently two years above grade level in content areas as measured by local and/or state assessments.
 - c. Recommended by current teacher.
 - d. 90% of above on grade level mastery assessments

5. ~~The Acceleration Team~~ The site team will make one or more of the following recommendations:

- a. **No Change:** The student will continue in the regular class with no changes.
- b. **Enrichment:** The student will continue in the regular class with further opportunities for curriculum compacting and/or extension/enrichment.
- c. **Placement:** The student will be placed in the appropriate course.
- d. **Acceleration:** The student will accelerate in a specific subject.

6. If acceleration is recommended, the site based team will create a plan ~~a Written Acceleration Plan that including placement and timing of transitions, class placement, standardized assessments, and transitions will be developed. The transition plan should address minor gaps that may occur.~~ Accelerated students should be expected to achieve at a performance level comparable with their performance at their previous grade.

a. **Assessment:**

A subject-accelerated student is required to take all standardized assessments for the grade in which they are enrolled rather than an individual subject placement. (For example, a 6th grade student that has been subject accelerated in ELA to grade 7 would still take the 6th grade reading standardized assessment).

b. **Transition Period:**

~~The length of the transition period will be determined by the site team, up to a length of six weeks. A transition period is recommended. During this transition period, the acceleration specialist will coordinate supportive check ins that may include the acceleration specialist/ content area teacher, or counselor as needed. The length of the transition period will be determined by the acceleration team, up to a length of six weeks.~~ At the end of the transition period, the specialist, teacher, and counselor will inform the Acceleration Team of student transition progress that includes information from the classroom teacher, parent and student in the areas of academic and social emotional adjustment. The ~~Acceleration-~~ site Team will decide whether the transition period was successful and should be deemed permanent or whether the team should reconvene to revise the plan to better meet the student's needs.

c. **Transportation:**

~~Transportation is not provided to courses that are located at a site other than the student's home school. In some instances, a course may be available in an online format to help minimize this barrier.~~

If single subject acceleration is recommended, families must sign an acknowledgement form indicating they understand that at both 5th grade and 8th grade, accelerated courses are taught on a virtual platform. Students may not be transported to another school to attend in person instruction.

7. Parents may appeal the committee's decision by writing a letter of request for further consideration to the superintendent or designee. If the need for further consideration is determined, the ~~Acceleration~~ site Team will be reconvened and provided any additional information.

Subject Acceleration Procedure (~~K~~ 5-12)

Note for Credit Bearing Courses: The goal of acceleration is appropriate placement. If a student accelerates beyond a course required for graduation, that graduation requirement

will be considered met. The student will receive credit for the course, a grade of "P" and no GPA points. A student may attempt to accelerate beyond a course only once. Students who choose subject acceleration are then fully enrolled in the next course and expected to meet expectations. The grade impacts the GPA. In high school, there are many different ways for students to be challenged in specific subjects. Enriching and accelerated courses include honors, AP, CITS, and CTE. PSEO is also available for students who meet guidelines. We encourage you to explore these options for your high school age student. For more information, please visit <https://www.isd709.org/departments/curriculum-and-instruction/index>

1. The acceleration referral is **initiated** ~~made to the building principal/counselor~~ by the parent/guardian, ~~student~~, or **district** staff member based on the student's current academic performance using the district's referral form (Acceleration Request form). **This form is automatically sent to the Acceleration Specialist who will forward it onto the building principal and school counselor.** Written approval is obtained from the parent/guardian for an assessment process to begin regarding potential acceleration by completing and signing the Acceleration Request Form. The process may be initiated at any time. **However, in order for a request to pertain to the following academic school year, it must be received no later than April 1st for current students and before September 1st for new to district enrollees.** ~~If acceleration is recommended, the timing of the acceleration will be determined by the Acceleration Team.~~
2. After the acceleration specialist has **received the acceleration request form** ~~been notified by the building principal~~, the acceleration specialist will gather existing student data to determine if the student scores meet initial pre-screening requirements. Please refer to the acceleration procedures and criteria flow chart for specific information. If the initial data does not meet the pre-screening requirements, the process ceases and the family will be notified. If the data supports continuation of the request, the student wishing to accelerate will be asked to take a course standards assessment. District personnel (acceleration specialist or content specialist) will administer appropriate assessments which are included on the **acceleration procedures and criteria flow chart.** ~~including at least two documented strategies to meet student's acceleration needs, previous test scores, work samples, teacher rating scales and a summary of classroom achievement.~~
- ~~3. The Acceleration Team will review the existing data.~~
3. Subjects Eligible for Acceleration. The following subjects are eligible for acceleration consideration. Placement is dependent upon schedule and availability and class size.
 - a. English Language Arts (must be in English)
 - b. Math
 - c. World Language (must be in target language)
 - d. **Music**

For students who have had an exceptional learning experience outside of ISD709, please refer to policy 620, credit for learning, for additional opportunities.

4. ~~A student wishing to accelerate may be asked to take a placement assessment that may be written or performance based depending upon the subject. District personnel (acceleration specialist or content specialist) will administer appropriate assessments. The assessment may include a written and/or performance assessment. If a student's home language is not English, an assessment will be made available in the home language.~~ **Following testing, the site team will meet to review the results. Criteria for single subject acceleration may include:**

- a. Student scores consistently are 95% or higher on curriculum based assessments.

