2024–25 Texas Academic Performance Report

These guidelines intend to help districts fulfill their legal responsibilities regarding the annual report of their educational performance and the Texas Academic Performance Report (TAPR). Please read these guidelines carefully.

These guidelines are not a substitute for districts' knowledge and full understanding of the Texas Education Code (TEC), §39.306 and §39.362, or 19 Texas Administrative Code (TAC), §61.1022. TEC §39.306, requires each district's board of trustees to publish an annual report that includes the PDF TAPR as well as the information summarized below under "Annual Report."

Statute, TEC §39.306, requires that each district's board of trustees hold a public hearing to discuss the district's annual report. Commissioner rule, TAC §61.1022, indicates this hearing for public discussion of the Texas Academic Performance Report must be held within 90 calendar days of receiving the PDF TAPR. Winter breaks do not count toward the 90 days. Within two weeks following the public meeting, each district must widely publish its annual report, in the same format as it was received from TEA.

- 1. Annual Report** The PDF TAPR comprises the main part of the district's annual report, and it must be published in the same format as provided by TEA. Districts may promote the online reporting system as well, but the annual report must use the PDF TAPR.
 - a. According to TEC, §39.306, in addition to the PDF TAPR, a district's annual report must include the campus performance objectives; the progress toward those objectives; district accreditation status with each campus awarded a distinction designation or has been identified as an unacceptable campus; the district's current special education compliance status (included in the district PDF TAPR cover page); information on violent or criminal incidents and prevention and intervention policies; findings that resulted from evaluations conducted under the Safe and Drug-Free Schools and Communities Act of 1994; information on the performance of the previous year's graduates in their first year of college as reported by the Texas Higher Education Coordinating Board (THECB) and the progress of the district; and each campus in the district toward meeting the goals set in the district's early childhood literacy and mathematics proficiency plans adopted under TEC, §11.185 and college, career, and military readiness plans adopted under TEC, §11.186. Districts may include supplemental information, such as a narrative describing their schools; additional data, charts, and diagrams; or an explanation of the data prepared by TEA.
 - b. Districts are encouraged to provide a copy of the *TAPR Glossary*. The glossary provides definitions, describes methodologies, and lists sources for each data point in the TAPR. The Spanish version of the glossary is scheduled for release in early 2026. Other materials provided by TEA, such as these guidelines, are intended for district or campus use but may be shared with the public.
- 2. PEIMS Financial Standard Reports (2023–24 Financial Actual Reports)** The financial section of the TAPR is provided by the State Funding Division. These reports can be accessed from a link on the last page of the TAPR or at <http://tea.texas.gov/financialstandardreports/>.

For more information on the financial reports, please contact the State Funding Division at (512) 463-9238.
- 3. District Accreditation Status** Each district's annual report must include the 2024–25 accreditation status. Information on accreditation status is available online at <http://tea.texas.gov/accredstatus/>.

2024–25 Texas Academic Performance Report

The report must also include any campuses that earned a distinction designation or has been identified as an unacceptable campus.

4. **Campus Performance Objectives** TEC, §11.253, requires each campus to have an improvement plan with performance objectives and to measure progress toward meeting these objectives. Both the objectives of each campus and each campus' progress toward meeting those objectives must be included in the district's annual report.
5. **Special Education Determination Status** (*district PDF TAPR only*) The annual report must include the district's special education determination status. The special education integrated intervention stage/determination status for each district is on the cover page of the report.
6. **Report on Violent or Criminal Incidents** The annual report must include information about violent or criminal incidents that occur on each campus. Each district determines the format of its report but must include the following:
 - The number, rate, and type of violent or criminal incidents that occurred on each campus, to the extent permitted under the Family Educational Rights and Privacy Act
 - Descriptions of school violence prevention and violence intervention policies and procedures used to protect students
 - Findings from evaluations conducted under the Safe and Drug-Free Schools and Communities Act

For more information about the reporting of violent or criminal incidents during the Office of Civil Rights data collection, please visit <https://ocrdata.ed.gov/>.

7. **Student Performance in Postsecondary Institutions** TEC, §51.403(e), requires postsecondary institutions in Texas to report student performance during the first year of enrollment after high school graduation to the high school from which students graduated. Districts must include this information in the annual report.

The THECB publishes a report listing this information for each high school in Texas (sorted by county and district) on its [website](#). The first page explains the purpose of the report and data calculation methods. Please note that THECB's tentative timeline for releasing the updated report is mid-January 2026.

If data for a district are masked due to small numbers of students, that district should still publish its section of the report, showing the masked data, just as it would publish any data that are masked in the TAPR. Questions about accessing these reports should be directed to the THECB at (512) 427-6153.

8. **Progress Toward Meeting HB 3 Goals** TEC, §39.306(a)(8) states the Annual Report is to include the progress of the district and each campus in the district toward meeting the goals set in the district's:
 - (A) early childhood literacy and mathematics proficiency plans adopted under Section 11.185;
and
 - (B) college, career, and military readiness plans adopted under Section 11.186.

