

MHS School Board Report

October 2025

Attendance

For the month of September our attendance rate was 89.51%. Friday attendance is quite a bit lower with all of the activities happening and student travel. I expect to see a bit of a dip as DDF and Wrestling get going.

We currently have 102 students enrolled at MHS.

I would also like to congratulate our XC team and coach Amanda Schooland on a great XC season.

Issues Within the High School

There has been an increase from the last couple years with vaping and coming to school high. I have given multiple suspensions for ISS and OSS.

Celebrations-

Programs continue to grow in number and in the ways that we are engaging students!

Thank You! To several staff for taking all of our juniors and seniors to Ketchikan for a college and career fair.

Home events of XC, Wrestling, and VB have kept our staff very busy!