 - c. **Placement:** The student will be placed in the appropriate course.
 - d. **Acceleration:** The student will accelerate in a specific subject.
6. If a middle school acceleration is recommended, the site based acceleration team will create a plan including placement and timing of transitions. If a high school acceleration is recommended, the site based acceleration team will work with counselors to plan for a new pathway to graduation. ~~acceleration is recommended, a Written Acceleration Plan that includes class placement, standardized assessments, and transitions will be developed. Elementary Retention:

1. Students who do not achieve at a level deemed acceptable by local and state standards may be retained at their current grade level. Efforts will be made to alter the student's program to better suit each student's needs.
2. Retention will be considered when professional staff, in cooperation with the parents, have determined that it is in the best interest of the student. Many factors will be considered prior to making such a decision. Some of the factors to be included are scholastic ability and achievement, physical development, maturity, cultural norms, emotional factors, as well as attendance and age. It is also recommended that the Light Retention Scale be utilized as another tool to assist in the decision. Retention shall not be based on a single factor.
3. Conferences/discussions between school personnel and parents concerning retention should be initiated by the winter conferences and earlier if the situation warrants it.
4. Retention is a decision that must be made between school personnel and the parent (guardian). If school personnel and parents (guardian) disagree over the issue of promotion and/or retention, a conciliation meeting will be held in an attempt to resolve the differences. The Director of Curriculum or designee will conduct the conciliation meeting as soon as possible after it is obvious that the school and parents (guardians) cannot agree. The school of the parent (guardian) may initiate the conciliation meeting by contacting the Director of Curriculum or designee.

Early Admission to Kindergarten Testing Criteria: **Deadline April 1**

Purpose

- The purpose of this regulation is to provide a student access to appropriate content when ready ahead of site based grade-level peers.

Acceleration Guidelines

- Acceleration acknowledges that a student has already achieved at the requisite level to qualify for a higher grade placement overall or in a specific subject.
- Acceleration is seen as Tier 3 placement for exceptional learners within the Multi-Tiered Systems of Support (MTSS) framework to be considered when the current grade level curriculum is a significant mismatch between the student's academic needs-and readiness as compared to their grade-level peers locally and nationally.
- Acceleration decisions must involve a comprehensive team discussion guided by an objective and timely process. The site team must consist of the building principal, the student's classroom teacher, and the school psychologist. The site team may also consist of the acceleration specialist, school counselor, and other personnel as deemed necessary by the individual student's needs.
- The acceleration specialist will maintain communication with the team during the evaluation period.
- The assignment of the student is the legal prerogative of the superintendent or designee.

Whole Grade Acceleration Procedure: (K-4)

1. The acceleration referral is made by the parent/guardian or district staff member based on the student's current academic performance using the district's referral form (Acceleration Request form). This form is automatically sent to the Acceleration Specialist who will forward it onto the building principal and school psychologist. Written approval is obtained from the parent/guardian for an assessment process to begin regarding potential acceleration by completing and signing the Acceleration Request Form. The process may be initiated at any time. However, in order for a request to pertain to the following academic school year, it must be received no later than April 1st for current students and before September 1 for new to district enrollees.
2. After the acceleration request has been submitted, the Acceleration Specialist gathers existing student data to determine if the student's scores meet the initial pre-screening requirements.
3. If the initial data does not meet the initial pre-screening requirements, the process ceases and the family will be notified. If the data supports continuation of the request, district personnel will administer appropriate assessments which are included on the Iowa Acceleration Scale (IAS), which include a collection of parent information and perspective. Please refer to the whole grade acceleration procedures and criteria flow chart for specific guidelines.

4. Following testing and data collecting, the site team will meet to discuss the results, keeping in mind research regarding critical items and criteria for successful grade acceleration as outlined in the assessment. Criteria for grade acceleration may include:

- Student scores consistently are 95% or higher on curriculum-based assessments.
- Student achievement skill of approximately two years above grade level in core subject areas as measured by local and/or state assessments.
- A full-scale ability score of 130 +/- the standard error of measurement. ○ Information from the IAS.
- 90% or above on grade level mastery assessments.

5. The site team will make one or more of the following recommendations:

- No Change: The students will continue in regular programs with no changes.
- Enrichment. The students will receive curriculum-based services or extensions in one or more subjects to be determined by classroom teacher and gifted education/differentiation specialist.
- Acceleration. The student will accelerate in a specific subject.
- Acceleration. The student will accelerate one grade level.

6. If acceleration is recommended, an Acceleration Plan will be written that includes class placement, standardized assessments, and transitions. The acceleration plan should address minor gaps that may occur with the transition. Accelerated students should be expected to achieve at a performance level comparable with their performance at their previous grade.

- Whole Grade Assessment: A whole-grade accelerated student is required to take all standardized assessments for the grade in which they enroll.
- Transition Period: The length of the transition period will be determined by the site team, up to a length of six weeks. At the end of the transition period, the specialist, teacher, and/or counselor will inform the site team of student transition progress that includes information from the classroom teacher, parent, and student in the areas of academic and social emotional adjustment. The site team will decide whether the transition period was successful and should be deemed permanent or whether the team should reconvene to revise the plan to better meet the student's needs.

7. If acceleration is not recommended the following will be considered.

- Recommendations for the current grade level will be developed as necessary.
- Classroom teacher and acceleration specialist will monitor student progress.

8. Parents may appeal the committee's decision by writing a letter of request for further consideration to the superintendent or designee. If the need for further consideration is determined, the site Team will be reconvened and provided any additional information.

 - d. It establishes procedures and regulations for access to and disclosure of education records.
 - e. It establishes procedures and regulations for safeguarding the privacy of education records and for obtaining prior written consent of the parent or student when required prior to disclosure.
3. Copies of the school board policy and accompanying procedures and regulations are available to parents and students upon written request to the Superintendent.
4. Pursuant to applicable law, Independent School District No. 709 gives notice to parents of students currently in attendance in the school district, and eligible students currently in attendance in the school district, of their rights regarding "directory information."

"Directory information" includes the following information relating to a student: the student's name; address; telephone number; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; the most recent educational agency or institution attended by the student; and other similar information. "Directory information" also includes the name, address, and telephone number of the student's parent(s). "Directory information" does not include a student's social security number or a student's identification number (ID) if the ID may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number, password, or other factor known or possessed only by the authorized user. It also does not include identifying information on a student's religion, race, color, social position, or nationality.