- 9. Public Hearings** Statute requires that districts hold a hearing for public discussion of the annual report within 90 calendar days of the date of the release of the PDF TAPR. Districts may combine the hearing with a regularly scheduled meeting of the local board of trustees. Districts must notify property owners, parents, and others in a parental relationship to students of the hearing. This notification, which can be in the form of a press release, must be made available to local print and electronic media (i.e., newspaper, radio, and television). It must clearly state the date, time, and place.
- 10. Accessing the PDF TAPR** The TAPR is available on the TEA public website (<https://tea.texas.gov/perfreport/tapr/index.html>). The PDF TAPR is designed to allow for two-sided printing. Blank pages have been added after the cover page and where needed to ensure that each report is an even number of pages.
- 11. Publishing the Report** A district can upload its PDF TAPR to the district website or direct others to the TAPR on the TEA website. To accommodate those without internet access, a copy of the annual report should be made available in public places, such as school offices, local businesses, or public libraries. Districts may also distribute copies through email, standard mail, or by sending the reports home with students. *Each district is responsible for finding the most efficient method of making the annual reports widely available to the public.*
- 12. Requirement for Notice on District Website** TEC, §39.362, requires each district to post the most recent PDF TAPR on its website by the 10th instructional day of the school year. This responsibility is **separate** from widely releasing the annual report to the public. This means for the 2025-26 school year, the 2023-2024 TAPR was posted on District websites as it is the most recent.
- 13. Data Modification** By the time the TAPR is published, the window to correct inaccurate data submitted by a district has already closed. Districts must correct PEIMS data used in the TAPR per the procedures described in the *Texas Education Data Standards*. Districts must submit corrections for STAAR results, college admissions test data, Advanced Placement tests, or International Baccalaureate tests to the appropriate testing contractor. Districts are also afforded an opportunity to correct data associated with College, Career, and Military Readiness (CCMR) via the CCMR Verifier prior to finalization. A district may include in its annual report an explanation of any discrepancies between the TAPR and locally computed data.
- 14. Summary Report** In addition to publishing the complete PDF TAPR in its annual report, a district can develop and release a summarized report showing performance on key indicators. This summary must clearly indicate where and how to obtain a copy of the full report.
- 15. Common Questions** Districts are encouraged to make a copy of the *TAPR Glossary* available locally. The glossary provides definitions, describes methodologies, lists data sources, and answers many of the most commonly asked questions. Following are some of the most common causes of perceived inaccuracies in the TAPR or discrepancies between state and local data.

2024–25 Texas Academic Performance Report

- **Time Frame** The time of data collection varies from indicator to indicator. For example, test scores for the ACT and SAT may be from tests taken when graduating seniors were juniors, or even sophomores. The *TAPR Glossary* provides additional information on data sources.
- **PDF and Online System Data Sources** The PDF TAPR compiles data sets at a specific point in time to create an annual statistic. Districts that maintain cumulative or dynamic sets of similar information, such as student enrollment, may show different results.
- **The Accountability Subset** The PDF TAPR includes the 2024 and 2025 STAAR results of only those students enrolled in the campus or district as of the previous PEIMS October snapshot. See the *TAPR Glossary* for a more complete explanation of the accountability subset criteria.
- **Masking** The TAPR applies masking rules to STAAR assessment results and other performance indicators when needed to comply with the federal Family Educational Rights and Privacy Act. For more information on masking rules and symbols, please see the explanation of masking on the TEA website at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2025/masking.html>.

16. Recommended Meetings Beyond The requirement to widely publish the district annual report and PDF TAPR, a superintendent may encourage principals to meet with staff to discuss their campus report and, following public discussion, schedule presentations of the information at meetings of local parent-teacher organizations.

1.1.3 Science SMART Goal: By May 2026, Norman Junior High science teachers will increase student understanding of grade-level TEKS—as measured by TEKS Ready exams in 6th and 7th grade and the STAAR test in 8th grade—by implementing targeted instructional practices. Teachers will evaluate released STAAR and EOY exam questions and create similar classroom assessments to build familiarity with rigor and format. Additionally, teachers will use the Solution Tree 15-Day Challenge to analyze TEKS for appropriate rigor and frequency, ensuring alignment between instruction, practice, and assessment.					
1.1.4 Social Studies SMART Goal: By May 2026, Norman Junior High history teachers will increase student understanding of grade-level TEKS—as measured by TEKS Ready exams in 6th and 7th grade and the STAAR test in 8th grade—by implementing targeted instructional practices. Teachers will evaluate released STAAR and EOY exam questions and create similar classroom assessments to build familiarity with rigor and format. Additionally, teachers will use the Solution Tree 15-Day Challenge to analyze TEKS for appropriate rigor and frequency, ensuring alignment between instruction, practice, and assessment.					
Fidelity Check and Resources: Teachers will post appropriate lessons to their Google Classroom which will be monitored by Admin on a weekly basis. Admin will conduct a minimum of 20 walkthroughs per week to ensure quality Tier 1 instruction as measured by the Fundamental 5, instructional use of ELPS strategies and implementation of appropriate curriculum, as shown on the campus curriculum management documents. Teachers will track student data and assist students in setting exam goals, monitoring results and understanding individual growth goals. Teachers will be supported through bi-weekly PLC meetings with Admin to monitor and adjust instruction based on student performance. Each grade level will also meet as a team at least once a week to ensure alignment and effective collaboration is taking place throughout the team.

