

March 6, 2018

Dear School Board,

February was a nice month at Glendale Elementary. We had 98.45% student attendance. The weather has been very cold and windy, and we're happy that it's warming up. We had a nice visit from the park rangers and they discussed Montana birds with the class. Students learned the difference between predator and prey birds. We've had visits from Mr. Andreas and the students enjoy all of the visits.

With the weather, road and school closures we have been concerned about people in Browning and surrounding areas. Hoping for better weather and safe roads. We're moving into spring and 8th grade students are anxious to graduate on May 18 at 12:30 pm. We hope that the school board is able to attend the graduation.

Thanks,  
Natasha Siliezar