[Note: The definition of directory information is found on page 515-2 of the school district's policy. This definition includes all of the types of information specifically referenced by state and federal law as directory information. A school district may choose not to include some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student's religion, race, color, social position, or nationality. A school district also may specify in this section that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

- a. **THE INFORMATION LISTED ABOVE SHALL BE PUBLIC INFORMATION WHICH THE SCHOOL DISTRICT MAY DISCLOSE FROM THE EDUCATION RECORDS OF A STUDENT OR INFORMATION REGARDING A PARENT.**
- b. **SHOULD THE PARENT OF A STUDENT OR THE STUDENT SO DESIRE, ANY OR ALL OF THE LISTED INFORMATION WILL NOT BE DISCLOSED WITHOUT THE PARENT'S OR ELIGIBLE STUDENT'S PRIOR WRITTEN CONSENT EXCEPT TO SCHOOL OFFICIALS AS PROVIDED UNDER FEDERAL LAW.**
- c. **IN ORDER TO MAKE ANY OR ALL OF THE DIRECTORY INFORMATION LISTED ABOVE "PRIVATE" (I.E., SUBJECT TO CONSENT PRIOR TO DISCLOSURE), THE PARENT OR ELIGIBLE STUDENT MUST MAKE A WRITTEN REQUEST TO THE BUILDING PRINCIPAL WITHIN THIRTY (30) DAYS AFTER THE DATE OF THE LAST PUBLICATION OF THIS NOTICE. THIS WRITTEN REQUEST MUST INCLUDE THE FOLLOWING INFORMATION:**
 - (1) **NAME OF STUDENT AND PARENT, AS APPROPRIATE;**
 - (2) **HOME ADDRESS;**
 - (3) **SCHOOL PRESENTLY ATTENDED BY STUDENT;**

- (4) PARENT'S LEGAL RELATIONSHIP TO STUDENT, IF APPLICABLE;
- (5) SPECIFIC CATEGORY OR CATEGORIES OF DIRECTORY INFORMATION WHICH IS NOT TO BE MADE PUBLIC WITHOUT THE PARENT'S OR ELIGIBLE STUDENT'S PRIOR WRITTEN CONSENT.

5. Pursuant to applicable law, Independent School District No. 709 hereby gives notice to parents of students and eligible students in grades 11 and 12 of their rights regarding release of information to military recruiting officers and post-secondary educational institutions. The school district must release the names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request. Data released to military recruiting officers under this provision may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military and cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

SHOULD THE PARENT OF A STUDENT OR THE ELIGIBLE STUDENT SO DESIRE, ANY OR ALL OF THE LISTED INFORMATION WILL NOT BE DISCLOSED TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS WITHOUT PRIOR CONSENT.

IN ORDER TO REFUSE THE RELEASE OF THIS INFORMATION WITHOUT PRIOR CONSENT, THE PARENT OR ELIGIBLE STUDENT MUST MAKE A WRITTEN REQUEST TO THE RESPONSIBLE AUTHORITY, [DESIGNATE TITLE OF INDIVIDUAL, I.E., BUILDING PRINCIPAL], BY [INSERT DATE] EACH YEAR. THIS WRITTEN REQUEST MUST INCLUDE THE FOLLOWING INFORMATION:

- (7) SPECIFIC CATEGORY OR CATEGORIES OF DIRECTORY INFORMATION WHICH ARE NOT TO BE RELEASED TO THE PUBLIC, INCLUDING MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS.

Notice: Refusal to release the above information to military recruiting officers and post-secondary educational institutions alone does not affect the school district's release of directory information to the public, including military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in the Directory Information section of this notice also must be followed. If you do not want your child's or eligible student's directory information released to military recruiting officers or post-secondary educational institutions, you also must notify the school district that you do not want this directory information released to

any member of the public, including military recruiting officers and post-secondary educational institutions.

5060 515.1R COLLECTION, MAINTENANCE, AND DISSEMINATION OF STUDENT RECORDS AND INFORMATION

The Superintendent shall approve administrative regulations, which establish procedures and practices in regard to student records to:

1. Ensure that information and data collected from and about students by staff personnel will be used for the educational benefit of the students and attainment of the School District's educational goals and objectives.
2. Ensure that such information and data, be it manually or electronically stored, shall not be released to an unauthorized third party or parties without the written consent of the student and his/her parent or guardian.
3. Grant the student and/or his/her parent or guardian access to all school records pertaining to that student within a reasonable period of time following receipt of a written request by the principal or other designated staff member. If the student is eighteen years of age or older, only he/she may have access to those records, and the student must provide written consent prior to release of his/her records to a third party. The term "third party" includes parents.
4. Permit parents and/or their child the opportunity to challenge alleged inaccurate information within the student's record.
5. Ensure School District compliance with all federal and state statutes, as well as State Board of Education regulations, designed to protect the confidentiality and privacy rights of students and families. In accordance with these requirements, staff will be notified about students with communicable diseases if the information is necessary to provide an appropriate education or if special precautions are required. In accordance with the above requirements, the written permission of the students' parent or legal guardian must be secured.

Designation of a Responsible Authority

The School Board designates the Superintendent as the responsible authority having jurisdiction over all data collected and maintained on individuals.

The duties include:

1. Establishment of procedures and safeguards to ensure that information contained in records is accurate, complete, current, and available.
2. General supervision of collection and storage of data and use and dissemination of data to ensure that such activities are limited to those necessary for the administration and management of authorized programs.
3. Appointment of an individual to be responsible for each file or system containing data on individuals.
4. Document and file a report by August 1 of each year with the Minnesota Commissioner of Administration concerning the nature of all data on individuals which is collected and stored, the need for all, and intended use of such data.

Principals and other designated staff members shall be responsible for the maintenance, confidentiality, and security of student records. Records security at all times shall be maintained, including periods of authorized use as set forth in the administrative regulations.

5060 515.2R RIGHTS OF STUDENTS AND PARENTS OR GUARDIANS REGARDING DATA COLLECTION

When school officials collect private data for student records, the student's parent or guardian, or the student if age eighteen years or older, shall be informed of the following:

1. Purpose and intended use of the data collected.
2. Whether he/she may refuse or is legally required to supply the data.
3. Possible consequences of supplying or refusing to supply requested information.
4. The identity of persons or entities authorized by state or federal law to receive the data.