1.2 Maintain high standards for graduates earning College, Career, and/or Military (CCMR) indicators. SMART Goal: By the end of the 2025-2026 school year, 100% of our 8th grade students will be introduced to the CTE programs at the High School so that they are well-prepared to select their High School pathway. This goal will be attained by providing the Career Investigations classes, the Morrowland experience, maintaining the TV in the cafeteria to broadcast the CTE High School programs, reinstalling a designated time for 8th graders to get High School CTE exposure during a school day in the Spring, and continuing to push out the information about the High School's Winter Welcome to our 8th graders and their parents. Mr. Morrow teaches Career Investigations that introduces students to various career paths. Students take several field trips that include opportunities for them to get real-time perspectives of career options. This includes visiting the hospital, Brookshires, the fire department, etc. This class also gives students access to participating in Morrowland where students create a product, advertise for it, and sell their wares to their peers once a semester. The TV in the cafeteria broadcasts the high school CTE programs in order to immerse our students in that information and get them excited about what opportunities high school holds. We are in the planning stages to reinstall the opportunities for our 8th graders to get exposure to the high school's CTE programs before they select their high school pathway. We provide and push out the information about the High School's Winter Welcome to our 8th graders and their parents that happens in January or February in order to encourage our students to attend to gain more information about CTE opportunities as a High School student.

We will continue to facilitate and provide our 8th grade students with the opportunity to meet with their high school counselor at a scheduled appointment in the Spring along with their parents in the Jr. High library to discuss and decide their high school pathway in preparation for their high school and CTE experiences.

1.3 SMART Goal: The goal for this school year is to reduce the percentage of student discipline placement to fall below the 2%. This will be attained by providing valuable training for teachers on classroom management strategies that reduce student behavior problems, continue to implement the missing work intervention plan with fidelity, lean on Mrs. Reed for support with students who have behavioral plans, and continue to educate all of our students on expectations and how to meet them. During inservice, Lead4Ward provided the teachers with a day of classroom management training, which focused on increasing student engagement and teacher classroom procedures to help reduce student behavior issues. Also during inservice, Mr. Jones gave training to our teachers on how to best meet the needs of our special education and students with behavioral plans. This gives the teachers tools to engage and work with students who, at times, present classroom management hurdles. The campus has implemented a missing work intervention plan that requires the teachers to assign tutoring to students with	Formative (Lead Measures)		Summative (Lag Measures)

A new assistant was hired that has extensive special education knowledge and is working with our students with behavioral issues and their teachers to reduce problematic occurrences in the classroom.

On the first day of school, the administrators go over Important Topics with all students in order to educate them on the campus expectations and give them the information they need to avoid discipline problems throughout the school year.

Currently, our campus budget totals \$284,250. Of that, for this school year, 77% is budgeted for direct instructional purposes and an additional 12% is budgeted for extra curricular purposes. This means that 89% of our budget is allotted directly for student services with an emphasis on instruction. To be specific, \$37,000 is allotted for professional development. The goal is for the campus to spend the allotted \$37,000 for professional development specifically to enhance our campus' instructional strategies with a focus on English Language Learners, effective classroom management strategies and response to student data training for teachers. By providing these resources to support teachers and students, there will be an increase in student mastery rates by the completion of the 2025-2026 school year.

4.1 By the end of the 2025-2026 school year, the principal's goal is for at least 95% (from 92%) of parents to agree that their child is receiving a high quality education at this school. Last year, 92% reported they felt this way. We will meet this goal by continuing to celebrate and recognize the great things happening on campus, amongst our staff, and our student successes. The principal's goal is to share at least one positive thing going on within the school a week via the campus social media outlets. The principal's goal is also to share at least one post that includes student pictures to highlight the hard work and achievement of our student body. The campus will continue to recognize Character Wall announcements weekly and calculate Pride Points by grade level for every quarter based on student behavior. The campus will continue to reward the grade level with the most outstanding good behavior (highest Pride Points) with a party at the end of each Quarter. These calculations include taking Pride Points away for tardies and number of discipline referrals and adding Pride Points for exemplary individual and group student behaviors. Teachers will continue to implement the Missing Work Intervention Plan campus-wide to ensure students' needs are being met with fidelity. This plan includes required parent communication on the part of the teacher to ensure parents are well-informed and can help support their child's success. Teachers offer tutoring at least twice a week for any student or parent who may need it or request the extra help. Discipline occurrences, tardies, and attendance are 100% transparent for parents to access via the Skyward Parent Portal. The campus will continue to hold and participate in campus and district family outreach events including the Lions' Family Fiesta and the Tamale Fest. The campus' goal is to, again, this year send a holiday card to every child within the school from a teacher or staff member in December.	Formative (Lead Measures)		Summative (Lag Measures)

The campus will also begin to push out a monthly calendar that goes home with students and is posted on our social media outlets that provides important dates and events happening each month. This will support a high level of community awareness and increased involvement.

