Dear School Board Members:

Students have been actively doing their subject work daily. The colony harvest season is over, on several days the students were involved in harvesting potatoes and assisting with the wheat cutting. Students are continuing to practice keyboarding. Mr. Holmes installed a new Smart interactive TV recently, thanks to Browning Public Schools. Halloween was enjoyed by the students of Big Sky colony, many spooks and scary costumes seen abounding around the Colony.

Students participated in the recent Montana apple munching healthy eating fest and Red Ribbon week. Mr. J. Andreas, Mrs. J. Conway-Librarian, Mr. V. Bullshoe, Mrs. C. Salois-SPED, BPS-Nursing staff are continuing to provide services, and Glacier Park Rangers visited also. Special thanks to all of them. The Big Sky School has the largest student population of the region's surrounding colonies, at 23 students.

Thanks,  
Willie Sharp  
Teacher, Big Sky Elementary