Data Collection Requiring Written Consent

Plans for personality testing, diagnostic and assessment, and any other individual testing should proceed only with informed written consent of the student's parent or guardian. When such consent is required, the student's consent should also be obtained in those instances wherein he/she understands the nature and consequence of such data collection. When a student reaches the age of eighteen, or is married whether eighteen or not, his/her consent alone must be obtained.

Parents and students are to be fully informed, in writing, as to the methods by which the data will be collected and the purposes for which the data will be utilized.

This type of data-gathering will be done only by qualified professional staff members.

As noted above, private or confidential data collected on an individual shall not be collected, stored, used, or disseminated by the district for purposes other than those stated to the individual at the time of collection.

Data Collection Through Interview

Certain special problems are presented in gathering data in student interviews by counselors, social workers, nurses, administrators, and psychologists. In most of these situations the requirement of informed consent may not be met, perhaps because of the unforeseeable course of the interview process. It is the responsibility of the professional staff member to help the student understand the implications of the interview situation, to protect the rights of the student regarding confidentiality of information obtained, and to stress the voluntary character of the student's participation. The professional should seek parental consent and perhaps involvement when the student is clearly in need of intervention but declines to participate.

Examination of Records

Upon written request, an individual shall be informed as to whether he/she is the subject of stored data. Upon further request, the individual, or parent or guardian in the case of a minor, shall be shown the data within a reasonable period of time and without any charge.

(Upon request of the individual, parent or guardian, provision for access to the records must be made no later than 45 days after the request has been made.) A school official competent in interpreting records should be available to explain the meaning and implications of certain data included in the records.

After being shown and informed about data contained within the records, the student, parent or guardian need not be given access to the data again for six months thereafter, unless additional data has been collected. An entry in the Record of Inspection shall also be completed.

The School District shall provide copies of the records upon request of the subject individual, parent or guardian in the case of a minor, providing that the cost of such reproduction is borne by the requesting individual.

Exceptions

1. Desk Drawer Information: Student records maintained by instructional personnel are not deemed School District data and need not be disclosed to the student, parent or guardian if they meet all of the following qualifications:
 - a. They are in the sole possession of the maker;
 - b. They are not accessible or revealed to any other individual except a substitute teacher; and
 - c. They are destroyed at the end of the school year.
2. The Superintendent, or his/her designee, is required to provide notification to minor students of their right to request denial of access to the parent or guardian. The Superintendent, or his/her designee, has the authority to withhold certain data from parents or guardians if the Superintendent, or his designee, determine that withholding the data would be in the best interests of the minor student. Such notification should be made part of the student bulletin at each school building or should be included in the Directory Information notice to households.

Right to Challenge Student Records

Following the examination of a student's records by the student, parent or guardian, he/she may elect to contest the accuracy of completeness of the records. If so, the following procedures are to be observed:

1. The student or parent is to notify the responsible authority in writing, describing the nature of the challenge.
2. The responsible authority shall, within thirty (30) days, correct or delete the data if it is found to be inaccurate, incomplete, or irrelevant. He/she must also attempt to notify past recipients of the correcting actions.
3. If the responsible authority finds the data to be accurate and complete, he/she will notify the contesting individual within thirty (30) days that the alleged inaccuracy, incompleteness, or irrelevancy is denied.

4. Should the student or parent choose to appeal the responsible authority's determination, an impartial review panel shall be established by the Superintendent. The burden of proof as to the accuracy of the record shall be on the School District. If the review panel finds the information to be inaccurate, incomplete, or irrelevant, the records shall be corrected.
5. Should the review panel support the responsible authority's contention that the record is accurate, complete, and relevant, the student and his/her parent or guardian shall have the right to prepare and sign written objections to the information. The written objections shall be made a permanent part of the record in question.

Warning to Staff Members Regarding Written Statements

Notes or anecdotal records made by professional staff members regarding a student do not enjoy immunity from charges of libel or slander. If placed in a student's record and exposed to public view, such notes may well be used as a basis for legal action. It is recommended that anecdotal records contain only factual statements and be devoid of value judgments and personal opinions.

All students including homeless students* will be immediately enrolled.

Release of Student Records to Non-School Recipients

No person, agency, or institution shall have access to a student's records except under the following conditions:

Additional information regarding the District’s Employee Assistance Program was also sent out. Both Calm and EAP reminders will be sent out during the duration of May.

The Department is also hosting our Spring Open Enrollment for our Health Insurance plan through PEIP. Open enrollment runs from May 1st-May 11th. We are prepping for the end of the year by assisting our retiring teachers with information regarding COBRA, their severances, and pensions.

Pizza Bid for school year 23/24

Only 1 pizza company responded to our bid for next school year. Pizza Hut was that company and they have increased their pizza cost by 50%. We have decided at this time to not buy already cooked pizza for next school year as we are not sure our budget can handle that large of a jump.

Free School Meals for school year 23/24

Meals will be free for all students next school year. 1 Breakfast and 1 Lunch will be provided to all students at no charge. More specifics and guidance from the State of Minnesota, Food and Nutrition department is forthcoming. Will share that information as it is known.

Breakfast will be served from 7:30-10:00. Lunch will start at 11:00 and go to 1:00. Monday thru Friday. No service on July 4, 2023.

Afterschool At-Risk Supper Meal Program – Denfeld Highschool-Administrative Review

An Administrative review was conducted by the State of Minnesota, Department of Child and Adult Food Programs for the Month of April. No significant findings were noted. Transportation Report April 2023 Activities

11

The ISD #709 Transportation department manages both a district owned fleet of vehicles and district employees, including bus drivers, monitors, and mechanics, along with the coordination of contracted transportation services through Voyageur Bus Company.

Latest update on the new buses – The second one is done and is in our possession. We need to get the inspection for wheelchairs done and the cameras installed before they go out as route buses.

We are planning on using the new routing software to plan summer school. Our department continues to navigate daily changes in routing per school requests in the older software.