A meeting is planned with the high school to work on reinstalling a school day for CTE exposure for the 8th graders. We will also continue to push out the information to our 8th graders and their families about the Winter Welcome that gives them the opportunity to get additional information about those programs as 8th graders and their families start to think about and plan for their high school experience.

Objective 1.1.1 Increase the percentage of students reaching the "Meets" standard for English Language Arts (ELAR).

SMART Goal: By May 2026, GCHS will increase student proficiency in English Language Arts (ELAR) by utilizing evidence-based curriculum aligned with Texas Standards. Teachers will embed ongoing reviews of key skills (e.g., inference, text evidence, author's purpose, etc.) throughout the year. Teachers will model with exemplars, using high-scoring student responses to show what "Meets" and "Masters" look like in reading and writing. Teachers will use assessment data to identify which standards are consistently underperformed on and reteach using different strategies. Teachers will monitor student progress with daily writing practice and provide frequent, actionable feedback to improve analytical writing.

Fidelity Measures:

- Accelerated Instruction hours will be assigned and documented for all students who have not demonstrated mastery of ELAR STAAR content.
- Frequent walk-through monitoring
- Incorporate daily short constructed responses and essays using real test prompts.
- Foster growth mindset culture to encourage persistence and risk taking.
- Teachers will offer after school tutorials for any student in need.
- Teachers will conduct item-level analysis of state or benchmark testing to identify gaps, misconceptions, or curriculum alignment issues.
- Teachers will monitor all available data to guide reteaching and enrichment as needed.

1.1.3 Increase the percentage of students reaching the "Meets" standard for Biology. SMART Goal: By April 2026, GCHS science teachers will increase student understanding of grade-level TEKS for the core science courses by implementing targeted instructional practices. Students will utilize claim-evidence-reasoning strategies to investigate and understand scientific concepts and theories. Improvement will be documented using formative assessments of student science journals on a bi-weekly basis. Additionally, students will complete the Biology skill plan for the redesigned STAAR test in IXL. Teachers will monitor IXL progress on a daily basis, checking for understanding and addressing trouble areas as they arise. Prior to state testing dates, instruction will focus on Lowman’s 10 day Biology STAAR preparation boot camp. Fidelity Measures: - Accelerated Instruction hours will be assigned and documented for all students who have not demonstrated mastery of Biology STAAR content. - Biology Google Classroom that is monitored by admin - Frequent admin walkthroughs - Teachers will conduct item-level analysis of state or benchmark testing to identify gaps, misconceptions, or curriculum alignment issues. 1.1.4 Smart goal for Social Studies By January 2026 and again by May 2026, GCHS students will study one of the ten major eras in U.S. History weekly, for ten weeks, and will complete daily bell ringers in Google Classroom. Report of 2022-2023 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2024

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2022-2023 high school graduates who attended public four-year and two-year higher education in FY 2024. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2023, spring 2024, and summer 2024 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2024, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2024 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at <http://www.txhighereddata.org/Interactive/HSCollLink>. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

Please note: In May 2012 the 2006-2007, 2007-2008, and 2008-2009 versions of the *Report of High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education* were updated to reflect a minor correction in how the GPA data are distributed across ranges.

Cover Page

2025 Accountability Rating: The overall rating earned by the district or campus for 2025.

2025 Special Education Determination Status (district TAPR only): This label represents an integrated determination level status based on an evaluation of each local educational agency's (LEA) Results Driven Accountability (RDA) indicators in the special education program area and four Federally Required Elements (FREs), which include the State Performance Plan (SPP) compliance indicators 9, 10, 11, 12, and 13; data integrity; uncorrected noncompliance; and financial audit findings. Each LEA receives one of four special education determination levels (DLs):

Meets Requirements

Needs Assistance

Needs Intervention Needs

Substantial Intervention

2025 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration) (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter. (*Data source: PEIMS ArmedServicesVocAptBattery E1625*)

Performance

STAAR: A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

Other Important Information:

STAAR (with and without accommodations) and STAAR Alternate 2. The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

Spanish STAAR. All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

Rounding of STAAR results. STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

Masking. STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2025/masking.html>.

