

Resolution to transfer equipment between
the Natchez Trace Parkway and Tupelo Public School District

The Tupelo Public School District has found and determined that certain property would be better utilized by the Natchez Trace Parkway. The board has deemed this equipment to be nonessential to any instructional program and to be removed from the district inventory. The school board feels it is in the best interest of the school district to donate the equipment listed below to the Natchez Trace Parkway. This will enable the Natchez Trace Parkway to provide accessibility and accommodations to students wanting to use the Beech Springs Outdoor Classroom. Therefore, the Tupelo Public School District will enter into a **private treaty** with the Natchez Trace Parkway, a federal governing authority, to donate the following item(s):