There are daily changes on a total of 434 individual routes (routing, day changes, time changes, etc.).

Staffing (comments and concerns)

- Staffing has continued to be a challenge as we are still a few drivers short and the current ones are getting worn out from the long shifts.
- We have one driver in training and a possible applicant but we do not have spare helpers so drivers end up covering helper shifts as well.
- We have a new assistant supervisor starting later this month which should help the department move forward. The prior applicant ended up not accepting the job last minute.

Bus Maintenance

- Scheduled maintenance is mostly caught up at this time
- We continue to deal with an aging fleet and the many issues that brings, we have multiple buses that are scheduled for larger repairs with Mid state but they are still backlogged and can only get one done every few weeks for us.
- We have a line on 4 off lease buses if we can work out funding for them to replace some of the oldest ones in the fleet.

Our oldest bus is a model year 2010 and the next oldest are three 2011's.
Current average mileage 94,000 (goal is 50,000 – 60,000).

We are doing everything we can to keep up with the demands of routing and bussing students and we are just managing with the current staff but everyone is getting tired due to the long hours every day. I continue to assure them we will get through this together as a team.

By providing students with these kits, they will have materials at their fingertips for hands-on learning, helping them connect the sounds heard in English to print they see on paper. Having small group and individual kits at the ready will save precious instructional time distributing the numerous tools used for phonics instruction. Through interaction with these kits, I expect their skills in phonological awareness, automatic word reading, and spelling to increase from the fall assessment period to the spring assessment period.</p>

MEMORANDUM

TO: Simone Zunich, Executive Director of Business Services
FROM: Cathy Holman, District Purchasing Coordinator
SUBJECT: RFP – 314 Copier Service Contract
DATE: May 5, 2023

Bids for district Copier Service Contract were advertised in the Duluth News Tribune and sent to six (6) providers of copiers and service of copiers.

Two responses were received:

1. Great Lakes Office Solutions
2. Marco Technologies

Three other companies responded prior to the bid opening declining to bid, but requesting to remain on the vendor list for future consideration. One company did not respond.

The vendors were asked to complete cost per copy pricing on specific machines based on copies per minute (CPM) in both color copying and black and white copying. They were also asked to define their charges for pre-service contract inspections and guaranteed response time to a call-out. These parameters were used to determine who had the lowest price overall.

The recommendation is to award Great Lakes Office Solutions RFP #314 for the term of 7/1/23 through 6/30/28. Defined as a four (4) year contract period based on annual renewals by mutual agreement with an optional one (1) year extension at ISD 709's discretion.

THIS AGREEMENT made and entered into this 23rd day of March, 2023 by and between Independent School District #709, a public corporation, hereinafter called District, and Johnson's Carpet One an independent contractor, hereinafter called Contractor.

THE PURPOSE OF THE AGREEMENT is to set out the terms and conditions whereby Contractor will provide programs or services for the District at the times and locations set forth in this Agreement.

The terms and conditions of this Agreement are as follows:

1. **Dates of Service.** This Agreement shall be deemed to be effective as of July 1, 2023 and shall remain in effect until June 30, 2024, unless terminated earlier as provided for herein, or unless and until all obligations set forth in this Agreement have been satisfactorily fulfilled, whichever occurs first.
2. **Performance.** Perform all work as specified in **QUOTE #4382 Flooring Installation Labor** for the period of **July 1, 2023 through June 30, 2024**, with the option to renew for two (2) additional one-year periods if acceptable to both parties. This contract award is approximately \$8,495.00. Total Contract award amount to be determined through execution of this contract based upon service rates as defined in the Contractor's bid.

This Contract consists of the following:

1. Printed Memorandum of Agreement and Title Sheet;
2. Contractor's Quote #4382 response;
3. Quote #4382;
4. Contractor's Insurance Policy;
5. Asbestos Containing Materials Acknowledgement Form;
6. Contractor's Affidavit; and
7. Any other documents identified by District.

3. Background Check. *(applies to contractors working independent with students)*

Contractor must provide an executed criminal history consent form and a money order or check payable to the District in an amount equal to the actual cost of conducting a criminal history background check on all of its employees assigned to the program. Contractor is precluded from performance of contract until the results of the criminal background check(s) are on file.

If Contractor has already completed background checks for their business needs, Contractor stipulates that the background checks are completed, on file, and will be made available for review if the District should request.

Contractor will notify the District of any individual working in our schools with convictions of a gross misdemeanor or felony.

4. Reimbursement. In consideration of the performance of Contractor of its obligations pursuant to this Agreement, District hereby agrees to reimburse Contractor for its services and

expenses in performing said obligations at an annual rate of approximately \$8,495.00 based upon service rates as defined in Contractor's bid.

Contractor is required by Minnesota Statutes, Section 270.66, subd. 3, to provide their Taxpayer Identification Number (TIN) used in the enforcement of Federal and State tax laws. - b. Any other terms of payment in the performance of services are incorporated by reference in this Agreement.

6. Propriety of Expenses. The fact that the District has reimbursed Contractor for any expense claimed by Contractor shall not preclude District from questioning the propriety of any such item. District reserves the right to offset any overpayment or disallowance of any item or items at any time under this Agreement by reducing future payments to Contractor. This clause shall not be construed to bar any other legal remedies District may have to recover funds expended by Contractor for disallowed costs.

7. Ownership of Materials. The District reserves the rights to reproduce the programming in any fashion, or appropriate the contents of the programming, or any portion thereof, to its own use for any and all programs, forms and other materials that Contractor has provided, prepared, or utilized in performance of the terms of this Agreement.

8. Independent Contractor. Both the District and Contractor agree that they will act as an independent contractor in the performance of its duties under this Agreement. Nothing contained in this Agreement shall be construed as in any manner creating a relationship of joint venture between the parties, which shall remain independent contractors with respect to all actions performed pursuant to this Agreement.

Accordingly, Contractor shall be responsible for payment of all taxes, including Federal, State, and local taxes, arising out of Contractor's activities in accordance with this Agreement, including by way of illustration, but not limited to, Federal and State income tax, Social Security tax, Unemployment Insurance taxes, workers compensations, and any other taxes or business license fees as required.