Progress (Annual Growth, Accelerated Learning and STAAR Progress Measure)

School Progress Domain—Annual Growth is the percentage of students who grew academically by at least one school year. For STAAR assessments (with or without accommodations), annual growth is measured by a transition table. Individual student growth is calculated as the change between Low Did Not Meet Grade Level, High Did Not Meet Grade Level, Low Approaches Grade Level, High Approaches Grade Level, Meets Grade Level, and Masters Grade Level performance from the prior year to the current year.

School Progress Domain—Accelerated Learning is the percentage of students who earned Did Not Meet Grade Level in the prior year and were accelerated to Approaches Grade Level or above in the current year.

The above measures were used to determine the Annual Growth and Accelerated Learning in the Bilingual Education/ESL report.

Bilingual Education/ESL

Bilingual Education (BE): Dual-language program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the development of literacy and academic skills in the primary language and English. This category includes the following:

- *BE Trans Early Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than two or later than five years after the student enrolls in school.
- *BE Trans Late Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school.
- *BE Dual Two-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are integrated with non-EB/non-EL students and are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in English and

another language with at least half of the instruction delivered in the non-English program language for the duration of the program.

- *BE Dual One-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in the students' primary language as well as English, with at least half of the instruction delivered in the students' primary language for the duration of the program.

English as a Second Language (ESL): An English acquisition program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the integrated use of second language acquisition methods. This category includes the following:

- *ESL Content-Based.* An English acquisition program that serves students identified as EB students/ELs through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies.
- *ESL Pull-Out.* An English program that serves students identified as EB students/ELs through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model.

Alternative Language Program (ALP): An alternative language program provided to emergent bilingual (EB) students/English learners (ELs) for whom the local education agency (LEA) does not have the appropriately certified teachers for the required bilingual education or English as a second language (ESL) program for the current school year. This category includes the following:

- *ALP Bilingual (Exception).* An alternative language program to the required bilingual education (BE) program approved by the TEA for the current school year due to the LEA's submission of a bilingual education exception application.
- *ALP ESL (Waiver).* An alternative language program to the required English as a second language (ESL) program approved by the TEA for the current school year due to the LEA's submission of an ESL waiver application.

Emergent Bilingual (EB) Students/English Learner (EL): The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. As a result of the 87th Texas Legislature, the term "emergent bilingual student" replaced the term of "limited English proficient (LEP) student" used in the Texas Education Code (TEC), Chapter 29, Subchapter B, and thus, will be changing the term of "English learner (EL)" used in 19 TAC Chapter 89, Subchapter BB. These terms describe the same group of Texas students. In the revised Texas Education Data Standards (TEDS), the terms of "emergent bilingual" and "English learner" have been bridged as EB/EL. The term "English learner" is still used in federal regulations and guidance. This category includes:

- *EB/EL with Parental Denial.* Students identified as emergent bilingual (EB) students/English learners (ELs) whose parents have denied all bilingual and ESL program services.
- *Never EB/EL.* Students who have never been identified as EB students/ELs (non-EB/non-EL students).

2024–25 Texas Academic Performance Report

(TAPR) Glossary

- *Total EB/EL (Current)*. Students currently identified as EB students/ELs, including those served in a standard or alternative bilingual or ESL program as well as those with a parental denial of services.
- *Monitored & Former EB/EL*. Students who were once identified as EB students/ELs but have reclassified as English proficient, including students within their four years of state and federal monitoring and those beyond monitoring years.

STAAR Participation (2024–25)

This Texas Academic Performance Report (TAPR) provides the State Assessment participation rate as used in State Accountability. This participation rate includes students who are considered participants for state reporting purposes but are excluded from the federal participation rate. The report details the participation rate by All Tests, Reading, Mathematics, Science, Social Studies, and Accelerated Testers and which assessments and students are included or excluded from accountability.

Assessment Participants

- STAAR Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "S."
- STAAR Alternate 2 Assessments:
 - Includes assessments with a score code of "N."
- STAAR Reading Language Arts (RLA) Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S."
- STAAR Mathematics Assessments:
 - Includes assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S" for year 1 asylees/ refugees or students with interrupted formal education (SIFEs).
- Accelerated Testers:
 - This includes Evidence-Based Reading and Writing (EBRW) SAT, English Language Arts (ELA) ACT, ACT science, and mathematics SAT and ACT results for students who complete a STAAR End-of-Course (EOC) assessment at the Approaches Grade Level or above in Algebra I, English II, and/or Biology before grade 9.

Included in Accountability:

- This represents the state assessment participation rate used in state accountability measures.
- Includes all of the participants listed above, except for students classified as "Mobile" or under "Other Exclusions."

Not Included in Accountability:

- *Mobile*: Refers to the percentage of assessments excluded from the "Included in Accountability" rate because the students enrolled in the district or campus after the Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) fall snapshot date.
- *Other Exclusions*: Refers to the percentage of assessments excluded from the "Included in Accountability" rate for the following reasons:

2024–25 Texas Academic Performance Report (TAPR) Glossary

- STAAR Assessments (STAAR and STAAR Alternate 2) with score codes "A" or "O" that do NOT have a corresponding TELPAS or TELPAS Alternate assessment with a score code of "S."
- STAAR Alternate 2 assessments with a score code of "N."
- Answer documents of students who are an Emergent Bilingual/English learner (EB/EL) who has been in school in the U.S. for one year.
- Other exclusions specified in the 2025 Accountability Manual — [Appendix G](#).

