INTRODUCTION TO ONLINE TESTING

BACKGROUND INFORMATION: In December, we participated in a limited opportunity with TEA to do the TAKS exit retest online. Principals, consultants, teachers and I have reviewed about 7 different companies for their online testing capabilities. A brief overview of these capabilities will be presented for your review. Later, a request for funding will be proposed.

TAKS Online

- In December, we participated in a limited opportunity with TEA to do the TAKS exit retest online.
- We learned a lot and we really liked the experience.
- Our students were not as successful as we would have liked, but they said they liked this form of testing.

Practice for Online Testing

- Principals, consultants, teachers and I have reviewed about 7 different companies for their online testing capabilities.
- We are getting pricing and determining which one we think would be best for our students.
- We will bring a proposal to the board for funding, and we estimate the cost will probably be \$80,000 to \$100,000.