9. Indemnity and defense of the District. Contractor hereby agrees to defend, indemnify and hold the District harmless from all claims relating to its work pursuant to this Agreement.

12. **Modification or Amendment.** No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties' hereto.

13. **Governing Laws.** This Agreement, together with all its paragraphs, terms and provisions is made in the State of Minnesota and shall be construed and interpreted in accordance with the laws of the State of Minnesota.

14. **Compliance with Laws.** The Contractor shall comply with all governing laws, rules and regulations, whether federal, state, local or those of the District. Those governing laws include but are not limited to Minnesota Statute 16C.05 (5) (formerly 1998 Minnesota Laws Ch. 386, Art. 1 Section 6) which Statute presently provides that the books, records, documents and accounting procedures and practices of the vendor or other party, that are relevant to the Contractor transaction, are subject to examination by the contracting agency and either the legislative auditor or the state auditor, as appropriate, for a minimum of six years. The other provisions of the Statute also apply.

The Contractor recognizes that, to the extent that competitive vendor requirements apply to this Contract, those requirements apply to the award and performance of this Contract.

Duluth Community School Collaborative Proposal for ISD 709 ESSER Funds

February 13, 2023

DCSC Overview

The Duluth Community School Collaborative (DCSC) works with children and youth holistically in the context of their family, their school, and their community. Our mission is to foster community partnerships promoting wellness and school success for youth and families, creating a community of life-long learners that embraces diversity.

Originally created to address inequities within the Hillside neighborhood schools, the Duluth Community School Collaborative was the first in the state of Minnesota to adopt a Full-Service Community School (FSCS) model. This model is considered a leading place-based equity strategy in the education reform movement. The Duluth Community School Collaborative (DCSC) was founded in 1999 at Grant Elementary School and incorporated in 2001 as a 501(c)(3). Neighbors and educators in the community founded the organization (formerly known as Myers-Wilkins Community School Collaborative) in one of the more impoverished areas of the city through a grassroots campaign of advocacy and resource development. Because of its success in achieving desired outcomes; and, due to alignment with District-wide goals, two additional schools joined the Collaborative in 2015—Lincoln Park Middle School and Denfeld High School.

Poverty's impact on children often leads to academic under-performance, and limited access to the educational, social, and cultural enrichment opportunities that keep youth intellectually and creatively engaged. The Duluth Community School Collaborative builds intentional partnerships with community organizations and individuals in order to support academic success and well-being of the whole child. Knowing that poverty's negative impact on children, their families, and neighborhoods is profound and multifaceted, we seek to improve access to services and supports that contribute to student achievement by providing FSCS benefits within Myers-Wilkins, Lincoln Park and Denfeld Schools. The Full-Service Community School Model is based on four pillars: Integrated Student Supports, Expanded and Enriched Learning Time and Opportunities, Active Family and Community Engagement, and Collaborative Leadership and Practices. The impact of these services extends far beyond the walls of the school, benefiting neighborhoods, partner organizations, businesses and the City of Duluth.

Proposed Services

In partnership with ISD 709, the Duluth Community School Collaborative is proposing to provide the following services to increase youth development and healthy living opportunities for Duluth-area youth, specifically those from low income households and BIPOC communities over the remained of the 2022-2023 and 2023-2024 school years.

- DASH Program** - Denfeld After School Happenings (DASH) is a free program held four times a week after school during the school year and for six weeks during the summer. The need for DASH is evident: recent Minnesota Department of Education data shows a sharp decline in Denfeld's four-year graduate rates, from 79.67% in 2020 to 69.79% in 2021—22 percentage points lower than graduation rates at neighboring East High School. Duluth's Assistant Superintendent Bonds identified the socioeconomic divide between the two schools, which was magnified by the pandemic, as the driving force of the disparity. By giving students added support, DASH aims to help all students overcome barriers to graduating on time. Tutors from local colleges and community organizations are here to help all students with academic work throughout the school year. In addition to tutoring, a variety of partners from local community organizations connect with students and expand access to additional free supports that can be provided in or out of the school building such as jobs, housing, food, healthcare, therapy, and more. Students are also able to access a free "super snack" or light meal after school. In 2022, DCSC also began operating a food pantry in our Community Schools Room.

ESSER funding will help us expand the opportunities available to students at DASH. Currently, our Community School Coordinator is supporting both school-wide systems change and leadership team work, while running out of school time (OST) programs. By hiring a Youth Development Coordinator to lead our OST efforts, we will be able to support new community partnerships and bring in diverse speakers that are representative of our student population, culturally relevant activities, and varied experiences to explore post-high school career pathways. Youth will be able to experience leadership opportunities and envision a full-spectrum of career and educational opportunities available to them after graduating. We will also celebrate and highlight diverse voices within the Denfeld school community, greater Duluth, and throughout Minnesota. The importance of youth to engage with positive adult role models of color is well documented. While 7.7% of Denfeld's students identify as Black or African American and 13.7% identify as two or more races, less than five of Denfeld's educators and staff identify as Black.

DASH has served over 150 unique students this school year and serves approximately 60 students each week.

- Volunteer and Partnership Coordinator** - Duluth Community School Collaborative was awarded funding from AmeriCorps' Volunteer Generation Fund (VGF). With support from VGF, DCSC is in the process of hiring a volunteer coordinator to support volunteer recruitment for in-school and afterschool activities at our three community school sites: Myers-Wilkins Elementary, Lincoln Park Middle School, and Denfeld High School. A Volunteer Coordinator will enable DCSC to create a diverse volunteer base, while providing adequate training and support for volunteers to safely and meaningfully engage with youth.

District reserves the right to offset any overpayment or disallowance of any item or items at any time under this Agreement by reducing future payments to Contractor. This clause shall not be construed to bar any other legal remedies District may have to recover funds expended by Contractor for disallowed costs.