Not Tested

- Assessments that are not considered in the participation rate include:
 - Absent: Assessments with a score code of "A."
 - Other: Assessments with a score code of "O."
 - Accelerated Testers: Accelerated testers who did not take an SAT/ACT assessment.

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%.

Attendance, Graduation, and Dropout Rates (2024–25)

Attendance Rate: The percentage of days that students were present based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation.

Attendance is calculated as follows:

total number of days that students in grades 1–12 were in membership during the 2023–24 school year

(Data source: PEIMS 42400)

Chronic Absenteeism: The unduplicated number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days. Chronic Absenteeism is calculated as follows:

total number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days during the 2023–24 school year

total number of K–12 students enrolled for at least 10 days during the 2023–24 school year

(Data source: PEIMS 42400)

Annual Dropout Rate: The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

2024–25 Texas Academic Performance Report

(TAPR) Glossary

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided services by an open-enrollment charter school exclusively as the result of having been detained at the facility
- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services
- Is a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

Annual Dropout Rate (Gr 7–8). This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2023–24 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2023–24 school year}}$$

Annual Dropout Rate (Gr 9–12). This includes grades 9 through 12. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9–12 during the 2023–24 school year}}{\text{number of students in grades 9–12 in attendance at any time during the 2023–24 school year}}$$

2024–25 Texas Academic Performance Report

(TAPR) Glossary

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the Secondary School Completion and Dropouts in Texas Public Schools reports, available on the TEA website at [Completion, Graduation, and Dropout | Texas Education Agency](#).

For detailed information on data sources, see Appendix H in the [2025 Accountability Manual](#). (Data source: PEIMS 40203, 40110, 42400, and 42500)

Longitudinal Rates: The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2020–21. They are followed through their expected graduation with the Class of 2024.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2019–20. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2023.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2018–19. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2022.

Additional Information on Cohorts:

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2020–21 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2020–21 but takes 5 years to graduate (i.e., graduates in May 2025) is still part of the 2024 cohort; he or she is not switched to the 2025 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2024. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

4-Year Longitudinal Rate

** The cohort in the denominator above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, or 90. Students with leaver codes 88 and 89 are included in the federal rates.

A student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district is excluded from district and campus graduation rates calculated for federal accountability purposes. Students served by special education who graduate with an individualized education program (IEP) are included as graduates.

College, Career, or Military* Readiness (CCMR) (2024–25)

Annual graduates demonstrate college, career, or military readiness in any one of the following ways:

College Readiness

- 1) **Texas Success Initiative (TSI) Criteria:** Meet Texas Success Initiative (TSI) Criteria in RLA and Mathematics. A student meeting the TSI college readiness standards in both RLA and mathematics; specifically, meeting the college-ready criteria on the TSIA1 and/or TSIA2 assessment, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014 and TEC §51.338, in both RLA and mathematics. The

2024–25 Texas Academic Performance Report (TAPR) Glossary

criteria for successful completion of a college prep course should be in alignment between an LEA and the partnering IHE(s). In accordance with TEC §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported as successfully completing a course if they have met TSI exemption requirements. The assessment results considered include TSIA1 and/or TSIA2 assessments through October 2024, SAT and ACT results through the July 2024 administration, and course completion data via TSDS PEIMS. See Appendix H for additional information. A student must meet the TSI requirement for both RLA and mathematics but does not necessarily need to meet them on the same assessment. For example, a student may meet the TSI criteria for college readiness in RLA on the SAT and complete and earn credit for a college prep course in mathematics. *(Data source: PEIMS 43415, THECB, College Board, and ACT, Inc.)*

- 2) **Earn Dual Course Credits:** A graduate completing and earning credit for at least three credit hours in ELA or mathematics or at least nine credit hours in any subject. *(Data source: PEIMS 43415)*
- 3) **Meet Criteria on Advanced Placement (AP)/International Baccalaureate (IB) Examination:** A graduate meeting the criterion score on an AP or IB examination in any subject area. Criterion score is 3 or more for AP and 4 or more for IB. *(Data source: College Board or IB)*
- 4) **Earn an Associate Degree:** A graduate earning an associate degree by August 31 immediately following high school graduation. *(Data source: PEIMS 40100)*
- 5) **Earn OnRamps Course Credits:** A graduate completing an OnRamps dual enrollment course and qualifying for at least three hours of university or college credit in any subject area. *(Data source: OnRamps program)*
- 6) **Graduates under an Advanced Diploma Plan and Identified as a current Special Education Student:** A graduate who is identified as receiving special education services during the year of graduation and whose graduation plan type is identified as a Recommended High School Plan (RHSP), Distinguished Achievement Plan (DAP), Foundation High School Plan with an Endorsement (FHSP-E), Foundation High School Plan with a Distinguished Level of Achievement (FHSP-DLA), or Texas First Early High School Completion Program (Texas First-DLA) *(Data source: PEIMS 40203 and 40110)*

Career/Military Readiness

- 7) **Earn an Industry-Based Certification (IBC):** A graduate earning an IBC under 19 TAC, §74.1003 and earned credit in a level 2 course or higher in an aligned Program of Study applies to the 2024 graduates. Alignment is determined by the IBC Crosswalk, which maps approved IBCs to their corresponding Programs of Study. The student must have earned the IBC associated with the Program of Study and also met the phase-in requirement. See Appendix J for a complete list of approved IBCs. The sunset IBC limit applied within the Student Achievement and School Progress, Part B: Relative Performance domains is not applied within Closing the Gaps. For prior graduating class IBC requirements please refer to [“Chapter 2—Student Achievement Domain”](#). *(Data source: PEIMS 40100)*

Advanced/Dual-Credit Course Completion (Grades 9–12): The percentage of students who completed and received credit for at least one advanced or dual-credit course. Decisions about awarding high school credit for college courses are described in Texas Administrative Code §74.25.

Appendix A lists all courses identified as advanced courses. Courses for which a student can earn dual credit are not listed because they vary from campus to campus.

Course completion information is reported by districts through the PEIMS after the close of the school year. For example, the values, expressed as percentages for grades 9–12, are calculated as follows:

(Data source: PEIMS 43415)

Student Information (2024–25)

Please note, the Enrollment section of this report was added beginning with 2019–20. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year’s report to reports prior to 2019–2020, use the data displayed under Membership.

Enrollment: Students reported as enrolled as of the last Friday in October

Membership: Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

Total Students: The total number of public school students who were reported at any grade from early childhood education through grade 12. (Data source: PEIMS Student Entity)

Students by Grade: The count of students in each grade divided by the total number of students. (Data source: PEIMS StudentSchoolAssociation Entity)

Ethnic Distribution: The number and percentage of students who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Male/Female: The number and percentage of students who are identified as male or female. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Economically Disadvantaged: The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

$$\frac{\text{number of students eligible for free or reduced-price lunch or other public assistance}}{\text{total number of students}}$$

(Data source: PEIMS StudentEducationOrganizationAssociation Entity and TEA Student Assessment Division)

Non-Educationally Disadvantaged: Those students not eligible to participate in free or reduced-price lunch or to receive any other public assistance. This is the complementary count and percentage to Economically Disadvantaged.

Section 504 Students: The count and percentage of students identified as receiving section 504 services. *(Data source: PEIMS StudentEducationOrganizationAssociation Entity)*

Emergent bilingual students/English learner (EB/EL) : The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” (EL) and “Emergent Bilingual” (EB) are used interchangeably.

The percentage of EB/ELs is calculated by dividing the number of EB/ELs by the total number of students in the district or campus. Not all students identified as EB/ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

Students with Disciplinary Placements: The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

$$\frac{\text{number of students with one or more disciplinary placements}}{\text{number of students who were in attendance at any time during the school year}}$$

For 2024–25, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: PEIMS DisciplineAction Entity)*

Mobility: The count and percentage of students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

number of mobile students in 2023–24

**number of students who were in membership at any time during the
2023–24 school year**

This rate is calculated at the state, region, district, and campus level and is disaggregated by race/ethnicity, economically disadvantaged status, special education status, and emergent bilingual students/English learner status. The mobility rates shown are based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the same district or from outside the district. The region mobility rate reflects school-to-school mobility within the same region or from outside the region. *(Data source: PEIMS BasicReportingPeriodAttendanceExtension Entity)*

Attrition Rate: The percentage of students enrolled in fall 2022-23 who did not return to the same campus in the fall of 2023-24. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if the campus in which they were enrolled in 2022-23 did not offer the next grade they were expected to move into in 2023-24 or if they were at a campus in 2022-23 that was no longer active in 2023-24. Students who were retained in grade, including those in Grade 12, remained in the calculation.

Some campuses may not receive an attrition rate because all of their students are excluded from the attrition denominator due to their subsequent grade level not being offered at that campus in 2023-24. Examples of such campuses are campuses that serve single grade levels or campuses that changed the grades offered in 2023-24. Attrition Rate is calculated as follows:

2024–25 Texas Academic Performance Report (TAPR) Glossary

number of students enrolled in fall 2023 – number of students who returned in fall 2024

number of students enrolled in fall 2023

Aggregations of campus denominators and numerators are created for district, region and state levels, and rates for each of those levels are calculated from these sums.