7. Ownership of Materials. The District reserves the rights to reproduce the programming in any fashion, or appropriate the contents of the programming, or any portion thereof, to its own use for any and all programs, forms and other materials that Contractor has provided, prepared, or utilized in performance of the terms of this Agreement.

13. **Governing Laws.** This Agreement, together with all its paragraphs, terms and provisions is made in the State of Minnesota and shall be construed and interpreted in accordance with the laws of the State of Minnesota.

14. **Entire Agreement.** This Agreement contains the entire understanding of the parties hereto with respect to the subject matter hereof and shall not be changed or otherwise altered except by written agreement of the parties.

5. Intellectual Property

- 5.1 Producer, as original creator, retains all copyrights or other intellectual property rights associated with the project files, raw video or other content created as part of Producer's Services rendered under this Agreement (collectively, the "Project Files"), including any of Producer's pre-existing, copyrighted material used in the project. - 5.3 Upon request, Client may purchase, for additional fee to be negotiated between the parties, all license, right, title, interest in, and possession of, all Project Files created, stored and retained by Producer as part of its performance of the Services under this Agreement, in which event, Producer will further assign to Client all license, right, title and interest throughout the world in and to all Project Files, including all copyrights or other intellectual property associated therewith.

6. Confidential Information

- 6.1 Producer acknowledges that in the course of providing the Services, Producer may create or have access to information that is treated as confidential and proprietary by Client, including, without limitation, information pertaining to any Deliverables, and in each case whether spoken, written, printed, electronic or in any other form or medium (collectively, "Confidential Information").
- 6.2 Producer shall treat all Confidential Information as strictly confidential and only use Confidential Information for purposes of providing Services. Producer shall not, without prior written authorization of Client, either during the Term or after termination

of this Agreement, use or disclose any Confidential Information for the benefit or purposes of Producer or any other person, company or organization.

9. Insurance

9.1 During the Term, Producer shall have and maintain in force commercial general liability ("CGL") insurance with policy limits appropriate to protect and indemnify Client from foreseeable losses arising from the Producer or Producer employees' conduct, acts, or omissions, which policy will include contractual liability coverage insuring the activities of Producer under this Agreement. Producer does not guarantee that its CGL policy will be adequate to protect Client from all losses that may arise in every foreseeable instance. Upon written request, Producer shall forward to Client a certificate verifying such insurance. Producer shall not do anything to invalidate such insurance and shall notify Client immediately in writing of notice of termination of such insurance.

10. Termination

- 10.1 During the Term, either Party may terminate this Agreement, with or without cause, upon ten (10) days' written advance notice to the other Party.
- 10.2 In the event of termination by Client pursuant to this clause, Client shall pay the Contractor for any Services completed up to and including the effective date of such termination.

11. Alternative Dispute Resolution

- 11.1 If a dispute arises from or relates to this Agreement or alleged breach thereof, and if the dispute cannot be settled through direct, good-faith communication, negotiation and discussion between the Parties, before resorting to arbitration, the Parties agree to first endeavor to settle the dispute by mediation administered by a mediator or mediation service of the Parties' choice.
- 11.2 If both negotiation and mediation prove unsuccessful, in whole or in part, the Parties agree that any unresolved controversy or claim arising out of or relating to this Agreement, or alleged breach thereof, shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and further that judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.
- 11.3 Claims shall be heard by a single arbitrator, unless the claim amount exceeds \$100,000, in which case the dispute shall be heard by a panel of three arbitrators. The place of arbitration shall be Duluth, Minnesota, except as may be modified by agreement of both Parties. The arbitration shall be governed by the laws of the State of Minnesota. - 11.4 Time is of the essence for any arbitration under this agreement and arbitration hearings shall therefore take place within 90 days of filing, with awards rendered within 120 days. Arbitrator(s) shall agree to these limits prior to accepting appointment. Each Party shall bear its own costs and expenses and an equal share of the arbitrators' and administrative fees of arbitration. The award of the arbitrators shall be accompanied by a reasoned opinion. Except as may be required by law, neither a Party nor an arbitrator may disclose the existence, content, or results of any arbitration hereunder without the prior written consent of both Parties.

- 12.1 Any alterations, variations, modifications or waivers of terms of this Agreement shall be binding on Producer and Client only upon reduction to writing and signature by all Parties.

- 12.2 Producer agrees not to assign any rights under this Agreement without the prior and express written authorization of Client.
- 12.3 This Agreement, together with all attachments, addendums, schedules, paragraphs, terms, provisions, modifications, and amendments, is made in the State of Minnesota and shall be construed and interpreted in accordance with the laws of the State of Minnesota.

- 12.5 In the event any provision herein shall be deemed invalid or unenforceable, the remaining provision shall continue in full force and effect and shall be binding upon the Parties to this Agreement.
- 12.6 It is understood and agreed that the entire agreement of the Parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof. Any amendment to this Agreement shall be in writing and shall be executed by the same Parties who executed the original agreement or their successors in office.

Federal Policies: Supplantation, Non-Duplication and Non-Displacement The following policies outline restrictions that govern the use of AmeriCorps assistance.

A. Supplantation:

AmeriCorps assistance may not be used to replace State or local public funds that had been used to support programs of the type eligible to receive AmeriCorps support. For any given program, this condition will be satisfied if the aggregate non-Federal public expenditure for that Program in the fiscal year support is to be provided is not less than the previous fiscal year. [45 CFR 2540.100 (a)]

B. Non-Duplication:

AmeriCorps assistance may not be used to duplicate an activity that is already available in the locality of a Program. And, unless the requirements of the 'Non-displacement' paragraph of this section are met, AmeriCorps assistance will not be provided to a private nonprofit entity to conduct activities that are the same or substantially equivalent to activities provided by a State or local government agency in which such entity resides. [45 CFR 2540.100 (e)]