Retention Rates by Grade: The percentage of students in Texas public schools who enrolled in fall 2024 in the same grade in which they were reported for the last six-week period of the prior school year (2023–24).

number of students enrolled in the same grade from one school year to the next

number of students enrolled from one school year who return the next year or who graduate

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR and TPRS show retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools](#) available from TEA. (*Data source: PEIMS StudentSchoolAssociation Entity*)

Data Quality (not on campus profile): The percentage of errors made by the district in the PEIMS Student Leaver Data.

Percent of Underreported Students. Underreported students are 7th–12th graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas public school district, or returned to the district by the end of the school start window. (For 2023–24 the end of the school-start window was September 27, 2024)

Class Size Averages by Grade and Subject: The average class size by grade (elementary) or selected subjects (secondary classes).

2024–25 Texas Academic Performance Report

(TAPR) Glossary

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, the average is determined based on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the “SR” prefix are not included.
- Teacher roles coded as “teacher” and/or “substitute teacher” are included.
- Only class settings coded as “regular class” are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

Staff Information (2024–25)

Total Staff: The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Professional Staff: The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Educational Aides: The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed

2024–25 Texas Academic Performance Report

(TAPR) Glossary

as a percentage of the total staff FTEs. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS StaffEducationOrganizationAssignmentAssociation Entity and StaffSectionAssociation Entity)*

Auxiliary Staff *(not on campus profile)*: The count of full-time equivalent (FTE) staff reported in PEIMS employment and payroll records who are not reported in the PEIMS StaffEducationOrganizationAssignmentAssociation or StaffSectionAssociation Entities. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: PEIMS PayrollExt Entity and StaffEducationOrganizationEmploymentAssociation Entity)*

Librarians and Counselors (Headcount): The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, if an FTE count is less than or equal to .85, the part-time headcount is equal to 1). Counselor includes PEIMS Staff Classifications 008 and 117. Librarian includes PEIMS Staff Classifications 013.

Librarians and counselors are headcounts, not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report, the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix B for PEIMS Staff Classifications (Professional Support Staff). *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Total Minority Staff: The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Ethnicity and Sex: The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Highest Degree Held: The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Teachers by Years of Experience: The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)

Number of Students per Teacher: The total number of students divided by the total teacher FTE count.

(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)

Experience of Campus Leadership: The average years of experience for principals and assistant principals.

Average Years as Principal: The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

Average Years as Principal with District: The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

Average Years as Assistant Principal: The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

Average Years as Assistant Principal with District: The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

(Data source: PEIMS StaffEducationOrganizationEmploymentAssociation Entity)

Average Years Experience of Teachers: The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. *(Data source: PEIMS PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*

Average Years Experience of Teachers with District: The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: PEIMS StaffEducationOrganizationEmploymentAssociation Entity)*

Average Teacher Salary by Years of Experience (regular duties only): Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS PayrollExt Entity)*

2024–25 Texas Academic Performance Report

(TAPR) Glossary

Average Actual Salaries (regular duties only): For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix B for lists of the PEIMS staff classifications included in each category.

Teachers. Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

Professional Support. Therapists, nurses, librarians, counselors, and other campus professional personnel.

Campus Administration (School Leadership). Principals, assistant principals, and other administrators reported with a specific school ID.

Central Administration (not on campus profile). Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

Instructional Staff Percent (district profile only): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2024–25 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Contact the Division of Financial Compliance at (512) 463-9095 for further details about this measure. (Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)

Turnover Rate for Teachers (not on campus profile): The percentage of teachers from the fall of 2023–24 who were not employed in the district in the fall of 2024–25. It is calculated as the total FTE count of teachers from the fall of 2023–24 who were not employed in the district in the fall of 2024–25, divided by the total teacher FTE count for the fall of 2023–24. Teachers include PEIMS Staff Classifications (Role IDs) 087 and 047. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (Data source: PEIMS 2023-2024 PEIMS 30040 and 30090, 2024-2025 PEIMS Staff Entity StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)

Staff Exclusions (not on campus profile): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

Shared Services Arrangement (SSA) Staff are staff who work in schools located in districts other than their employing district or whose assigned organization (in PEIMS) shows a code of 751, indicating that

2024–25 Texas Academic Performance Report

(TAPR) Glossary

they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

Contracted Instructional Staff (District and Campus Profiles) refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. *(Data source: PEIMS ContractedInstructionalStaffFTEExt Entity and PayrollExt Entity)*

Contracted Instructional Staff: The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis. *(Data source: PEIMS ContractedInstructionalStaffFTEExt Entity)*

Teacher Incentive Allotment (TIA): The headcount of teachers who received incentive allotment per House Bill 3 and TEC Sec. 48.112 and average TIA payout by categories of Recognized, Exemplary and Master for the 2024-25 school year. *(Data source: Division of District Talent Systems)*

Teachers by Program (population served): The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: PEIMS Staff Entity, StaffEducationOrganizationEmploymentAssociation Entity, StaffEducationOrganizationAssignmentAssociation Entity, and StaffSectionAssociation Entity)*