C. Non-Displacement:

1. An employer may not displace an employee or position, including partial displacement such as reduction in hours, wages, or employment benefits, as a result of the use by such employer of a participant in a program receiving AmeriCorps assistance.
2. An organization may not displace a volunteer by using a participant in a program receiving AmeriCorps assistance.
3. A service opportunity will not be created under this chapter that will infringe in any manner on the promotional opportunity of an employed individual.
4. A participant in a program receiving AmeriCorps assistance may not perform any services or duties, or engage in activities that would otherwise be performed by an employee as part of the assigned duties of such employee.
5. A participant in any program receiving assistance under this chapter may not perform any services or duties, or engage in activities, that-
 - I. Will supplant the hiring of employed workers; or
 - II. Are services, duties, or activities with respect to which an individual has recall rights pursuant to a collective bargaining agreement or applicable personnel procedures.
6. A participant in any program receiving assistance under this chapter may not perform services or duties that have been performed by or were assigned to any-
 - I. Presently employed worker;
 - II. Employee who recently resigned or was discharged;

Federal Policy: Non-Discrimination TNAC and the Y do not discriminate in program admission on the basis of race, color, national origin, gender, age, religion, sexual orientation, disability, gender identity or expression, political affiliation, marital or parental status, familial status, military service, or any other category protected by law. Member selection is based solely on an applicant's ability to perform the essential functions of the position in the opinion of Program Staff.

It is unlawful to retaliate against any person who, or organization that, files a complaint about such discrimination. In addition to filing a complaint with local and state agencies that are responsible for resolving discrimination complaints, you may bring a complaint to the attention of the

AmeriCorps. If you believe that you or others have been discriminated against, or if you want more information, contact: 200

The Y make every effort to ensure that its partner agencies have similar non-discrimination policies. Members with questions or concerns about any type of discrimination in their placement workplace are encouraged to bring these issues to the attention of their Site Supervisor, site contact, and/or Program Staff. If the partner agency is found to be engaging in such activities, removal of the current member(s) and denial of future members at that agency may result.

Discrimination on the part of AmeriCorps members will also not be tolerated. Anyone found to be engaging in any type of unlawful or harassing discrimination will be subject to disciplinary action, up to and including dismissal from the Program. We will not tolerate harassment of any kind.

Harassment includes threatening or insinuating that the refusal to submit to sexual advances will adversely affect admission or Program benefits. Harassment may also include conduct such as unwanted sexual flirtation or touches; abusive or degrading language; graphic or suggestive comments; or displaying inappropriate objects or pictures. Any member who believes that they have been subject to harassment of any kind, or who has knowledge about harassment of others, should report the harassment to an immediate supervisor, superior, and/or Program Staff.

Note to Partner Sites: In any case of discrimination related to an AmeriCorps member, the Partner Site must contact TNAC Program Staff before taking action.

CIVIL RIGHTS AND NON-HARASSMENT

AmeriCorps has zero tolerance for the harassment of any individual or group of individuals for any reason. AmeriCorps is committed to treating all persons with dignity and respect. AmeriCorps prohibits all forms of discrimination based upon race, color, national origin, gender, age, religion, sexual orientation, disability, gender identity or expression, political affiliation, marital or parental status, or military service. All programs administered by, or receiving Federal financial assistance from AmeriCorps, must be free from all forms of harassment. Whether in AmeriCorps offices or campuses, in other service-related settings such as training sessions or service sites, or at service-related social events, such harassment is unacceptable. Any such harassment, if found, will result in immediate corrective action, up to and including removal or termination of any AmeriCorps employee or volunteer. Recipients of Federal financial assistance, be they individuals, organizations, programs and/or projects are also subject to this zero tolerance policy. Where a violation is found, and subject to regulatory procedures, appropriate corrective action will be taken, up to and including termination of Federal financial assistance from all Federal sources.

Slurs and other verbal or physical conduct relating to an individual's gender, race, ethnicity, religion, sexual orientation or any other basis constitute harassment when it has the purpose or effect of interfering with service performance or creating an intimidating, hostile, or offensive service environment. Harassment includes, but is not limited to: explicit or implicit demands for sexual favors; pressure for dates; deliberate touching, leaning over, or cornering; offensive teasing, jokes, remarks, or questions; letters, phone calls, or distribution or display of offensive materials; offensive looks or gestures; gender, racial, ethnic, or religious baiting; physical assaults or other threatening behavior; or demeaning, debasing or abusive comments or actions that intimidate.

AmeriCorps does not tolerate harassment by anyone including persons of the same or different races, sexes, religions, or ethnic origins; or from a AmeriCorps employee or supervisor; a project, or site employee or supervisor; a non-employee (e.g., client); a co-worker or service member.

Supervisors and managers of AmeriCorps programs and projects, when made aware of alleged harassment by employees, service participants, or other individuals, must immediately take swift and appropriate action. AmeriCorps will not tolerate retaliation against a person who raises harassment concerns in good faith. Any AmeriCorps employee who violates this policy will be subject to discipline, up to and including termination, and any grantee that permits harassment in violation of this policy will be subject to a finding of non-compliance and administrative procedures that may result in termination of Federal financial assistance from AmeriCorps and all other Federal agencies.

Any person who believes they have been discriminated against in violation of civil rights laws, regulations, or this policy, or in retaliation for opposition to discrimination or participation in discrimination complaint proceedings (e.g., as a complainant or witness) in any AmeriCorps program or project, may raise his or her concerns with our Office of Civil Rights and Inclusiveness (OCRI). OCRI may be reached at (202)606-7503, (202)606-3472 (TTY), eo@cns.gov or www.nationalservice.gov.

DIVERSITY EQUITY AND INCLUSION

True North AmeriCorps and the Y values the diversity of our staff, members, site partners, and participants we serve. We value both the visible and invisible differences present without our Program. We believe we all must strive to create and nurture an environment that demands, engages, celebrates, and cultivates diversity.

By agreeing to be a Partner Site, you are committing to join our Program in this continuous process to cultivate an environment that is inclusive and respectful to those from all backgrounds and experiences. Any decisions or actions made by partner organizations that are not consistent with an environment of inclusivity will be seen as a breach of this Site Agreement and any further relationship between TNAC and the Partner Site could be terminated.
